The Class A+, Class B, Class C, Class D and Class E (each Class of Notes, a "Class", and all Classes collectively, the "Issue" or the "Notes") of PROVIDE BLUE 2005-2 PLC (the "Issuer") are linked to the performance of a reference pool (the "Reference Pool") of certain residential loan claims for the payment of principal and interest (each such claim, a "Reference Claim") arising from certain mortgage loans originated by BHW Bausparkasse AG ("BHW" or the "Bank") (including its branches) and by the former BHW Allgemeine Bausparkasse AG which was merged into BHW with effect from August 1, 2003 and serviced by the Servicer. Each Reference Claim is secured by one or more first priority or subordinated mortgages (*Hypotheiken* or *Grundsschulden*) (the "Mortgages") on one or more residential properties located in Germany (each, a "Mortgaged Property") and in some cases by certain additional collateral. For the purposes of Loss Allocation such Mortgage or Mortgages (subject to customary real rights of use such as real servitudes (*Grunddienstbarkeiten*)) and any other collateral will be allocated to such Reference Claims as collateral as described herein (together, the "Reference Collateral") (see "DESCRIPTION OF THE REFERENCE POOL"). Certain characteristics of the Reference Claims and the Mortgages are described herein under "DESCRIPTION OF THE REFERENCE POOL". The initial aggregate Outstanding Protected Amount of the Reference Claims included in the Reference Pool as of the Cut-off Date was EUR 3,461,683,358.99.

The Notes are being issued as part of a transaction under the Programme "PROVIDE" set up by KfW.

Application has been made to the Irish Financial Services Regulatory Authority (the "IFSRA"), as competent authority under Directive 2003/71/EC, for the Prospectus to be approved. Application has been made to the Irish Stock Exchange for the Notes to be admitted to the Official List and trading on its regulated market. Upon approval of the Prospectus by IFSRA, the Prospectus will be filed with the Companies Registration Office in accordance with Regulation 38(1)(b) of the Prospectus (Directive 2003/71/EC) Regulations 2005.

This Prospectus constitutes a prospectus for the purpose of Directive 2003/71/EC of the European Parliament and of the Council (the "Prospectus Directive").

Deutsche Bank AG, London Branch (in this capacity, the "Lead Manager") will purchase the Notes from the Issuer on November 22, 2005 (the "Issue Date") and will offer the Notes, from time to time, in negotiated transactions or otherwise at varying prices to be determined at the time of sale. The Class A+ Notes will be privately placed.

## Arranger and Lead Manager

### Deutsche Bank AG, London Branch

The date of this Prospectus is November 15, 2005.

Given the complexity of the Terms and Conditions, an investment in the Notes is suitable only for experienced investors who understand and are in a position to evaluate the risks inherent therein.

**For a discussion of certain significant factors affecting investments in the Notes, see "RISK FACTORS".**

*For the reference to the definitions of capitalised words and phrases appearing herein see "Index of Defined Terms".*

**The payment of principal of and, due to potential principal reductions, interest on the Notes is conditional upon the performance of the Reference Claims as described herein. There is no guarantee that the Noteholders will receive the full principal amount of the Notes and interest thereon and ultimately the obligations of the Issuer to pay principal under the Notes could even be reduced to EUR 1 per Note as a result of losses incurred in respect of the Reference Claims.**

On the Issue Date, the Issuer will grant a pledge (*Pfandrecht*) to the Trustee over all its present and future claims and rights under the Certificates, which are certificates of indebtedness of KfW credit linked to the Reference Claims, as well as all its present and future claims and rights under the other Transaction Documents (other than the Noteholder Security Agreement, the Swap Agreements, the Account Agreement, the Administration Agreement and the Irish Security Agreement) to secure the Trustee Claim under the Trust Agreement. The Trustee Claim entitles the Trustee to demand that all present and future obligations of the Issuer under the Notes be fulfilled. On the Issue Date, the Issuer will also assign by way of security in favour of the Trustee all its present and future claims, right, title and interest in and to: the Administration Agreement, the Account Agreement and the Account to secure the Trustee Claim. See "THE TRUST AGREEMENT", "THE CERTIFICATES, COLLATERAL AND NOTEHOLDER COLLATERAL".

In addition to the Collateral, the Issuer will on the Issue Date grant a second, junior pledge (*nachrangiges Pfandrecht*) for each Note of a Class over all its present and future rights and claims under the corresponding Certificate to the Lead Manager as initial holder of the Notes purchased by it under the Subscription Agreement, to secure the Issuer's obligations under such Note. The second pledges securing the Notes of a particular Class will rank *pari passu* among each other. The Trustee's pledge on any Certificate will rank senior to all such second pledges in respect of such Certificate. The second pledges in respect of any Certificate may only be exercised if (i) the first pledge in favour of the Trustee in respect of such Certificate no longer validly exists or (ii) the Trustee has waived the first pledge or, in certain circumstances described herein, if (iii) no trustee is appointed in accordance with the Terms and Conditions. The second pledges will be accessory (*akzessorisch*) to the Notes and therefore upon the transfer of each Note the second pledge securing such Note will pass on to the transferee by operation of law and so benefit each subsequent holder of such Note in accordance with the Noteholder Security Agreement, subject to the applicable conflict of law rules. See "THE CERTIFICATES, COLLATERAL AND NOTEHOLDER COLLATERAL" and "THE NOTEHOLDER SECURITY AGREEMENT".

**Notwithstanding the Collateral and/or the Noteholder Collateral, the amount of principal of and, due to potential principal reductions interest on, the Notes may be reduced as a result of Realised Losses, Estimated Losses and Additional Losses incurred with respect to the Reference Claims and only the obligations of the Issuer to pay any amount of principal and interest determined to be due to the Noteholders in accordance with the Terms and Conditions, which may be reduced by such Realised Losses, Estimated Losses and Additional Losses will have the benefit of the Collateral and/or the Noteholder Collateral.**

Pursuant to the Trust Agreement the Trustee will, *inter alia*, verify the determinations and allocations of Realised Losses and Additional Losses and the allocation of Estimated Losses incurred in the Reference Pool in accordance with procedures set out in the Trust Agreement. See "THE NOTES - Loss Allocation" and "THE TRUST AGREEMENT".

The Notes will be governed by the laws of the Federal Republic of Germany ("**Germany**").

Each Class of Notes will be initially represented by a temporary global note in bearer form without interest coupons attached. The Temporary Global Note for each Class of Notes will be exchangeable, as described herein (see "THE NOTES - Notes") for a permanent global note in bearer form representing such Class of Notes without interest coupons attached. The Global Notes will be deposited with Clearstream Banking AG, Frankfurt am Main ("**Clearstream Frankfurt**"). The Temporary Global Notes will be deposited with Clearstream Frankfurt on or before the Issue Date.

Clearstream Frankfurt will hold the Global Notes in custody for the Clearstream Frankfurt Accountholders, including such Notes which are held through Euroclear Bank S.A./N.V. as operator of the Euroclear System ("**Euroclear**"), and Clearstream Banking, société anonyme ("**Clearstream, Luxembourg**").

The Notes may be transferred in book-entry form only. The Class B, Class C, Class D and Class E Notes will be issued in denominations of EUR 100,000 and the Class A+ Notes will be issued in denominations of EUR 50,000. The Global Notes will not be exchangeable for definitive securities.

Application has been made to the Irish Financial Services Regulatory Authority (the "**IFSRA**"), as competent authority under Directive 2003/71/EC, for the Prospectus to be approved. Application has been made to the Irish Stock Exchange for the Class A+ Notes, Class B Notes, Class C Notes, Class D Notes and Class E Notes to be admitted to the Official List and trading on its regulated market.

THE NOTES REPRESENT OBLIGATIONS OF THE ISSUER ONLY, AND DO NOT REPRESENT AN INTEREST IN OR OBLIGATIONS OF THE LEAD MANAGER, THE TRUSTEE, ANY OF THE AGENTS, THE DETERMINATION AGENT, THE SERVICER, THE BANK SWAP COUNTERPARTY, KFW OR ANY OF THEIR RESPECTIVE AFFILIATES OR ANY AFFILIATE OF THE ISSUER OR ANY OTHER THIRD PERSON OR ENTITY. NEITHER THE NOTES NOR THE REFERENCE CLAIMS WILL BE INSURED OR GUARANTEED BY ANY GOVERNMENTAL AGENCY OR INSTRUMENTALITY OR BY THE LEAD MANAGER, THE TRUSTEE, ANY OF THE AGENTS, THE DETERMINATION AGENT, THE SERVICER, THE BANK SWAP COUNTERPARTY, KFW OR ANY OF THEIR RESPECTIVE AFFILIATES OR BY ANY OTHER PERSON OR ENTITY EXCEPT AS DESCRIBED HEREIN. NEITHER THE LEAD MANAGER, NOR THE TRUSTEE, NOR ANY OF THE AGENTS, NOR THE DETERMINATION AGENT, NOR THE SERVICER, NOR THE BANK SWAP COUNTERPARTY, NOR KFW, NOR ANY OF THEIR RESPECTIVE AFFILIATES, NOR ANY AFFILIATE OF THE ISSUER, NOR ANY OTHER THIRD PERSON OR ENTITY, ASSUMES ANY LIABILITY TO THE NOTEHOLDERS IF THE ISSUER FAILS TO MAKE A PAYMENT DUE UNDER THE NOTES.

Class A+	500,000	EURIBOR* + 0.16%	DE000A0GHZR1
Class B	67,500,000	EURIBOR* + 0.33%	DE000A0GHZS9
Class C	41,900,000	EURIBOR* + 0.50%	DE000A0GHZT7
Class D	30,500,000	EURIBOR* + 0.70%	DE000A0GHZU5
Class E	15,500,000	EURIBOR* + 2.20%	DE000A0GHZV3

(\*) As determined on each EURIBOR Determination Date. See "THE NOTES - Payments of Interest - Interest Rates".

Payments of interest and principal on the Notes to the Noteholders will be made on each Payment Date.

The Notes will be redeemed on the Scheduled Maturity Date unless earlier redeemed as described herein and *provided that* if as of the end of the Collection Period immediately preceding the Scheduled Maturity Date any Overdue Reference Claims are outstanding certain Notes may remain outstanding after the Scheduled Maturity Date and payments will be made on such Notes on each Payment Date after the Scheduled Maturity Date as described herein. See "THE NOTES - Redemption", "- Early Redemption for Default" and "- Early Redemption by the Issuer".

Payments with respect to the Notes are to be made by the Issuer in euro and without deduction or withholding of taxes, unless otherwise required by law.

Neither the Notes nor the Certificates will provide for gross-up payments in the case that payments on the Notes and/or payments under the Certificates, under which the Issuer will receive the amounts necessary for the payments on the Notes as described herein, become subject to any deduction or withholding of taxes. See "THE NOTES - Taxes" and "THE CERTIFICATES, COLLATERAL AND NOTEHOLDER COLLATERAL".

The Issuer will redeem all of the Notes if the Certificate Termination occurs as a result of deduction or withholding of taxes with respect to payments on the Notes, the Certificates or any of the Swap Agreements. See "THE NOTES - Early Redemption by the Issuer".

In connection with the issue of the Notes,

- (i) BHW as protection buyer will enter into a credit default swap with KfW (the "**Bank Swap**" which term shall include any subsequent credit default swap between KfW as protection seller and a third party as protection buyer (BHW and each such third party, a "**Bank Swap Counterparty**")). Pursuant to the Bank Swap, KfW will pay to the Bank Swap Counterparty amounts equal to the Realised Losses, Estimated Losses and Additional Losses allocated pursuant to the Loss Allocation in excess of the Outstanding Threshold Amount;
- (ii) KfW will issue certificates of indebtedness credit linked to the Reference Claims (the "**Certificates**") signed by KfW as obligor and the Issuer as creditor under which KfW undertakes to pay to the creditor of the Certificates the principal amount and interest equal to the aggregate of the principal amounts and interest payable under the Notes subject to the conditions of the Certificates;
- (iii) the Issuer will use the proceeds from the issue of the Notes to purchase the Certificates from KfW on the Issue Date; and
- (iv) KfW as protection buyer intends to enter into a credit default swap (the "**Senior Swap**") with a counterparty (the "**Senior Swap Counterparty**"). Pursuant to the Senior Swap, the Senior Swap Counterparty will pay to KfW amounts equal to a specified multiple of the amounts by which the Class Principal Amount of the Class A+ Notes is reduced as a result of any Loss Allocation.

BHW may transfer the Reference Pool together with the relevant Reference Collateral to another person or entity (including KfW) at any time after the Issue Date. Such person or entity, if different from KfW, may, as protection buyer, enter into a Bank Swap with KfW as protection seller. Upon such transfer, the Bank Swap between BHW and KfW will be ended.

The allocation of Realised Losses, Estimated Losses and Additional Losses to the Notes and the Outstanding Threshold Amount as described herein will not be affected by the Senior Swap and the respective rights and obligations of KfW and the Senior Swap Counterparty thereunder, *provided that* in the case of a conflict of interest between the interests of the Senior Swap Counterparty and the Noteholders, priority will be given to the interests of the Senior Swap Counterparty and the holders of the Class A+ Notes, and then among the other Noteholders, to the interests of the Noteholders of the Class or Classes of Notes which rank most senior for the purposes of the Loss Allocation. See "THE TRUST AGREEMENT" and "REFERENCE POOL SERVICING".

The Class A+ Notes, Class B Notes, Class C Notes, Class D Notes and Class E Notes (the "**Rated Notes**") are expected to be rated by Fitch Ratings Ltd. ("**Fitch**") and Standard & Poor's Ratings Services, a division of The McGraw-Hill Companies, Inc. ("**S&P**" and together with Fitch, the "**Rating Agencies**"). It is a condition of the issue of the Notes that each Class of Rated Notes receives the rating indicated below:

<u>Class</u>	<u>Fitch</u>	<u>S&amp;P</u>
Class A+	AAA	AAA
Class B	AA	AA
Class C	A	A
Class D	BBB	BBB
Class E	BB	BB

The rating of "AAA" is the highest rating that Fitch and S&P assign to long term debt.

The rating of each Class of the Rated Notes by the Rating Agencies addresses the likelihood that the holders of such Class will receive all payments to which they are entitled, as described herein. The rating of each Class of the Rated Notes by the Rating Agencies addresses also the risk that a Realised Loss, Estimated Loss and/or Additional Loss will be allocated to such Class of Rated Notes pursuant to the Terms and Conditions as described herein. The rating by the Rating Agencies takes into consideration the characteristics of the Reference Claims and the current structural, legal, tax and Issuer-related aspects associated with the Notes. However, the ratings assigned to the Rated Notes by the Rating Agencies do not represent any assessment of the likelihood of principal prepayments. The ratings by the Rating Agencies do not address the possibility that the Noteholders might suffer a lower than expected yield due to prepayments. The Notes will have the benefit of the Collateral, including the Certificates, securing the Trustee Claim. A change in the long term unsecured debt rating of KfW as the supporting rating for the Certificates below the rating of the respective Class or Classes of the Rated Notes may affect the rating of the relevant Class or Classes of the Rated Notes by the Rating Agencies. See "THE CERTIFICATES, COLLATERAL AND NOTEHOLDER COLLATERAL" and "KfW".

A security rating is not a recommendation to buy, sell or hold securities and may be subject to revision or withdrawal by the Rating Agencies at any time.

There can be no assurance as to whether any other rating agency, other than the Rating Agencies, would rate the Notes or, if it did, what rating would be assigned by such other rating agency. The rating assigned to the Rated Notes by such other rating agency could be lower than the respective ratings assigned by the Rating Agencies.

The Notes constitute limited recourse obligations of the Issuer.

**PROVIDE** KfW's programme for residential mortgage loans securitisation. In order to expand its promotion of residential mortgage lending, KfW is sponsoring a synthetic securitisation programme of residential mortgage loans in connection with which the Notes are being issued. PROVIDE is set up as a standardised platform that can be used by various financial institutions to facilitate the efficient transfer of credit risk exposure on residential mortgage loans to the capital markets.

### **Payment of Interest and Principal**

On each Payment Date, the interest accrued during the applicable Interest Accrual Period at the per annum rate indicated herein for each Class of Notes will be payable on the Class Principal Amounts outstanding as of the immediately preceding Payment Date (after Loss Allocation, allocation of Late Recoveries, Unjustified Loss Allocation and payment of principal, if any, on such date) or the Issue Date (in the case of the first Payment Date) as described herein.

The amount of interest payable on the Notes may be reduced, due to potential principal reductions, as a result of Realised Losses, Estimated Losses and Additional Losses incurred with respect to the Reference Claims. See "THE NOTES - Payments of Interest" and "- Loss Allocation".

On each Payment Date, the Notes will be redeemed in an amount based on the sum of (i) the aggregate Principal Reductions during the Related Collection Period (as defined in "THE NOTES - Redemption - Amortisation of the Notes" and "- Loss Allocation - Order and Conditions", respectively) and (ii) the aggregate of the Outstanding Protected Amounts of all Reference Claims, or portions thereof, as relevant, removed from the Reference Pool during the Related Collection Period pursuant to "REFERENCE POOL PROVISIONS - Non-compliance" as follows:

(i) the Class A+ Notes will be redeemed in an amount equal to such sum multiplied by the A+ Reduction Factor; and

(ii) after the Class A+ Notes have been redeemed in full, the Class B Notes, the Class C Notes, the Class D Notes and then the Class E Notes, in this order sequentially, will be redeemed in an amount equal to such sum;

*provided that* if such sum, multiplied in the case of (i) above by the A+ Reduction Factor, exceeds the Class Principal Amount of the relevant Class of Notes, (x) such Class shall be redeemed only in the amount of such Class Principal Amount and (y) the amount of such excess, multiplied, if such excess results from the application of (i) above, by the A+ Increase Factor, shall constitute the "sum" for the purposes of calculating the redemption amount for the Class of Notes next to be redeemed pursuant to the order set out in (i) and (ii) above; and

*provided further that* the redemption amount allocated to each Class of Notes will be, in each case, calculated after the reduction of the Class Principal Amount(s) by allocation of Realised Losses, Estimated Losses and Additional Losses, if any, and the increase of the Class Principal Amount(s) as a result of allocation of Late Recoveries and/or Unjustified Loss

Allocation, if any, in each case on the relevant Payment Date. See "THE NOTES - Redemption - Amortisation of the Notes".

On any Payment Date following the Collection Period during which the Aggregate Principal Balance reduced by the aggregate of the Outstanding Protected Amounts of all Liquidated Reference Claims has been reduced to 12% or less of the Initial Aggregate Principal Balance, the Notes will, if KfW so elects, be redeemed sequentially pursuant to the order set out under (i) and (ii) above, in an amount equal to the excess, if any, of (A) the sum of (aa) the aggregate of the Note Principal Amounts of all Notes (multiplied in the case of the Class A+ Notes by the A+ Increase Factor) as of the calendar day preceding such Payment Date reduced by Realised Losses, Estimated Losses and/or Additional Losses allocated to such Notes as of such Payment Date and increased by any Late Recoveries or as a result of any Unjustified Loss Allocation procedure as of such Payment Date and (bb) the Outstanding Threshold Amount as of such Payment Date, over (B) 120% of the subtraction of (aa) the Aggregate Principal Balance and (bb) the aggregate of the Outstanding Protected Amounts of all Liquidated Reference Claims, *provided that* such excess amount shall in the case of the Class A+ Notes be multiplied by the A+ Reduction Factor. See "THE NOTES - Redemption - Amortisation of the Notes".

**Redemption - Scheduled Maturity Date**

The Payment Date falling on August 7, 2050. The Notes will be redeemed on the Scheduled Maturity Date unless earlier redeemed as described herein and *provided that* if as of the end of the Collection Period immediately preceding the Scheduled Maturity Date any Overdue Reference Claims are outstanding certain Notes may remain outstanding after the Scheduled Maturity Date and payments will be made on such Notes on each Payment Date after the Scheduled Maturity Date as described herein. See "THE NOTES - Redemption - Scheduled Maturity", "- Early Redemption for Default" and "- Early Redemption by the Issuer".

**Redemption - Legal Maturity Date**

The Payment Date falling on August 7, 2052. See "THE NOTES - Redemption - Legal Maturity".

**Early Redemption**

The Issuer shall redeem the Notes before the Scheduled Maturity Date as described herein (aa) on the date on which KfW exercises its prepayment option under the Certificates (i) upon the occurrence of a Regulatory Event, or (ii) upon the reduction of the Aggregate Principal Balance to less than 10% of the Initial Aggregate Principal Balance, or (iii) on the Payment Date falling in November 2013 or on any Payment Date thereafter, or (iv) upon the occurrence of a Tax Event, or (v) upon the termination of the Bank Swap upon transfer of the Reference Pool if no substitute Bank Swap is entered into upon such transfer, or (vi) if no Realised Losses, Estimated Losses and Additional Losses may be allocated pursuant to the Loss Allocation because (a) the obligations of the Determination Agent and/or the Servicer under the Transaction

Documents have not been complied with, and (b) in the reasonable judgement of KfW and subject to the consent of the Trustee, which shall not be unreasonably withheld, such non-compliance cannot be cured within a reasonable time, or (bb) on the tenth Business Day following the termination of the Mezzanine Tranche of the Bank Swap because of a Serious Cause or Insolvency. See "THE NOTES - Early Redemption by the Issuer".

Each Noteholder may declare due the Notes held by it by delivery of a written notice to the Issuer with a copy to the Trustee if a Default Event in respect of such Notes occurred, *provided that* the right to declare the Notes due in respect of any Default Event shall cease to exist if such Default Event has been cured before the right is exercised. In the event that any Noteholder exercises such right, the Issuer will redeem the Notes as described herein.

See "THE NOTES - Early Redemption for Default".

**Determination Date**

The 4th Frankfurt Business Day following the delivery date for the relevant Report pursuant to Clause 7 of the Trust Agreement.

**Collection Period**

With respect to the first Payment Date the period from (and excluding) the Cut-off Date until (and including) the last Servicer Business Day of the second calendar month preceding the month in which the first Payment Date occurs, and with respect to any subsequent Payment Date the period from the calendar day immediately following the last day of the previous Collection Period until the last Servicer Business Day of the second calendar month preceding the month in which the relevant Payment Date occurs (both days inclusive).

**Reference Pool**

On the Cut-off Date, the Reference Pool consisted of certain loan claims for the payment of principal and interest arising from 86,411 fixed rate, mortgage loans of the Bank. The loans bear interest at a rate that is initially fixed for a certain period, generally between 1 and 15 years, and at the end of this period the rate of interest is adjusted for a subsequent fixed rate period. The aggregate Outstanding Nominal Amount of the Reference Claims as of the Cut-off Date was EUR 3,901,014,166.41. The aggregate of the Outstanding Protected Amounts as of the Cut-off Date was EUR 3,461,683,358.99. The aggregate principal balance of the Building Savings Accounts maintained by the Borrowers in connection with the Reference Loans as of the Cut-off Date was EUR 399,418,802.57. The aggregate amount of the Auxiliary Collateral with regard to the Reference Claims as of the Cut-off Date was EUR 39,912,004.85.

Each Reference Claim is secured by one or more first priority or subordinated mortgages (*Hypotheken* or *Grundschulden*) (subject to customary real rights of use such as real servitudes (*Grunddienstbarkeiten*)) on one or more residential properties located in Germany, and in some cases certain other collateral.

For the purpose of Loss Allocation, such mortgages are allocated to such Reference Claim as collateral as described herein. See "DESCRIPTION OF THE REFERENCE POOL - Reference Mortgages" and "- Allocation of Payments and Foreclosure Proceeds".

However, Reference Claims may be removed from the Reference Pool, or a substitution effective as of the Cut-off Date may be made for certain Reference Claims, *prior* to the Issue Date. Any Reference Claim may be so excluded (i) as a result of principal prepayment thereof in full or (ii) if, as a result of late payments or otherwise, the Bank deems such exclusion necessary or desirable. This may result in changes to certain of the Reference Pool characteristics set out in this Prospectus. In the event that any of the characteristics of the Reference Pool on the Issue Date varies materially from those described herein, revised information regarding the Reference Pool will be made available to purchasers of the Notes and the Rating Agencies on or before such date.

As of the Cut-off Date, certain eligibility criteria with respect to each of the Reference Claims must be met. Reference Claims which did not meet such eligibility criteria as of the Cut-off Date may be removed from the Reference Pool after the Issue Date. The Reference Pool does not constitute a revolving pool of assets and therefore, it does not constitute an actively managed pool of assets. There have been no insurance policies provided for the direct benefit of the Issuer in relation to the Reference Claims.

For a detailed description of the Reference Pool, see "DESCRIPTION OF THE REFERENCE POOL - Reference Pool Provisions".

**Servicing of the Reference Pool** The Servicer will administer, collect and enforce the Reference Claims, including by way of Foreclosure on the related Reference Collateral.

The Servicer will service the Reference Claims in accordance with the Servicing Standards. See "REFERENCE POOL SERVICING".

**Servicing Standards** The standard credit and collection policies of the Servicer and certain specific servicing principles (the "**Servicing Principles**") are set out in this Prospectus. The Servicing Principles form part of the Terms and Conditions of the Notes.

See "REFERENCE POOL SERVICING".

**Loss Allocation** On each Payment Date, any Realised Losses, Estimated Losses and/or Additional Losses in respect of Reference Claims qualifying for the Loss Allocation will be allocated first to reduce the Outstanding Threshold Amount and then to reduce the Note Principal Amounts to EUR 1 per Note of the Class E Notes, Class D Notes, the Class C Notes and the Class B Notes,

in this order sequentially. Realised Losses, Estimated Losses and Additional Losses will be allocated to reduce the Note Principal Amount of the Class A+ Notes, only after the Note Principal Amount of the Class B Notes has been reduced to EUR 1 per Note, *provided that* only the product of the Realised Losses, Estimated Losses and/or Additional Losses and the A+ Reduction Factor shall be allocated to reduce the Note Principal Amount of the Class A+ Notes.

Realised Loss, Estimated Loss and Additional Loss will include any accrued interest, enforcement costs and expenses (excluding internal costs and expenses of the Servicer) in respect of each Reference Claim which becomes a Liquidated Reference Claim as described herein and any external costs and expenses in connection with payment rescheduling or debt restructuring in respect of such Reference Claim. See "THE NOTES - Loss Allocation".

Reference Claims with respect to which any of the Eligibility Criteria, Servicing Standards or, if relevant, the requirements for transfer of Reference Claims as set out in the Reference Pool Provisions are not complied with will not qualify for Loss Allocation, unless one of the exceptions described herein applies, and may be removed from the Reference Pool.

See "THE NOTES - Loss Allocation" and "DESCRIPTION OF THE REFERENCE POOL - Reference Pool Provisions - Non-compliance".

## **Certificates and Collateral**

On the Issue Date, the Issuer will purchase the Certificates from KfW pursuant to the Certificate Purchase Agreement.

The Certificates constitute unsecured and unsubordinated obligations of KfW, ranking *pari passu* among themselves and *pari passu* with all other unsecured and unsubordinated obligations of KfW, subject to reductions of principal of and, due to such principal reductions, interest on the Certificates as a result of the Loss Allocation to the Notes and each Certificate has terms and conditions regarding payments of principal and interest matching with the corresponding Class of Notes as set out herein.

On the Issue Date, the Issuer will grant a pledge (*Pfandrecht*) over all its present and future claims and rights against KfW under the Certificates as well as all its present and future claims and rights under the other Transaction Documents (other than the Noteholder Security Agreement, the Swap Agreements, the Account Agreement, the Administration Agreement and the Irish Security Agreement) to the Trustee to secure the Trustee Claim (*Treuhänderanspruch*) under the Trust Agreement. The Trustee Claim entitles the Trustee to demand that all present and future obligations of the Issuer under the Notes be fulfilled. On the Issue Date, the Issuer will also assign by way of security in favour of the Trustee all its present and future claims, right, title and interest in and to: the Administration Agreement, the

Account Agreement and the Account to secure the Trustee Claim.

There have been no insurance policies provided for the direct benefit of the Issuer in relation to the Certificates. The Certificates have not been accepted for trading on any stock exchange.

See "THE CERTIFICATES, COLLATERAL AND NOTEHOLDER COLLATERAL" and "THE TRUST AGREEMENT".

### **Noteholder Collateral**

In addition to the Collateral, the Issuer will on the Issue Date grant a second, junior pledge (*nachrangiges Pfandrecht*), (each a "**Second Pledge**"), for each Note of a Class over all its present and future rights and claims under the corresponding Certificate to the Lead Manager as initial holder of the Notes purchased by it under the Subscription Agreement, to secure the Issuer's obligations under such Note. The Second Pledges securing the Notes of a particular Class will rank *pari passu* among each other. The pledge on any Certificate in favour of the Trustee under the Trust Agreement (the "**First Pledge**") will rank senior to all Second Pledges in respect of such Certificate. The Second Pledges in respect of any Certificate may only be exercised if (i) the First Pledge in favour of the Trustee in respect of such Certificate no longer validly exists or (ii) the Trustee has waived the First Pledge or, in certain circumstances described herein, if (iii) no trustee is appointed in accordance with the Terms and Conditions. The Second Pledges will be accessory (*akzessorisch*) to the Notes and therefore upon the transfer of each Note the Second Pledge securing such Note will pass on to the transferee by operation of law and so benefit each subsequent holder of such Note in accordance with the Noteholder Security Agreement, subject to the applicable conflict of law rules. See "THE CERTIFICATES, COLLATERAL AND NOTEHOLDER COLLATERAL" and "THE NOTEHOLDER SECURITY AGREEMENT".

### **Form and Denominations**

Each Class of Notes will be initially represented by a Temporary Global Note in bearer form which will be exchangeable for a Permanent Global Note in bearer form representing the relevant Class of Notes as described herein. The Notes may be transferred in book-entry form only. The Class B, Class C, Class D and Class E Notes will be issued in denominations of EUR 100,000 and the Class A+ Notes will be issued in denominations of EUR 50,000. The Global Notes representing the Notes will not be exchangeable for definitive securities. Clearstream Frankfurt will hold the Global Notes for Clearstream Frankfurt Accountholders, including for the account of the operator of Euroclear and Clearstream, Luxembourg, each of which is a Clearstream Frankfurt Accountholder. See "THE NOTES - Notes".

### **Trust Agreement**

Pursuant to the Trust Agreement between the Issuer, the Bank Swap Counterparty, KfW, the Determination Agent, the

Servicer and the Trustee for the benefit of the Noteholders and the Senior Swap Counterparty, the Trustee will verify the Loss Allocation and will supervise and verify determinations and calculations and other actions of the Determination Agent, the Servicer and the Issuer in connection with the Notes and the Swap Agreements.

Pursuant to the Trust Agreement the Issuer will also grant a pledge (*Pfandrecht*) to the Trustee over all its present and future claims and rights under the Certificates and all other Transaction Documents (other than the Noteholder Security Agreement, the Swap Agreements, the Administration Agreement, the Account Agreement and the Irish Security Agreement). See "THE TRUST AGREEMENT".

#### **Issuer's Source of Income**

The Issuer will receive the funds necessary for the payments under the Notes from payments under the Certificates. On each Payment Date payments of principal, if any, and interest on each Class of Notes will be made from the principal and interest received under the corresponding Certificate.

The Issuer will receive the funds necessary to pay all ongoing costs and expenses from the Bank and/or KfW pursuant to the Trust Agreement. See "THE TRUST AGREEMENT".

The Bank has agreed to pay to the Issuer on the Issue Date the aggregate amount of the combined management and underwriting commission and any other fees which the Issuer owes to the Lead Manager under the Subscription Agreement. See "SUBSCRIPTION AND SALE - Subscription of the Notes".

#### **Use of Proceeds**

The net proceeds from the issue of the Notes are approx. EUR 155,900,000. The net proceeds are equal to the gross proceeds and will be used by the Issuer for the purchase of the Certificates from KfW on the Issue Date. The direct cost of the admission of the Notes to trading on the Irish Stock Exchange amount to approximately EUR 14,532.40.

#### **Selling Restrictions**

Subject to certain exceptions, the Notes are not being offered, sold or delivered within the United States or to U.S. persons. For a description of these and other restrictions on sale and transfer see "SUBSCRIPTION AND SALE".

#### **Listing**

Application has been made to the Irish Financial Services Regulatory Authority (the "**IFSRA**"), as competent authority under Directive 2003/71/EC, for the Prospectus to be approved. Application has been made to list the Class A+ Notes, Class B Notes, Class C Notes, Class D Notes and Class E Notes to be admitted to the Official List and trading on the regulated market of the Irish Stock Exchange.

#### **Settlement**

It is expected that delivery of the Notes will be made on or about the Issue Date through the book-entry facilities of Clearstream Frankfurt, against payment therefor in euro in

immediately available funds.

**Governing Law**

The Notes will be governed by the laws of the Federal Republic of Germany.

**Ratings**

The Class A+, Class B, Class C, Class D and Class E Notes are expected to be rated on the Issue Date by S&P and Fitch. It is a condition of the issue of the Notes, that each such Class of Rated Notes receives the ratings specified herein. See "RATING".

## **RISK FACTORS**

**The following is a summary of certain factors which prospective investors should consider before deciding to purchase the Notes. The following statements are not exhaustive: prospective investors should consider all of the information provided in this Prospectus and consult with their own professional advisers if they consider it necessary.**

### **THE NOTES**

#### **Liability and Limited Recourse under the Notes**

The Notes represent obligations of the Issuer only, and do not represent an interest in or obligations of the Lead Manager, the Trustee, any of the Agents, the Determination Agent, the Servicer, the Bank Swap Counterparty, KfW or any of their respective affiliates or any affiliate of the Issuer or any other third person or entity. Neither the Notes nor the Reference Claims will be insured or guaranteed by any governmental agency or instrumentality or by the Lead Manager, the Trustee, any of the Agents, the Determination Agent, the Servicer, the Bank Swap Counterparty, KfW or any of their respective affiliates or by any other person or entity except as described herein. Neither the Lead Manager, nor the Trustee, nor any of the Agents, nor the Determination Agent, nor the Servicer, nor the Bank Swap Counterparty, nor KfW, nor any of their respective affiliates, nor any affiliate of the Issuer, nor any other third person or entity, assumes any liability to the Noteholders if the Issuer fails to make a payment due under the Notes.

The Issuer's ability to satisfy its payment obligations under the Notes in full is dependent upon it receiving in full the amounts payable to it under the Certificates and under the other Transaction Documents or the amount of the proceeds resulting from enforcement of the security granted by the Issuer to the Trustee over the Certificates and its other assets pursuant to the Trust Agreement and the Irish Security Agreement or, as the case may be, the amount of proceeds resulting from enforcement of the security granted by the Issuer to the Lead Manager as the initial holder of the Notes purchased by it under the Subscription Agreement, pursuant to the Noteholder Security Agreement. If the Trustee enforces the claims under the Notes, such enforcement will be limited to those assets of the Issuer over which the Trustee was granted security. To the extent that such assets, or the proceeds of the realisation thereof, prove ultimately insufficient to satisfy the claims of all Noteholders in full, then any shortfall arising shall be extinguished and neither any Noteholder nor the Trustee shall have any further claims against the Issuer. Such assets and proceeds shall be deemed to be "ultimately insufficient" at such time when, in the reasonable opinion of the Trustee, no further assets are available and no further proceeds can be realised therefrom to satisfy any outstanding claims of the Noteholders, and neither assets nor proceeds will be so available thereafter.

In particular, the Trustee, the Determination Agent, the Servicer, the Lead Manager, the Agents, the Process Agent, the Administrator or the Account Bank shall not petition or take any other step or action for the winding up, examinership, liquidation or dissolution of the Issuer nor for the appointment of a liquidator, examiner, receiver or other person in respect of the Issuer or its assets until the expiration of a period of one year and one day following payment of all amounts payable under the Notes.

#### **Credit linked Notes**

The payment of principal of and, due to potential principal reductions, interest on the Notes is conditional upon the performance of the Reference Claims as described herein. There is no guarantee that the Noteholders will receive the full principal amount of the Notes and interest thereon and ultimately the obligations of the Issuer to pay principal under the Notes could even be reduced to EUR 1 per Note as a result of losses incurred in respect of the Reference Claims.

In any insolvency of the Bank the principal balances of the Building Savings Accounts relating to non-amortising Reference Claims may cease to be increased. In such event, it is possible that the Outstanding Protected Amounts of such Reference Claims will no longer be reduced before the final maturity of such Reference Claims. In addition, the obtaining of a follow-on financing with respect to a Reference Loan may be deferred in any insolvency of the Bank. This may result in a delay of the redemption of the relevant Reference Claim and the related Principal Reductions, and, as such, in a delay in the redemption of the Notes, if the Notes have not been redeemed upon the insolvency of the Bank.

### **No Interest in the Reference Claims**

Neither the Noteholders nor the Issuer will have any right to or interest in any Reference Claim even in the case that a Realised Loss, Estimated Loss and/or Additional Loss in respect of such Reference Claim has been allocated to the Notes in accordance with the Loss Allocation. See "THE NOTES - Loss Allocation".

### **Leverage**

The initial aggregate of the Class Principal Amounts of the Class B, Class C, Class D and Class E Notes together with the initial Outstanding Threshold Amount will be EUR 176,600,000. However, the Initial Aggregate Principal Balance of the Reference Pool will be EUR 3,461,683,358.99. Upon the occurrence of any Realised Loss, Estimated Loss or Additional Loss, first the Outstanding Threshold Amount will be reduced and after it has been reduced to zero, the Note Principal Amounts of the Class E Notes will be reduced and after they have been reduced to EUR 1 per Note, then of the Class D Notes, then of the Class C Notes, and then of the Class B Notes will be reduced to EUR 1 per Note by such Realised Losses, Estimated Loss or Additional Loss. Realised Losses, Estimated Losses and Additional Losses will be allocated to reduce the Note Principal Amounts of the Class A+ Notes and the notional amount of the Senior Swap only after the Note Principal Amounts of the Class B Notes have been reduced to EUR 1 per Note. Accordingly, the Outstanding Threshold Amount, then the Class E Notes, then the Class D Notes, then the Class C Notes and then the Class B Notes provide a first loss protection with respect to the Reference Pool. Since the Aggregate Principal Balance of the Reference Pool is expected before the Scheduled Maturity Date to exceed the Outstanding Threshold Amount together with the aggregate of the Class Principal Amounts of the Notes, the Notes, other than the Class A+ Notes, provide protection for the Reference Pool on a leveraged basis and, as a result of such leverage, the loss risk in respect of the Notes, other than the Class A+ Notes, is a multiple of the loss risk in respect of the Reference Pool. This leverage increases the risk of loss to Noteholders.

### **Trust Agreement, Servicing Principles - Interests of the Noteholders, the Senior Swap Counterparty and KfW**

Pursuant to the Trust Agreement the Trustee will carry out its duties thereunder as a trustee for the benefit of the Noteholders and the Senior Swap Counterparty. The Trustee will also give due regard to and protect the interests of KfW as the protection seller under the Bank Swap to the extent that such interests are compatible with the interests of the Noteholders and the Senior Swap Counterparty. In the case of a conflict of interest among the interests of the Senior Swap Counterparty and the Noteholders, priority will be given to the interests of the Senior Swap Counterparty and the holders of the Class A+ Notes, and then among the other Noteholders, to the interests of the Noteholders of the Class or Classes of Notes which rank most senior for the purposes of the Loss Allocation. In the case of a conflict of interest between the interests of KfW on the one hand and the Noteholders and/or the Senior Swap Counterparty on the other hand, priority will be given to the interests of the Noteholders and/or the Senior Swap Counterparty.

Similarly, pursuant to the Servicing Principles, the Servicer will, in the case of a conflict of interest among the interests of the Senior Swap Counterparty and the Noteholders give priority to the interests of the Senior Swap Counterparty and the holders of the Class A+ Notes, and then among the other

Noteholders, to the interests of the Noteholders of the Class or Classes of Notes which then ranks most senior for the purposes of the Loss Allocation. In the case of a conflict of interest between the interests of KfW on the one hand and the Noteholders and/or the Senior Swap Counterparty on the other hand, priority will be given to the interests of the Noteholders and/or the Senior Swap Counterparty.

See "THE TRUST AGREEMENT" and "REFERENCE POOL SERVICING".

### **Certificates**

The payment of principal of and, due to potential principal reductions, interest on the Certificates is conditional upon the performance of the Notes which in turn is conditional upon the performance of the Reference Claims as set out herein.

The amount of principal of and, due to potential principal reductions, interest on the Certificates may be reduced as a result of allocation of Realised Losses, Estimated Losses and Additional Losses to the Notes. KfW shall only be obliged to pay amounts of principal and interest under the Certificates determined to be due to the creditor thereof in accordance with the Certificate Conditions, which may be reduced as a result of such Realised Losses, Estimated Losses and Additional Losses.

The creditor of the Certificates shall have no right to or interest in any Note or Reference Claim even in the case that a Realised Loss, Estimated Loss and/or Additional Loss in respect of such Reference Claim has been allocated to the Notes and accordingly reduced the principal amount payable on the corresponding Certificate.

### **Collateral and Trustee Claim**

The Issuer will grant a pledge (*Pfandrecht*) to the Trustee over all its present and future claims and rights against KfW under the Certificates as well as all its present and future claims and rights under the other Transaction Documents (other than the Administration Agreement, the Noteholder Security Agreement, the Swap Agreements, the Account Agreement and the Irish Security Agreement) to secure the Trustee Claim (*Treuhänderanspruch*) under the Trust Agreement.

The Trustee Claim entitles the Trustee to demand that all present and future obligations of the Issuer under the Notes be fulfilled. See "THE TRUST AGREEMENT" and "THE CERTIFICATES, COLLATERAL AND NOTEHOLDER COLLATERAL".

There is no authority to the effect that the Trustee Claim (*Treuhänderanspruch*) of the Trustee against the Issuer established by the Trust Agreement may not be validly secured by a pledge of the relevant Collateral pursuant to the Trust Agreement. See "THE TRUST AGREEMENT". However, as there is no specific authority confirming the validity of such pledge either, the validity of such pledge is subject to some degree of legal uncertainty.

It is unclear how the Irish courts would interpret the pledge purported to be created pursuant to the Trust Agreement. It is likely that, subject to the Trust Agreement constituting a valid pledge (*Pfandrecht*) as a matter of German law, the Irish courts would view the pledge as creating a fixed charge rather than a floating charge.

It is the essence of a fixed charge that the person creating the charge does not have liberty to deal with the assets which are the subject matter of the security in the sense of disposing of such assets or expending or appropriating the monies or claims constituting such assets. In particular, the Irish courts have held that, in order to create a fixed charge over receivables, it is necessary to oblige the chargor to pay the proceeds of collection of the receivables into a designated bank account and to prohibit the chargor from withdrawing or otherwise dealing with the monies standing to the credit of such account without the consent of the chargee. Accordingly, since the Issuer is prohibited under the terms of the Trust Agreement from dealing with and disposing of the assets constituting the Collateral and the

wording of the Trust Agreement is sufficiently clear to create fixed security in respect of the Collateral and the assets to be charged are clearly identifiable, the Irish courts are likely to consider the charges in the Trust Agreement as fixed charges.

Floating charges have certain weaknesses, including the following:

- (i) they have weak priority against purchasers (who are not on notice of any negative pledge contained in the floating charge) and chargees of the assets concerned and against lien holders, execution creditors and creditors with rights of set-off;
- (ii) they rank after certain preferential creditors, such as claims of employees and certain taxes on winding-up;
- (iii) they rank after certain insolvency remuneration expenses and liabilities;
- (iv) the examiner of a company has certain rights to deal with the property covered by the floating charge; and
- (v) they rank after fixed charges.

### **Early Redemption by the Noteholders**

Each Noteholder may declare due the Notes held by it by delivery of a written notice to the Issuer with a copy to the Trustee if a Default Event in respect of such Notes occurred, *provided that* the right to declare the Notes due in respect of any Default Event shall cease to exist if such Default Event has been cured before the right is exercised. A Default Event occurs, *inter alia*, if the Trustee gives notice to the Noteholders that it will resign as Trustee pursuant to the Trust Agreement for good cause as set out herein unless a notice has been given to the Noteholders that the cause for such resignation has been remedied to the Trustee's satisfaction or a successor trustee has been appointed in accordance with the Trust Agreement as described herein. In the event that any Noteholder exercises such right, the Issuer will redeem the Notes as described herein. See "THE NOTES - Early Redemption for Default" and "THE TRUST AGREEMENT".

If no Noteholder exercises its early redemption right in such circumstances and the Trustee resigns as set out herein, the Noteholders may lose the benefit of the Collateral and the protection of their rights by the Trustee generally.

### **Early Redemption by the Issuer**

The Issuer shall redeem the Notes as described herein before the Scheduled Maturity Date, (aa) on the date on which KfW exercises its prepayment option under the Certificates (i) upon the occurrence of a Regulatory Event, or (ii) upon the reduction of the Aggregate Principal Balance to less than 10% of the Initial Aggregate Principal Balance, or (iii) on the Payment Date falling in November 2013 or on any Payment Date thereafter, or (iv) upon the occurrence of a Tax Event, or (v) upon the termination of the Bank Swap upon transfer of the Reference Pool if no substitute Bank Swap is entered into upon such transfer, or (vi) if no Realised Losses, Estimated Losses and Additional Losses may be allocated pursuant to the Loss Allocation because (a) the obligations of the Determination Agent and/or the Servicer under the Transaction Documents have not been complied with, and (b) in the reasonable judgement of KfW and subject to the consent of the Trustee, which shall not be unreasonably withheld, such non-compliance cannot be cured within a reasonable time, or (bb) on the tenth Business Day following the termination of the Mezzanine Tranche of the Bank Swap because of the occurrence of a Serious Cause or Insolvency.

See "THE NOTES - Early Redemption by the Issuer".

## **Geographical Distribution of the Mortgaged Properties**

Although the Mortgaged Properties securing the Reference Claims are distributed throughout Germany, such Mortgaged Properties may be concentrated in certain locations, such as densely populated and highly industrialised areas. See "DESCRIPTION OF THE REFERENCE POOL - Information Tables Regarding the Initial Reference Pool - Distribution by Location" (Table 10). Any deterioration in prices in the residential real property market in the areas in which the Mortgaged Properties are located and any deterioration in the economic conditions in such areas which adversely affects the ability of the Borrowers to make payments on the Reference Claims may increase the likelihood of losses on the Reference Claims. A concentration of the Mortgaged Properties in such areas may therefore result in a greater risk of loss than if such concentration had not been present. Such losses, if they occur, may have an adverse effect on the yield to maturity of the Notes.

## **The Subordinated Nature of Certain Reference Mortgages**

94.67% of the aggregate Outstanding Protected Amount of all Reference Claims as of the Cut-off Date were secured by Reference Mortgages that are subordinated mortgages. If the Mortgaged Property is foreclosed upon, subordinated mortgages are more likely to suffer losses than senior ranking mortgages. While a subordinated mortgagee has the right to initiate foreclosure proceedings, the minimum purchase price in a forced sale needs only to satisfy the sum of all costs arising in connection with the forced sale and the secured claims of the senior ranking mortgagee(s) and may only, in the first foreclosure proceedings, together with such senior ranking costs and mortgages, be not lower than (i) 50% of the market value as determined by the court or (ii) 70% of the market value so determined by the court, upon objection by a creditor whose claim is not covered by the purchase price but whose claim would be covered if the purchase price amounted to 70% of the market value of the real estate. Therefore, subordinated mortgagees may receive from the proceeds less than the amounts due under their respective secured claims and, if the purchase price does not exceed the secured claim of the senior ranking mortgagee(s) (including, if applicable, for the payment of interest) plus costs, will not receive any part of the proceeds in a forced sale. The principal amount of any mortgage will be increased at a rate per annum specified in respect of such mortgage (*dinglicher Zins*) which typically ranges between 10 and 20% per annum. The amount accrued on a mortgage at such rate will have the same priority (*Rang*) as such mortgage for the purposes of the allocation of the foreclosure proceeds in an amount equal to the sum of (a) current amounts (*laufende Beträge*) meaning the last amount due before the commencement of the foreclosure (*Beschlagnahme*) and all amounts due until the court order conferring title in the foreclosure (*Zuschlag*) or, in certain cases, the date on which the foreclosure proceeds are distributed (*Verteilungstermin*) and (b) amounts in arrears (*rückständige Beträge*) for the last two years starting with the last due date before the commencement of the foreclosure (*Beschlagnahme*). The principal amount as increased in accordance with the foregoing will typically secure any payment claim of the senior ranking mortgagee(s) against the relevant borrower (whether such claim arises under the loan for which such mortgage was primarily given or otherwise). Therefore, the subordination of such subordinated mortgagees could be substantially higher than the initial principal amount of the relevant senior ranking mortgage. If any mortgage securing a Reference Claim is subordinated to any other mortgage, the increase of that senior ranking mortgage as described in the foregoing may result in a corresponding reduction of the foreclosure proceeds allocable to such Reference Claim and, thus, a corresponding increase of any Realised Loss, Estimated Loss and/or Additional Loss in respect of such Reference Claim. See "DESCRIPTION OF THE REFERENCE POOL - Reference Pool Provisions - Allocation of Payments and Foreclosure Proceeds". In addition, subordinated mortgages can be affected to a greater extent by a decline in the value of the real estate encumbered with such mortgage than first priority mortgages. See "DESCRIPTION OF THE REFERENCE POOL - The Mortgages and the Mortgaged Properties".

## **Compliance and Realised Losses, Estimated Losses and Additional Losses**

Compliance with the Terms and Conditions, in particular the Eligibility Criteria and the Servicing Standards, the Trust Agreement and other Transaction Documents is no guarantee or assurance that

Realised Losses, Estimated Losses and Additional Losses will not be incurred in respect of the Reference Claims and allocated to the Notes pursuant to Loss Allocation.

### **Reliance on the Creditworthiness of the Bank and KfW**

The ability of the Issuer to meet its obligations under the Notes will be dependent on its receipt of payments under the Certificates from KfW and of payments in respect of the Issuer Costs pursuant to the Trust Agreement from the Bank and/or KfW which jointly and severally undertake to pay the Issuer Costs. In addition, pursuant to the Certificate Conditions, KfW may re-pay the principal amounts of the Certificates together with interest accrued thereon if the Bank Swap is terminated as described herein. Such re-payment of the Certificates will result in early redemption of the Notes as described herein. See "THE NOTES - Early Redemption by the Issuer" and "THE CERTIFICATES, COLLATERAL AND NOTEHOLDER COLLATERAL".

Consequently, the Issuer is relying on the creditworthiness of KfW and, to the extent described in the preceding paragraph, the Bank Swap Counterparty in respect of the receipt of payments from the Certificates, as well as in respect of payments under the Bank Swap and the Trust Agreement, respectively.

### **Limited Information**

The Bank Swap Counterparty, the Determination Agent and/or the Servicer are under no obligation and will not provide to the Issuer, the Trustee or the Noteholders financial or other information with respect to the Reference Claims or the Borrowers except as specifically set out in the Notes and the Trust Agreement. Except as set out in the Notes and the Trust Agreement, the Issuer, the Bank Swap Counterparty, the Determination Agent and/or the Servicer will have no obligation and will not keep the Noteholders and/or the Trustee informed as to the performance of the Reference Claims, the compliance of the Reference Pool with the Reference Pool Provisions and as to matters arising in relation to the Borrowers or any other borrowers or guarantors of the Reference Claims, including information on the Bank Swap Counterparty's other exposures to any Borrower or whether or not circumstances exist under which there is a possibility of the occurrence of a Credit Event and/or Realised Loss, Estimated Loss and/or Additional Loss. Further, the Noteholders will have no right to inspect the internal records of the Determination Agent, the Bank Swap Counterparty and/or the Servicer.

### **No Independent Investigation**

Neither the Lead Manager nor the Issuer nor the Trustee have conducted or will conduct any independent investigations of the Reference Pool. The Trustee will only conduct such reviews and verifications in respect of the Reference Pool as, and only to the extent, set out in the Trust Agreement.

### **Reliance on Administration and Collection Procedures**

The Servicer will carry out the administration, collection and enforcement of the Reference Claims, including foreclosure on the related Reference Collateral, in accordance with the Credit and Collection Policies subject only to the Servicing Principles (see "REFERENCE POOL SERVICING"). Subject to certain conditions being met, the Servicer may be substituted in its function as Servicer of a Reference Claim by a subsidiary of the Bank Swap Counterparty, servicing company specialised in the servicing and administration of loans or any other entity (see "REFERENCE POOL SERVICING - Change in Servicer").

Accordingly, the Noteholders are relying on the business judgement and practices of the Servicer in administering the Reference Claims, enforcing claims against Borrowers, including taking decisions with respect to enforcement and/or foreclosure on the related Reference Collateral.

## **Conflicts of Interest**

The Bank Swap Counterparty, the Determination Agent, the Servicer and any holder of a Reference Claim are acting in a number of capacities in connection with the Transaction. The Bank Swap Counterparty, the Determination Agent, the Servicer and any holder of a Reference Claim acting in connection with the Transaction will have only the duties and responsibilities expressly agreed to by each of them in the relevant capacity and will not, by virtue of them or any of their affiliates acting in any other capacity, be deemed to have any other duties or responsibilities or be deemed to be held to a standard of care other than as expressly provided with respect to each such capacity. The Bank Swap Counterparty, the Determination Agent, the Servicer and any holder of a Reference Claim in their various capacities in connection with the Transaction may enter into business dealings from which they may derive revenues and profits without any duty to account therefor in connection with the Transaction.

The Bank Swap Counterparty as well as any Determination Agent, Servicer, and/or holder of a Reference Claim other than the Bank Swap Counterparty may hold and/or service other claims against the Borrowers other than the Reference Claims. The interests or obligations of the Bank Swap Counterparty, such Determination Agent, Servicer and/or holder of a Reference Claim and their respective capacities with respect to such other claims may in certain aspects conflict with the interests of the Noteholders.

The Bank Swap Counterparty as well as any Determination Agent, Servicer, and/or holder of a Reference Claim other than the Bank Swap Counterparty may engage in commercial relationships, in particular, be lender, provide investment banking and other financial services to the Borrowers and other parties. In such relationships the Bank Swap Counterparty, such Determination Agent, Servicer and/or holder of a Reference Claim is not obliged to take into account the interests of the Noteholders. Accordingly, because of these relationships, potential conflicts of interest may arise out of the Transaction.

In addition, the Trustee may be appointed as a Loss Determination Agent with respect to a Reference Claim. However, pursuant to the Trust Agreement the Trustee is also in charge of checking the Reports prepared by the Determination Agent and conducting the verification of the Realised Losses, Estimated Losses and Additional Losses allocated to the Outstanding Threshold Amount and/or the Notes, including with respect to the Estimated Losses determined by the Trustee in its capacity as the Loss Determination Agent.

## **Suitability of Investment**

This Prospectus identifies in a general way, some of the information that a prospective investor should consider prior to making an investment in the Notes. However, this Prospectus does not purport to provide all of the information or the comprehensive analysis necessary to evaluate the economic and other consequences of investing in the Notes. Therefore, a prospective investor should conduct its own thorough analysis (including its own financial, accounting, legal and tax analysis) prior to deciding whether to invest in the Notes. Any evaluation of whether an investment in the Notes is suitable depends upon a prospective investor's particular financial and other circumstances, as well as on the specific terms of the Notes. This Prospectus is not, and does not purport to be, investment advice. A prospective investor should make an investment in the Notes only after it has determined that such investment is suitable for its financial investment objectives. Determining whether an investment in the Notes is suitable is a prospective investor's responsibility. If a prospective investor does not have experience in financial, business and investment matters sufficient to permit it to make such a determination, the prospective investor should consult with its financial, tax, legal or accounting adviser, prior to deciding to make an investment in the Notes.

**Prospective investors who consider purchasing the Notes should reach an investment decision only after carefully considering the suitability of such Notes in the light of their particular circumstances.**

### **Legality of Investment**

Each purchaser of Notes of any Class is responsible for determining for itself whether it has the legal power, authority and right to purchase any Notes. None of the Issuer, the Bank, the Lead Manager, the Trustee or any of their respective affiliates expresses any view as to any purchaser's legal power, authority or right to purchase Notes of such Class. Investors are urged to consult their own legal, tax and accounting advisors as to such matters.

### **Note Ratings**

It is a condition to the issuance of each Class of Notes that the Notes of such Class receive the rating by the Rating Agencies shown on page 159 of this Prospectus. A rating is not a recommendation to purchase, hold or sell securities, inasmuch as the rating does not comment as to market price or suitability for a particular investor and may be subject to revision or withdrawal at any time by the assigning Rating Agency. In the event that the rating initially assigned to any such Class of Notes is subsequently reduced for any reason, no person or entity is obliged to provide any additional support or credit enhancement with respect to such Class of Notes, and the market value of such Class of Notes is likely to be adversely affected. A change in the quality of the Reference Claims as well as the Reference Collateral securing such Reference Claims, and/or a change in the long term unsecured debt rating of KfW as the supporting rating for the Certificates below the rating of the respective Class or Classes of Notes may affect the rating of the relevant Class or Classes of Notes. In the event that the rating initially assigned to the Notes of any Class by any Rating Agency is subsequently withdrawn or lowered for any reason, no person or entity is obliged to provide any additional support or credit enhancement with respect to such Notes. In addition, any reduction or withdrawal of the rating of the Notes of any Class will adversely affect the market value of such Notes and may adversely affect the suitability of an investment in such Notes by certain investors. The Issuer has not requested a rating of any Class of Notes by any rating agency other than the Rating Agencies. However, there can be no assurance that another rating agency will not rate the Notes of any Class to which the Rating Agencies have assigned a rating and that, if a rating is assigned to such Notes by any other rating agency, such rating will not be lower than the rating assigned by the Rating Agencies.

### **Limited Liquidity**

There is currently no secondary market for the Notes. Application has been made to the Irish Stock Exchange for the Class A+ Notes, Class B Notes, Class C Notes, Class D Notes and Class E Notes to be admitted to the Official List and trading on its regulated market. However, there can be no assurance that a secondary market for the Notes will develop or that a market will develop for all Classes of Notes or, if it does develop, that it will continue.

### **Taxation**

The Notes will not provide for a gross-up of payments in the case that the payments on the Notes become subject to deduction or withholding of taxes. See "THE NOTES - Taxes".

The Issuer will receive the funds necessary for the payments under the Notes from payments under the Certificates. On each Payment Date payments of principal, if any, and interest on each Class of Notes will be made from the principal and interest received under the corresponding Certificate.

Neither the Notes nor the Certificates will provide for gross-up payments in the case that payments under the Certificates become subject to deduction or withholding of taxes. See "THE CERTIFICATES; COLLATERAL AND NOTEHOLDER COLLATERAL".

If on any Payment Date any withholding or deduction on account of taxes is imposed with respect to payments by KfW under the Certificates, the amount payable by the Issuer under any Note of a particular Class on such Payment Date shall be reduced by the amount of such withholding or deduction made with respect to the corresponding Certificate divided by the number of Notes of the Class of Notes relating to such Certificate.

The Noteholders will not have the right to require an early redemption of the Notes if withholding or deduction of taxes is imposed with respect to payments on the Notes and/or the Certificates.

The Issuer will redeem all of the Notes in the event that the Certificate Termination occurs as a result of certain tax events, including if the Bank Swap Counterparty, KfW and/or the Issuer would become required to make any withholding or deduction of taxes in respect of any payments on the Notes, the Certificates or any Swap Agreement. See "THE NOTES - Early Redemption by the Issuer".

See "TAXATION".

## **THE ISSUER**

### **Preferred creditors under Irish law**

Upon an insolvency of an Irish incorporated company such as the Issuer, when applying the proceeds of assets subject to fixed security which have been realised in the course of a liquidation or receivership, the claims of a limited category of preferential creditors will take priority over the claims of creditors holding the relevant fixed security. These preferred claims include the remuneration, costs and expenses properly incurred by any examiner of the company which have been approved by the Irish courts. See also "Examination" below.

The holder of a fixed security over the book debts (which would include the Certificates) of an Irish incorporated company which would include the Issuer may be required by the Irish Revenue Commissioners, by notice in writing, to pay to them sums equivalent to those which the holder thereafter receives in payment of debts due to it by the company. Where the holder of the security has given notice to the Irish Revenue Commissioners of the creation of the security within 21 days of its creation, the holder's liability is limited to the amount of certain outstanding Irish tax liabilities of the company (including liabilities in respect of value added tax) arising after the issuance of a notice by the Irish Revenue Commissioners to the holder of the fixed security.

The Irish Revenue Commissioners may also attach any debt due to an Irish tax resident company by another person in order to discharge any liabilities of the company in respect of outstanding tax whether the liabilities are due on its own account or as an agent or trustee. The scope of this right of the Irish Revenue Commissioners has not yet been considered by the Irish courts and it may override the rights of holders of security (whether fixed or floating) over the debt in question.

In relation to the disposal of assets of an Irish tax resident company which are subject to security, a person entitled to the benefit of the security may be liable for tax in relation to any capital gains made by the company on a disposal of those assets on exercise of the security.

**Notwithstanding the Collateral and/or the Noteholder Collateral, the amount of principal of and, due to potential principal reductions, interest on the Notes may be reduced as a result of Realised Losses, Estimated Losses and Additional Losses incurred with respect to the Reference Claims and only the obligations of the Issuer to pay any amount of principal and interest determined to be due to the Noteholders in accordance with the Terms and Conditions, which may be reduced by such Realised Losses, Estimated Losses and Additional Losses, will have the benefit of the Collateral and/or the Noteholder Collateral.**

## Examination

Examination is a court procedure available under the Companies (Amendment) Act 1990, as amended (the "**1990 Act**") to facilitate the survival of Irish companies in financial difficulties.

The examiner, once appointed, has the power to set aside contracts and arrangements entered into by the company after his appointment and, in certain circumstances, can avoid a negative pledge given by the company prior to his appointment. Furthermore, he may sell assets which are the subject of a fixed charge. However, if such power is exercised he must account to the holders of the fixed charge for the amount realised and discharge the amount due to them out of the proceeds of sale.

During the period of protection, the examiner will compile proposals for a compromise or scheme of arrangement to assist the survival of the company or the whole or any part of its undertaking as a going concern. A scheme of arrangement may be approved by the High Court when at least one class of creditors has voted in favour of the proposals and the High Court is satisfied that such proposals are fair and equitable in relation to any class of members or creditors who have not accepted the proposals and whose interests would be impaired by implementation of the scheme of arrangement.

In considering proposals by the examiner, it is likely that secured and unsecured creditors would form separate classes of creditors. In the case of the Issuer, if the Trustee represented the majority in number and value of claims within the secured creditor class (which would be likely given the restrictions agreed to by the Issuer in the Notes), the Trustee would be in a position to reject any proposal not in favour of the holders of Notes. The Trustee would also be entitled to argue at the High Court hearing at which the proposed scheme of arrangement is considered that the proposals are unfair and inequitable in relation to the holders of the Notes, especially if such proposals included a writing down to the value of amounts due by the Issuer to the holders of Notes.

The primary risks to the holders of Notes if an examiner were to be appointed with respect to the Issuer are as follows:

- the potential for a scheme of arrangement being approved involving the writing down of the debt due by the Issuer to the holders of Notes as secured by the Trust Agreement and the Irish Security Agreement (as defined below);
- the potential for the examiner to seek to set aside any negative pledge in the Notes, the Trust Agreement or the Irish Security Agreement, prohibiting the creation of security or the incurring of borrowings by the Issuer to enable the examiner to borrow to fund the Issuer during the protection period; and
- in the event that a scheme of arrangement is not approved and the Issuer subsequently goes into liquidation, the examiner's remuneration and expenses (including certain borrowings incurred by the examiner on behalf of the Issuer and approved by the Irish High Court) will take priority over the amounts secured by the security granted pursuant to the Trust Agreement and the Irish Security Agreement. See "RISK FACTORS - Preferred creditors under Irish law".

## THE NOTES

The following is the text of the Terms and Conditions applicable to each Class of Notes which will be attached to each Global Note. In case of any overlap or inconsistency in the definition of a term or expression in the Terms and Conditions and elsewhere in this Prospectus, the definition in the Terms and Conditions will prevail.

---

**THE PAYMENT OF PRINCIPAL OF AND, DUE TO POTENTIAL PRINCIPAL REDUCTIONS, INTEREST ON THE NOTES IS CONDITIONAL UPON THE PERFORMANCE OF THE REFERENCE CLAIMS AS SET OUT IN SECTION 8 (LOSS ALLOCATION) AND SECTION 9 (UNJUSTIFIED LOSS ALLOCATION).**

**THERE IS NO GUARANTEE THAT THE NOTEHOLDERS SHALL RECEIVE THE FULL PRINCIPAL AMOUNT OF THE NOTES AND INTEREST THEREON AND ULTIMATELY THE OBLIGATIONS OF THE ISSUER TO PAY PRINCIPAL UNDER THE NOTES COULD EVEN BE REDUCED TO EUR 1 PER NOTE AS A RESULT OF LOSSES INCURRED IN RESPECT OF THE REFERENCE CLAIMS.**

**NEITHER THE NOTEHOLDERS NOR THE ISSUER SHALL HAVE ANY RIGHT TO OR INTEREST IN ANY REFERENCE CLAIM EVEN IN THE CASE THAT A REALISED LOSS, ESTIMATED LOSS AND/OR ADDITIONAL LOSS IN RESPECT OF SUCH REFERENCE CLAIM HAS BEEN ALLOCATED TO THE NOTES IN ACCORDANCE WITH THE LOSS ALLOCATION.**

**THE NOTES REPRESENT OBLIGATIONS OF THE ISSUER ONLY, AND DO NOT REPRESENT AN INTEREST IN OR OBLIGATIONS OF THE LEAD MANAGER, THE TRUSTEE, ANY OF THE AGENTS, THE DETERMINATION AGENT, THE SERVICER, THE BANK SWAP COUNTERPARTY, KFW OR ANY OF THEIR RESPECTIVE AFFILIATES OR ANY AFFILIATE OF THE ISSUER OR ANY OTHER THIRD PERSON OR ENTITY. NEITHER THE NOTES NOR THE REFERENCE CLAIMS WILL BE INSURED OR GUARANTEED BY ANY GOVERNMENTAL AGENCY OR INSTRUMENTALITY OR BY THE LEAD MANAGER, THE TRUSTEE, ANY OF THE AGENTS, THE DETERMINATION AGENT, THE SERVICER, THE BANK SWAP COUNTERPARTY OR KFW OR ANY OF THEIR RESPECTIVE AFFILIATES OR BY ANY OTHER PERSON OR ENTITY EXCEPT AS DESCRIBED HEREIN. NEITHER THE LEAD MANAGER, NOR THE TRUSTEE, NOR ANY OF THE AGENTS, NOR THE DETERMINATION AGENT, NOR THE SERVICER, NOR THE BANK SWAP COUNTERPARTY, NOR KFW, NOR ANY OF THEIR RESPECTIVE AFFILIATES, NOR ANY AFFILIATE OF THE ISSUER, NOR ANY OTHER THIRD PERSON OR ENTITY, ASSUMES ANY LIABILITY TO THE NOTEHOLDERS IF THE ISSUER FAILS TO MAKE A PAYMENT DUE UNDER THE NOTES.**

## 1.2 *Global Notes*

Each Class of Notes is initially represented by a temporary global bearer note (each, a "**Temporary Global Note**") without interest coupons. The Temporary Global Notes shall be exchangeable, as provided in Section 1.3 (Notes - Exchange of Temporary Global Notes) for permanent global bearer notes (each, a "**Permanent Global Note**") without interest coupons representing each such Class. Each Permanent Global Note shall be kept in custody by Clearstream Banking AG, Frankfurt am Main ("**Clearstream Frankfurt**"), until all obligations of the Issuer under the Class represented by it have been satisfied.

Definitive Notes and interest coupons shall not be issued.

Each Permanent Global Note and each Temporary Global Note is also referred to herein as a "**Global Note**".

The Temporary Global Notes shall be exchanged for the Permanent Global Notes on a date (the "**Exchange Date**") not earlier than 40 calendar days and not later than 180 calendar days after the date of issue of the Temporary Global Notes upon delivery by the relevant accountholders (each a "**Clearstream Frankfurt Accountholder**") to Clearstream Frankfurt, and by Clearstream Frankfurt to the Principal Paying Agent, of certificates in the form which forms part of the Temporary Global Notes and are available from the Principal Paying Agent for such purpose, to the effect that the beneficial owner or owners of the Notes represented by the relevant Temporary Global Note is not a U.S. person or are not U.S. persons other than certain financial institutions or certain persons holding

Any exchange of a Temporary Global Note pursuant to this Section 1.3 shall be made free of charge to the Noteholders.

#### 1.4 *Execution*

Each Global Note is manually signed on behalf of the Issuer.

## **2. Rights and Obligations under the Notes**

### 2.1 *Status of the Notes*

The Notes constitute direct and unsubordinated obligations of the Issuer, ranking *pari passu* among themselves and at least *pari passu* with all other current and future unsubordinated obligations of the Issuer, subject to Loss Allocation, allocation of Late Recoveries, Unjustified Loss Allocation, the Collateral and the Noteholder Collateral pursuant to Section 3 (Collateral; Noteholder Collateral) and the redemption of the Notes in accordance with Section 10.1 (Redemption - Amortisation of the Notes) and Section 10.2 (Redemption - Scheduled Maturity), if applicable.

The payment of principal of and, due to potential principal reductions, interest on the Notes is conditional upon the performance of the Reference Claims as set out in Section 8 (Loss Allocation) and Section 9 (Unjustified Loss Allocation). There is no guarantee that the Noteholders shall receive the full principal amount of the Notes and interest thereon and ultimately the obligations of the Issuer to pay principal under the Notes could even be reduced to EUR 1 per Note as a result of losses incurred in respect of the Reference Claims.

### 2.2 *Obligations under the Notes*

The Notes represent obligations of the Issuer only, and do not represent an interest in or obligations of the Lead Manager, the Trustee, any of the Agents, the Determination Agent, the Servicer, the Bank Swap Counterparty, KfW or any of their respective affiliates or any affiliate of the Issuer or any other third person or entity. Neither the Notes nor the Reference Claims will be insured or guaranteed by any governmental agency or instrumentality or by the Lead Manager, the Trustee, any of the Agents, the Determination Agent, the Servicer, the Bank Swap Counterparty or KfW or any of their respective affiliates or by any other person or entity except as described herein. Neither the Lead Manager, nor the Trustee, nor any of the Agents, nor the Determination Agent, nor the Servicer, nor the Bank Swap Counterparty, nor KfW, nor any of their respective affiliates, nor any affiliate of the Issuer, nor any other third person or entity, assumes any liability to the Noteholders if the Issuer fails to make a payment due under the Notes.

### 2.3 *Limited Recourse*

The Issuer's ability to satisfy its payment obligations under the Notes in full is dependent upon it receiving in full the amounts payable to it under the Certificates and under the other Transaction Documents or the amount of the proceeds resulting from enforcement of the security granted by the Issuer to the Trustee over the Certificates and its other assets pursuant to the Trust Agreement and the Irish Security Agreement or, as the case may be, the amount of proceeds resulting from enforcement of the security granted by the Issuer to the Lead Manager as the initial holder of the Notes purchased by it under the Subscription Agreement, pursuant to the Noteholder Security Agreement. If the Trustee

enforces the claims under the Notes, such enforcement will be limited to those assets of the Issuer over which the Trustee was granted security. To the extent that such assets, or the proceeds of the realisation thereof, prove ultimately insufficient to satisfy the claims of all Noteholders in full, then any shortfall arising shall be extinguished and neither any Noteholder nor the Trustee shall have any further claims against the Issuer, *provided that* the foregoing shall be without prejudice to any termination or early redemption rights. Such assets and proceeds shall be deemed to be "ultimately insufficient" at such time when, in the reasonable opinion of the Trustee, no further assets are available and no further proceeds can be realised therefrom to satisfy any outstanding claims of the Noteholders, and neither assets nor proceeds will be so available thereafter.

#### 2.4 *No Interest in Reference Claims*

Neither the Noteholders nor the Issuer shall have any right to or interest in any Reference Claim even in the case that a Realised Loss, Estimated Loss and/or Additional Loss in respect of such Reference Claim has been allocated to the Notes in accordance with the Loss Allocation.

### 3. **Collateral; Noteholder Collateral**

The Issuer will:

- (i) grant a first, senior pledge (*Pfandrecht*) over all its present and future claims and rights against KfW under the Certificates as well as all its present and future claims and rights under the other Transaction Documents (other than the Noteholder Security Agreement, the Swap Agreements, the Account Agreement, the Administration Agreement and the Irish Security Agreement) to the Trustee to secure the Trustee Claim (*Treuhänderanspruch*) under the Trust Agreement. The Trustee Claim entitles the Trustee to demand that all present and future obligations of the Issuer under the Notes be fulfilled, as set out in Appendix A to the Terms and Conditions; and
- (ii) assign by way of security all its present and future claims, right, title and interest in and to (a) the administration agreement (the "**Administration Agreement**") between the Issuer, the Trustee and Deutsche International Corporate Services (Ireland) Limited as corporate administrator of the Issuer (the "**Administrator**") dated November 15, 2005, (b) the Account with the Account Bank and (c) the bank mandate dated November 14, 2005 and the agreement in respect of the Account between the Issuer, the Trustee, and the Account Bank dated November 22, 2005 (together, the "**Account Agreement**", which term shall also include any other agreement in respect of the Account) (together with the claims and rights pledged as set out under (i), the "**Collateral**") to the Trustee as security for the Trustee Claim (*Treuhänderanspruch*) pursuant to an Irish security agreement (the "**Irish Security Agreement**") between the Issuer and the Trustee dated November 22, 2005.

In addition to the Collateral, the Issuer will on the Issue Date grant a second, junior pledge (*nachrangiges Pfandrecht*) (each a "**Second Pledge**") for each Note of a Class over all its present and future rights and claims under the corresponding Certificate to the Lead Manager as initial holder of the Notes purchased by it under the Subscription Agreement, to secure the Issuer's obligations under such Note (together, the "**Noteholder Collateral**") pursuant to an agreement (the "**Noteholder Security Agreement**") between the Issuer, the Trustee and the Lead Manager dated November 22, 2005. The text of the Noteholder Security Agreement is attached as Appendix D to the Terms and Conditions and constitutes an integral part of the Terms and Conditions. The Second Pledges securing the Notes of a particular Class shall rank *pari passu* among each other. The pledge on any Certificate in favour of the Trustee under the Trust Agreement (the "**First Pledge**") will rank senior to all Second Pledges in respect of such Certificate. The Second Pledges in respect of any Certificate may only be exercised if (i) the First Pledge in favour of the Trustee in respect of such Certificate no longer validly exists or (ii) the Trustee has waived the First Pledge or, in certain circumstances described herein, if (iii) no trustee is appointed in accordance with the Terms and Conditions. The Second Pledges will be

accessory (*akzessorisch*) to the Notes and therefore upon the transfer of each Note the Second Pledge securing such Note will pass on to the transferee by operation of law and so benefit each subsequent holder of such Note in accordance with the Noteholder Security Agreement, subject to the applicable conflict of law rules.

**Notwithstanding the Collateral and/or the Noteholder Collateral, the amount of principal of and, due to potential principal reductions, interest on the Notes may be reduced as a result of Realised Losses, Estimated Losses and Additional Losses incurred with respect to the Reference Claims and only the obligations of the Issuer to pay any amount of principal and interest determined to be due to the Noteholders in accordance with the Terms and Conditions, which may be reduced by such Realised Losses, Estimated Losses and Additional Losses, will have the benefit of the Collateral and/or the Noteholder Collateral.**

#### **4. Reference Pool**

The payment of principal of and, due to potential principal reductions, interest on the Notes is conditional upon the performance of a reference pool of certain residential loan claims (the "**Reference Pool**") as set out in Section 8 (Loss Allocation) and Section 9 (Unjustified Loss Allocation). The Reference Pool is constituted in accordance with and must comply with certain requirements and conditions (the "**Reference Pool Provisions**") set out in Appendix B attached to the Terms and Conditions. The Reference Pool Provisions constitute an integral part of the Terms and Conditions.

#### **5. Trustee**

##### *5.1 Trust Agreement*

For the benefit of the Noteholders and the Senior Swap Counterparty, the Issuer has entered into a trust agreement dated November 22, 2005 (the "**Trust Agreement**") with Deloitte & Touche GmbH Wirtschaftsprüfungsgesellschaft, Schwannstrasse 6, 40476 Düsseldorf, Germany (the "**Trustee**"), the Bank Swap Counterparty, the Determination Agent, the Servicer and KfW. The text of the Trust Agreement (excluding the Schedules thereto) is attached as Appendix A to the Terms and Conditions and constitutes an integral part of the Terms and Conditions. The Notes, including the Terms and Conditions, the Trust Agreement, the Certificate Purchase Agreement, the Certificates, the Noteholder Security Agreement, the Administration Agreement, the Agency Agreement, the Subscription Agreement, the Account Agreement, the Irish Security Agreement and the Swap Agreements, as amended from time to time, are referred to as the "**Transaction Documents**". The Transaction Documents together with the conclusion and performance of the Transaction Documents as well as all other acts, undertakings and activities connected therewith are referred to as the "**Transaction**".

##### *5.2 Obligation to Maintain a Trustee*

As long as any Notes are outstanding the Issuer shall ensure that a trustee is appointed at all times who has undertaken substantially the same functions and obligations as the Trustee pursuant to the Notes, including the Terms and Conditions and the Trust Agreement.

## 6. Payments

### 6.1 General

Payments in respect of the Notes shall be made by wire transfer of same day funds to, or to the order of Clearstream Frankfurt for credit to the accounts held by the relevant Clearstream Frankfurt Accountholders with Clearstream Frankfurt for subsequent transfer to the Noteholders.

### 6.2 Payments of Interest on Temporary Global Notes

Payments of interest in respect of any Notes represented by a Temporary Global Note shall be made to Clearstream Frankfurt for credit to the accounts held by the relevant Clearstream Frankfurt Accountholders upon due certification as provided in Section 1.3 (Notes — Exchange of Temporary Global Notes).

### 6.3 Discharge

All payments in respect of any Note made by or on behalf of the Issuer to Clearstream Frankfurt shall discharge the liability of the Issuer under such Note to the extent of the sums so paid.

The Issuer and the Principal Paying Agent may call and, except in the case of manifest error, shall be at liberty to accept and place full reliance on as sufficient evidence thereof a certificate or letter of confirmation issued on behalf of any Note Custodian or any form of record made by any of them to the effect that at any particular time or throughout any particular period any particular person is, was, or will be shown in the records as a Noteholder of a particular Note.

"**Note Custodian**" means any bank or other financial institution of recognised standing authorised to engage in securities custody business with which the relevant Noteholder maintains a security account in respect of the Notes and which maintains an account with Clearstream Frankfurt, either directly or indirectly through another custodian.

### 6.4 Business Day

If the date for any payment in respect of any Note is not a Business Day, such payment shall not be made until the next succeeding day which is a Business Day unless it would thereby fall into the next calendar month, in which case the payment shall be made on the immediately preceding Business Day. "**Business Day**" means a day which is a TARGET Settlement Day, a Frankfurt Business Day and a Dublin Business Day. "**TARGET Settlement Day**" means a day on which TARGET (the Trans-European Automated Real-time Gross settlement Express Transfer system) is open. "**Frankfurt Business Day**" means a day on which commercial banks are open for general business (including dealings in foreign exchange and foreign currency deposits) and foreign exchange markets settle payments in Frankfurt am Main, Germany, and on which TARGET is open. "**Dublin Business Day**" means a day on which commercial banks are open for general business (including dealings in foreign exchange and foreign currency deposits) and foreign exchange markets settle payments in Dublin, Ireland, and on which TARGET is open.

## 7. Payments of Interest

### 7.1 Accrual Basis

The Note Principal Amount shall bear interest from November 22, 2005 (the "**Issue Date**") until the close of the day (both days inclusive) preceding the day on which such amount has been redeemed in full or reduced to EUR 1 by allocation of Realised Losses, Estimated Losses and Additional Losses pursuant to the Loss Allocation. "**Note Principal Amount**" of any Note means with respect to any

date an amount (rounded, if necessary, to the nearest EUR 0.01, with EUR 0.005 being rounded upwards) equal to the initial principal amount of such Note as, on or before such date, (i) reduced by any Realised Losses, Estimated Losses and Additional Losses allocated to such Note, (ii) increased by any Late Recoveries or as a result of any Unjustified Loss Allocation procedure, and (iii) reduced by any amounts paid on such Note in respect of principal. "**Class Principal Amount**" means, with respect to each Class, the aggregate of the Note Principal Amounts of such Class.

## 7.2 *Payment Dates*

Without prejudice to Section 13 (Taxes), third paragraph, Section 12.1 (Certificate Termination), first paragraph and Section 11.2 (Early Redemption for Default – Method and Amount), payments of interest on the Notes to the Noteholders shall become due and payable quarterly in arrear, on each 7<sup>th</sup> day of February, May, August and November of each year, subject to Section 6.4 (Business Day) (each, a "**Payment Date**"). The first Payment Date shall be on February 7, 2006.

## 7.3 *Interest Amount*

The amount of interest payable in respect of each Note on any Payment Date (the "**Interest Amount**") shall be calculated by applying the Interest Rate for the relevant Interest Accrual Period to its Note Principal Amount outstanding as of the immediately preceding Payment Date or the Issue Date (in the case of the first Payment Date), and multiplying the result by the actual number of days in the relevant Interest Accrual Period divided by 360, rounding the result to the nearest EUR 0.01 (with EUR 0.005 being rounded upwards).

## 7.4 *Interest Accrual Periods*

"**Interest Accrual Period**" means for all Classes, in respect of the first Payment Date, the period commencing on (and including) the Issue Date and ending on (but excluding) the first Payment Date and in respect of any subsequent Payment Date, the period commencing on (and including) the immediately preceding Payment Date and ending on (but excluding) such Payment Date.

## 7.5 *Interest Rates*

The interest rate payable on the Notes for each Interest Accrual Period (each, an "**Interest Rate**") shall be

- in the case of the Class A+ Notes, EURIBOR plus 0.16% per annum,
- in the case of the Class B Notes, EURIBOR plus 0.33% per annum,
- in the case of the Class C Notes, EURIBOR plus 0.50% per annum,
- in the case of the Class D Notes, EURIBOR plus 0.70% per annum, and
- in the case of the Class E Notes, EURIBOR plus 2.20% per annum.

"**EURIBOR**" for each Interest Accrual Period means the rate for deposits in euro for a period of three months (with respect to the first Interest Accrual Period interpolated between two and three months) which appears on Moneyline Telerate Page 248 of the Associated Press-Dow Jones Telerate Service (or such other page as may replace such page on that service for the purpose of displaying Brussels interbank offered rate quotations of major banks) as of 11:00 a.m. (Brussels time) on the second TARGET Settlement Day immediately preceding the commencement of such Interest Accrual Period (each, a "**EURIBOR Determination Date**"), all as determined by the Principal Paying Agent.

If Moneyline Telerate Page 248 is not available or if no such quotation appears thereon, in each case as at such time, the Principal Paying Agent shall request the principal Euro-zone office of the Reference Banks selected by it to provide the Principal Paying Agent with its offered quotation (expressed as a percentage rate per annum) for three-month deposits in euro at approximately 11:00 a.m. (Brussels time) on the relevant EURIBOR Determination Date to prime banks in the Euro-zone

inter-bank market for the relevant Interest Accrual Period and in an amount that is representative for a single transaction in that market at that time. If two or more of the selected Reference Banks provide the Principal Paying Agent with such offered quotations, EURIBOR for such Interest Accrual Period shall be the arithmetic mean of such offered quotations (rounded if necessary to the nearest one thousandth of a percentage point, with 0.0005 being rounded upwards). If on the relevant EURIBOR Determination Date fewer than two of the selected Reference Banks provide the Principal Paying Agent with such offered quotations, EURIBOR for such Interest Accrual Period shall be the rate per annum which the Principal Paying Agent determines as being the arithmetic mean (rounded if necessary to the nearest one thousandth of a percentage point, with 0.0005 being rounded upwards) of the rates communicated to (and at the request of) the Principal Paying Agent by major banks in the Euro-zone, selected by the Principal Paying Agent, at approximately 11:00 a.m. (Brussels time) on such EURIBOR Determination Date for loans in euro to leading European banks for such Interest Accrual Period and in an amount that is representative for a single transaction in that market at that time. "**Reference Banks**" means four major banks in the Euro-zone inter-bank market. "**Euro-zone**" means the region comprising member states of the European Union that have adopted the single currency, the euro, in accordance with the EC Treaty. In the event that the Principal Paying Agent is on any EURIBOR Determination Date required but unable to determine EURIBOR for the relevant Interest Accrual Period in accordance with the above, EURIBOR for such Interest Accrual Period shall be the EURIBOR as determined on the previous EURIBOR Determination Date.

This Section 7 shall be without prejudice to the application of any higher interest under applicable mandatory law.

#### 7.6 *Determinations; Notifications*

On each EURIBOR Determination Date the Interest Amount, the aggregate of the Interest Amounts for all Notes of each Class and the Interest Rates in each case for the immediately following Interest Accrual Period shall be determined by the Principal Paying Agent and notified, together with the Payment Date immediately following such Interest Accrual Period, by the Principal Paying Agent to the Bank Swap Counterparty, the Irish Paying Agent and the Irish Stock Exchange not later than on the first day of such Interest Accrual Period.

## 8. **Loss Allocation**

### 8.1 *Order and Conditions*

On each Payment Date the aggregate amount of any Realised Losses, Estimated Losses and/or Additional Losses shall be allocated as follows (the "**Loss Allocation**"):

*first*, to reduce the Outstanding Threshold Amount,

*second*, after the Outstanding Threshold Amount has been reduced to zero, to reduce equally the Note Principal Amounts of the Class E Notes,

*third*, after the Note Principal Amount of each Class E Note has been reduced to EUR 1 per Note, to reduce equally the Note Principal Amounts of the Class D Notes,

*fourth*, after the Note Principal Amount of each Class D Note has been reduced to EUR 1 per Note, to reduce equally the Note Principal Amounts of the Class C Notes,

*fifth*, after the Note Principal Amount of each Class C Note has been reduced to EUR 1 per Note, to reduce equally the Note Principal Amounts of the Class B Notes,

*sixth*, after the Note Principal Amount of each Class B Note has been reduced to EUR 1 per Note, to reduce equally the Note Principal Amounts of the Class A+ Notes to EUR 1 per Note, *provided that* only the product of the Realised Losses, Estimated Losses and/or Additional Losses and the A+ Reduction Factor shall be allocated to reduce the Class Principal Amount of the Class A+ Notes on such Payment Date, whereby "**A+ Reduction Factor**" means 500,000 divided by 3,285,083,358.99;

*provided that* (i) the Determination Agent has duly notified the Trustee pursuant to Section 8.4 (Loss Allocation — Notice to Trustee) and (ii) such Loss Allocation shall be made in accordance with the terms of the Trustee's confirmation pursuant to Clause 8(4) of the Trust Agreement. Realised Losses, Estimated Losses and/or Additional Losses may not be allocated pursuant to the Loss Allocation if and for as long as the Issuer is in breach of its obligation to maintain a trustee pursuant to Section 5 (Trustee) or any conditions for the Loss Allocation which are to be fulfilled by the Bank Swap Counterparty, the Determination Agent or the Servicer are not complied with or the Bank Swap Counterparty, the Determination Agent, the Servicer, KfW or the Issuer is in breach of its obligations under the Trust Agreement, including, without limitation, a breach of Clause 20, 21, 22 or 25 of the Trust Agreement, and such breach of or non-compliance with the Trust Agreement may affect the exercise of the Trustee's rights and obligations under the Trust Agreement to the detriment of the Transaction Creditors, *provided that* such Realised Losses, Estimated Losses and/or Additional Losses may be allocated pursuant to the Loss Allocation once such breach has been remedied but only to the extent that such breach has not resulted in or increased any such Realised Loss, Estimated Loss and/or Additional Loss, and *provided further that*, if it can be established to the satisfaction of the Trustee that any such breach of the Trust Agreement adversely affects one or more Reference Claims only (including a breach of reporting requirements in respect of a portion of Reference Claims), the Loss Allocation in respect of all other Reference Claims shall not be affected by such breach.

For the avoidance of doubt, if an Estimated Loss with respect to a Reference Claim has been allocated pursuant to the Loss Allocation to the Notes and/or the Outstanding Threshold Amount, no Realised Loss may be allocated with respect to the same Reference Claim pursuant to the Loss Allocation.

Without prejudice to Section 12.1 (Early Redemption by the Issuer - Certificate Termination), if any Realised Loss, Estimated Loss and/or Additional Loss has not been allocated pursuant to the Loss Allocation because no Determination Agent had assumed the rights and obligations under the Trust Agreement such Realised Loss, Estimated Loss and/or Additional Loss may be allocated pursuant to the Loss Allocation once a Determination Agent assumes such rights and obligations but only to the extent that such absence of a Determination Agent has not resulted in or increased any such Realised Loss, Estimated Loss and/or Additional Loss.

Reference Claims in respect of which any of the Eligibility Criteria, Servicing Standards or, if relevant, requirements for transfer of such Reference Claim pursuant to Provision 8 (Transfers) of the Reference Pool Provisions is not complied with shall not qualify for allocation of Realised Losses, Estimated Losses and/or Additional Losses pursuant to the Loss Allocation, subject to certain limited exceptions, as set out in Provision 9 (Non-compliance) of the Reference Pool Provisions.

If any Note remains outstanding after any other Note, ranking equal or junior to such outstanding Note for the purposes of the Loss Allocation, has, for any reason, been redeemed, other than in accordance with the Terms and Conditions, in full or in part (as opposed to any reduction of the principal amount by the Loss Allocation), each such redeemed Note shall be deemed to remain outstanding for the purposes of the Loss Allocation in respect of such Note.

*provided that* if the Pool Reduction, multiplied in the case of (i) above by the A+ Reduction Factor, exceeds the Class Principal Amount of the relevant Class of Notes, (x) such Class shall be redeemed only in the amount of such Class Principal Amount and (y) the amount of such excess, multiplied, if such excess results from the application of (i) above, by the A+ Increase Factor, shall constitute the "Pool Reduction" for the purposes of calculating the redemption amount for the Class of Notes next to be redeemed pursuant to the order set out in (i) and (ii) above; and

*provided further that* the redemption amount allocated to each Class of Notes will be, in each case, calculated after the reduction of the Class Principal Amount(s) by allocation of Realised Losses, Estimated Losses and/or Additional Losses, if any, and the increase of the Class Principal Amount(s) as a result of allocation of Late Recoveries and/or Unjustified Loss Allocation, if any, in each case on the relevant Payment Date pursuant to Section 8 (Loss Allocation) and Section 9 (Unjustified Loss Allocation), respectively.

**"Principal Reductions"** means any Collections with respect to a Reference Claim and increases of the principal balance of the Building Savings Account relating to such Reference Claim, as stated in the Servicer's records (including annually capitalised interest), in each case during a given Collection Period, *provided that* each Direct Debit (*Lastschriftinzugsverfahren*) shall constitute an increase of the principal balance of the Building Savings Account at the time it is made, *provided that* if it is claimed back (*Lastschriftrückbelastung*) thereafter, (i) it shall cease to constitute an increase of the principal balance of the Building Savings Account and the Outstanding Protected Amount of the relevant Reference Claim shall be re-increased by the amount claimed back (the "**Direct Debit Increase**", and the amount so claimed back, the "**Direct Debit Increase Amount**") or (ii) if the Direct Debit Increase occurs in a Collection Period other than the Collection Period in which the Direct Debit occurred, such Direct Debit Increase Amount shall be deducted from the aggregate Principal Reductions obtained since the beginning of the Collection Period in which the relevant Direct Debit Increase occurred.

- (c) On any Payment Date following the Collection Period during which the Aggregate Principal Balance reduced by the aggregate of the Outstanding Protected Amounts of all Liquidated Reference Claims has been reduced to 12% or less of the Initial Aggregate Principal Balance (as defined in Provision 1 of the Reference Pool Provisions), the redemption of the Notes, if KfW so elects by giving not more than 10 days' notice to the Bank Swap Counterparty and the Determination Agent after the end of the Related Collection Period, shall be subject to the following:

on each Payment Date, the Notes shall be redeemed sequentially pursuant to the order set out in Section 10.1(a) (Redemption - Amortisation of the Notes) as follows: the Note Principal Amount of each Note of the relevant Class shall be repaid in an amount equal to the excess, if any, of (i) the sum of (aa) the aggregate of the Note Principal Amounts of all Notes (multiplied

in the case of the Class A+ Notes by the A+ Increase Factor) as of the calendar day preceding such Payment Date reduced by Realised Losses, Estimated Losses and/or Additional Losses allocated to such Notes as of such Payment Date and increased by any Late Recoveries or as a result of any Unjustified Loss Allocation procedure as of such Payment Date and (bb) the Outstanding Threshold Amount as of such Payment Date over (ii) 120% of the subtraction of (aa) the Aggregate Principal Balance and (bb) the aggregate of the Outstanding Protected Amounts of all Liquidated Reference Claims;

*provided that* such amount shall

- (A) in the case of the Class A+ Notes be multiplied by the A+ Reduction Factor; and
- (B) in each case, be divided by the number of Notes of a Class and rounded to the nearest EUR 0.01 (with EUR 0.005 being rounded upwards); and

*provided further that* if the amount of such excess, multiplied in the case of the Class A+ Notes by the A+ Reduction Factor, exceeds the Class Principal Amount (as reduced as a result of Loss Allocation and/or increased as a result of any Late Recoveries and/or Unjustified Loss Allocation) of the relevant Class of Notes (such excess amount for the purposes of this Section, the "**Class Excess**"), (x) such Class shall be redeemed only in the amount of such Class Principal Amount and (y) the Class Excess (as defined in this paragraph), multiplied, if such Class Excess (as defined in this paragraph) results from the application of (A) above in respect of the Class A+ Notes, by the A+ Increase Factor, shall constitute the "excess" for the purposes of calculating the redemption amount for the Class of Notes next to be redeemed pursuant to the order set out in Section 10.1(a) (Redemption - Amortisation of the Notes).

## 10.2 *Scheduled Maturity*

The Notes shall be redeemed on the Payment Date falling on August 7, 2050 (the "**Scheduled Maturity Date**") at their Note Principal Amount as of the Scheduled Maturity Date. If any Reference Claim (other than a Liquidated Reference Claim, or a Non-qualifying Reference Claim) is overdue and outstanding or in respect of which Bankruptcy has occurred (each, an "**Overdue Reference Claim**", which term shall include for the avoidance of doubt, any Defaulted Reference Claim) as of the end of the Collection Period immediately preceding the Scheduled Maturity Date, then the redemption of the Notes shall be subject to the following:

- (a) the Outstanding Protected Amount of each Overdue Reference Claim as of the end of the Collection Period immediately preceding the Scheduled Maturity Date shall be deemed to be a Realised Loss and shall be allocated pursuant to the Loss Allocation, if the sum of (A) such deemed Realised Losses, and (B) any other Realised Losses, Estimated Losses and/or Additional Losses to be allocated as of the Scheduled Maturity Date does not exceed the Outstanding Threshold Amount as of the end of the Collection Period immediately preceding the Scheduled Maturity Date;
- (b) if the Overdue Reference Claims cannot be allocated pursuant to (a) above, the redemption of those Notes, to which the Outstanding Protected Amounts of such Overdue Reference Claims as of the end of the Collection Period immediately preceding the Scheduled Maturity Date would be allocated pursuant to the Loss Allocation if such amounts were Realised Losses, shall be deferred so that the aggregate of the Note Principal Amounts of such Notes (multiplied in the case of the Class A+ Notes by the A+ Increase Factor) immediately after the Scheduled Maturity Date is in an amount equal to the aggregate of such Outstanding Protected Amounts as of the end of the Collection Period immediately preceding the Scheduled Maturity Date minus the Outstanding Threshold Amount as of the Scheduled Maturity Date, *provided that* on any Payment Date following the Scheduled Maturity Date deemed Realised Losses may be

determined and allocated to the Outstanding Threshold Amount pursuant to the Loss Allocation if the conditions in paragraph (a) are met; and

- (c) if one or more Classes of Notes remain outstanding pursuant to paragraph (b) above, the Terms and Conditions shall continue to apply to such Classes of Notes, *provided that* on each Payment Date following the Scheduled Maturity Date, such Classes of Notes shall be redeemed sequentially pursuant to the order set out in Section 10.1(a) (Redemption - Amortisation of the Notes) as follows: the Note Principal Amount of each Note of the relevant Class shall be repaid in an amount equal to the excess of (A) the aggregate of the Note Principal Amounts of all Notes (multiplied in the case of the Class A+ Notes by the A+ Increase Factor) as of the calendar day preceding such Payment Date reduced by Realised Losses, Estimated Losses and/or Additional Losses allocated to such Notes as of such Payment Date and increased by any Late Recoveries or as a result of any Unjustified Loss Allocation procedure as of such Payment Date over (B) the amount of the aggregate of the Outstanding Protected Amounts of all Overdue Reference Claims as of the end of the Collection Period immediately preceding such Payment Date minus the Outstanding Threshold Amount as of such Payment Date;

*provided that* such amount shall

- (aa) in the case of the Class A+ Notes be multiplied by the A+ Reduction Factor; and
- (bb) in each case, be divided by the number of Notes of such Class and rounded to the nearest EUR 0.01 (with EUR 0.005 being rounded upwards); and

*provided further that* if the amount of such excess, multiplied in the case of the Class A+ Notes by the A+ Reduction Factor, exceeds the Class Principal Amount (as reduced as a result of Loss Allocation and/or increased as a result of any Late Recoveries and/or Unjustified Loss Allocation) of the relevant Class of Notes (such excess amount for the purposes of this section, the "**Class Excess**"), (x) such Class shall be redeemed only in the amount of such Class Principal Amount and (y) the Class Excess (as defined in this section), multiplied, if such Class Excess (as defined in this section) results from the application of (aa) above in respect of the Class A+ Notes, by the A+ Increase Factor, shall constitute the "excess" for the purposes of calculating the redemption amount for the Class of Notes next to be redeemed pursuant to the order set out in Section 10.1(a) (Redemption - Amortisation of the Notes); and

- (d) if on or before the Reporting Date preceding the Scheduled Maturity Date or any subsequent Payment Date, as applicable, the Determination Agent confirms to the Trustee that all Overdue Reference Claims will be settled within the Outstanding Threshold Amount on the Scheduled Maturity Date or such Payment Date, as applicable, all then outstanding Notes shall be redeemed in full at their Note Principal Amounts on the Scheduled Maturity Date or such Payment Date, as the case may be.

"**A+ Increase Factor**" means 1 divided by the A+ Reduction Factor.

### 10.3 *Legal Maturity*

In the event that any Defaulted Reference Claim for which no Realised Loss, or Estimated Loss has been determined remains outstanding as of the end of the Collection Period immediately preceding the Payment Date falling on August 7, 2052 (the "**Legal Maturity Date**"), the Issuer shall:

- (i) cause the determination of the Appraised Loss in respect of each such Defaulted Reference Claim;

- (ii) cause the Determination Agent to make the determination pursuant to Section 8.3 (Loss Allocation - Determinations) for the purposes of the Loss Allocation on the Legal Maturity Date, and
- (iii) redeem the remaining outstanding Notes at their Note Principal Amounts on the Legal Maturity Date.

"**Appraised Loss**" means, with respect to any Reference Claim, the excess of (A) the Outstanding Protected Amount, the Accrued Interest, the Enforcement Costs and any external costs and expenses in connection with payment rescheduling or debt restructuring in respect of such Reference Claim, at any time over (B) its Appraised Value at such time.

"**Appraised Value**" means, with respect to a Reference Claim, the aggregate amount of the expected future recoveries (including payments made on the Building Savings Account) allocable to such Reference Claim (including, for the avoidance of doubt, with respect to Accrued Interest and Enforcement Costs) in accordance with the Reference Pool Provisions and the Servicing Standards, determined as the arithmetic mean of amounts determined by two independent experts appointed for this purpose by the Trustee in accordance with the Trust Agreement, *provided that* for the determination of an Appraised Value otherwise than for the purposes of this Section 10.3 (Redemption - Legal Maturity) and Section 11.2 (Early Redemption for Default - Method and Amount) an amount determined by one independent expert appointed for this purpose by the Trustee in accordance with the Trust Agreement shall suffice.

## 11. Early Redemption for Default

### 11.1 *Default Events*

Each Noteholder may declare due the Notes held by it by delivery of a written notice to the Issuer with a copy to the Trustee if a Default Event with respect to any Note held by it occurred, *provided that* the right to declare the Notes due in respect of any Default Event shall cease to exist if such Default Event has been cured before the right is exercised.

"**Default Event**" means either of the following:

- (i) the Issuer fails to make any payment due to be made under the Notes within 30 Business Days from the relevant due date,
- (ii) the Issuer or its assets become subject to bankruptcy, examinership, insolvency, moratorium or similar proceedings, which affect or prejudice the performance of obligations under the Notes, or there is a refusal to institute such proceedings for lack of assets, or
- (iii) the expiration of the 30th Business Day (the "**Trustee Resignation Effective Date**") following the delivery of a notice (the "**Trustee Resignation Notice**") by the Trustee to the Noteholders pursuant to Section 15 (Form of Notices) that it will resign as Trustee pursuant to the Trust Agreement for good cause (*aus wichtigem Grund*) unless a notice to the Noteholders pursuant to Section 15 (Form of Notices) has been given on or before the 28th Business Day following the delivery of the Trustee Resignation Notice that the cause for such resignation has been remedied to the Trustee's satisfaction or a successor trustee has been appointed in accordance with the Trust Agreement.

### 11.2 *Method and Amount*

In the event that any Noteholder exercises its right pursuant to Section 11.1 (Early Redemption for Default — Default Events) the Issuer shall (i) redeem all of the Notes (but not some only) within 10

Business Days following the Termination Date in the amount equal to the Note Principal Amounts as of the Termination Date as reduced by Realised Losses, Estimated Losses and Additional Losses to be determined and allocated pursuant to the Loss Allocation as of the Termination Date (as reduced by Late Recoveries and/or as a result of the Unjustified Loss Allocation procedure) as if such date were a Payment Date (with the Related Collection Period ending on the last Servicer Business Day of the month immediately preceding the Termination Date) and (ii) pay accrued interest on each Note, (x) for the period commencing on (and including) the Payment Date immediately preceding the Termination Date and ending on (but excluding) the Termination Date in respect of the Note Principal Amount outstanding as of such Payment Date and (y) for the period commencing on (and including) the Termination Date and ending on (but excluding) the date on which all, or in the case of (b) below some, of the Notes are redeemed pursuant to (i) above (such date, the "**Termination Redemption Date**"), in respect of the Note Principal Amount outstanding as of the Termination Date (as reduced by Realised Losses, Estimated Losses and Additional Losses allocated pursuant to (i) above); *provided that*, if any Defaulted Reference Claims are outstanding as of the last Servicer Business Day of the month immediately preceding the Termination Date, the obligation of the Issuer to redeem the Notes shall, if the Issuer so elects, be subject to the following:

- (a) the Outstanding Protected Amount of each Defaulted Reference Claim as of the last Servicer Business Day of the month immediately preceding the Termination Date may be deemed to be a Realised Loss and may be allocated pursuant to the Loss Allocation, if the sum of (A) such deemed Realised Losses, and (B) any other Realised Losses, Estimated Losses and Additional Losses to be allocated as of the Termination Date does not exceed the Outstanding Threshold Amount as of the Termination Date;
- (b) if the Defaulted Reference Claims cannot be allocated pursuant to (a) above, the redemption of those Notes, to which the Outstanding Protected Amounts of such Defaulted Reference Claims as of the last Servicer Business Day of the month immediately preceding the Termination Date would be allocated pursuant to the Loss Allocation, if such amounts were Realised Losses, shall be deferred so that the aggregate of the Note Principal Amounts of such Notes (multiplied in the case of the Class A+ Notes by the A+ Increase Factor) immediately after the Termination Date is in an amount equal to the aggregate of such Outstanding Protected Amounts as of the last Servicer Business Day of the month immediately preceding the Termination Date minus the Outstanding Threshold Amount as of the Termination Date; and
- (c) the Issuer shall procure that Appraised Losses in respect of all Defaulted Reference Claims as of the last Servicer Business Day of the month immediately preceding the Termination Date are determined within 30 calendar days of the Termination Date in accordance with the Trust Agreement. Each such Appraised Loss shall constitute a Realised Loss to be allocated pursuant to the Loss Allocation. Not later than on the fifth Business Day following the expiry of such 30 calendar day period: (i) each such Realised Loss shall be allocated pursuant to the Loss Allocation, and (ii) the Issuer shall redeem the remaining outstanding Notes at the then outstanding Note Principal Amounts following such Loss Allocation and (iii) the Issuer shall pay accrued interest on each Note in respect of the Note Principal Amount outstanding as of the Termination Redemption Date for the period commencing on (and including) the Termination Redemption Date and ending on (but excluding) the date of redemption pursuant to (c)(ii) above,

*provided that*, for the purpose of this Section 11.2, no Payment Dates shall occur as from the Termination Date. For the avoidance of doubt, for the purpose of determining the interest payable hereunder, EURIBOR shall be EURIBOR as determined on the EURIBOR Determination Date immediately preceding the Termination Date.

"**Termination Date**" means the date on which the first early redemption notice from a Noteholder pursuant to Section 11.1 (Early Redemption for Default — Default Events) is received by the Issuer.

## 12. Early Redemption by the Issuer

### 12.1 Certificate Termination

The Issuer shall redeem the Notes (all Classes but not some only, in whole but not in part except by operation of Section 12.2 (Early Redemption by the Issuer - Deferred Redemption)) on the date on which the Certificate Termination occurs, in each case, at the then current Note Principal Amount as of such date (the "**Early Redemption Date**") and, in case such date is not a Payment Date, as if such date were a Payment Date, in accordance with this Section 12 (the "**Early Redemption**").

"**Certificate Termination**" occurs

- (a) on the Payment Date as of which KfW exercises its prepayment option under the Certificates (i) upon the occurrence of an Early Redemption Event or (ii) if no Realised Losses, Estimated Losses and Additional Losses may be allocated pursuant to the Loss Allocation because (a) the obligations of the Determination Agent and/or the Servicer under the Transaction Documents have not been complied with, and (b) in the reasonable judgement of KfW and subject to the consent of the Trustee, which shall not be unreasonably withheld, such non-compliance cannot be cured within a reasonable time; or
- (b) on the tenth Business Day following the termination of the Mezzanine Tranche of the Bank Swap because of the occurrence of a Serious Cause of the Bank Swap Counterparty or Insolvency of the Bank Swap Counterparty.

"**Early Redemption Event**" means (a) the occurrence of a Regulatory Event, or (b) the reduction of the Aggregate Principal Balance to less than 10% of the Initial Aggregate Principal Balance, or (c) the Payment Date falling in November 2013 or any Payment Date thereafter, or (d) the occurrence of a Tax Event, or (e) the termination of the Bank Swap upon transfer of the Reference Pool if no substitute Bank Swap is entered into upon such transfer.

"**Mezzanine Tranche**" (as defined in the Bank Swap) means the rights and obligations under the Bank Swap related to the credit protection in respect of Realised Losses, Estimated Losses and Additional Losses allocated to the Notes pursuant to Loss Allocation.

"**Tax Event**" means any enactment of or supplement or amendment to, or change in, the laws of the Federal Republic of Germany or Ireland, or an official communication of previously not existing or not publicly available official interpretation of such laws, or a change in the official interpretation, implementation or application of such laws, in each case that becomes effective on or after the Issue Date, as a result of which, in the determination of KfW, for reasons outside its control KfW and/or the Issuer would be required to pay any additional amounts on account of taxes resulting from a change in the Issuer's status for Irish tax purposes and/or to make any tax withholding or deduction in respect of any payments on the Notes and/or the Certificates or the Issuer would be required to pay any insurance tax in respect of the Notes.

"**Regulatory Event**" means any enactment or establishment of or supplement or amendment to, or change in, (A) the laws of the Federal Republic of Germany or Ireland, or an official communication of previously not existing or not publicly available official interpretation of such laws, or a change in the official interpretation, implementation or application of such laws, or (B) any accord, standard or recommendation of the Basel Committee on Banking Supervision or an official communication of previously not existing or not publicly available official interpretation of any such accord, standard or recommendation, or a change in the official interpretation, implementation or application of any such accord, standard or recommendation, in each case that becomes effective on or after the Issue Date or, if relevant, on the date on which any subsequent Bank Swap is entered into, or, if no subsequent Bank Swap is entered into, the date on which the Bank Swap between the Bank and KfW has been ended, as

a result of which, in the determination of KfW or, for the purpose of the Bank Swap, the Bank Swap Counterparty, subject to the professional judgement of the Trustee, or, in relation to the definition of Certificate Termination, KfW, for reasons outside their control, and after taking reasonable measures (such measures not involving any material additional payment by, or capital or other expenses for, the Bank Swap Counterparty, the Determination Agent, the Servicer, KfW or the Issuer), (i) the Determination Agent and/or the Servicer would be materially restricted from complying with the conditions for the Loss Allocation and/or the Bank Swap Counterparty, the Determination Agent, the Servicer, KfW and/or the Issuer would be materially restricted from performing any of their obligations under any of the Notes, the Swap Agreements, the Certificates, the Trust Agreement and/or the Certificate Purchase Agreement, (ii) the Bank Swap Counterparty and/or KfW are (either by voluntary submission or by applicable law) subject to less favourable capital adequacy treatment with respect to the Transaction, the Reference Claims (taking into account any capital relief from the Notes, the Certificates or the Swap Agreements) and/or the amount of regulatory capital freed up in respect of any Reference Claim, including as a result of a reduction of the risk weighting factor for such Reference Claim, by comparison to the situation that existed on the Issue Date immediately after the issue of the Notes or, if relevant, on the date on which any subsequent Bank Swap is entered into, or, if no subsequent Bank Swap is entered into, the date on which the Bank Swap between the Bank and KfW has been ended, or (iii) the Bank Swap Counterparty, the Servicer, KfW and/or the Issuer would be required to pay any additional amounts on account of taxes resulting from a change in the Issuer's status for Irish tax purposes and/or to make any tax withholding or deduction in respect of any payments on the Notes, the Certificates or any Swap Agreement or any other agreement relating to the Transaction. For the avoidance of doubt, the occurrence of a Regulatory Event shall not be excluded by the fact that, prior to the Issue Date or the date on which a transfer of the Reference Pool occurs, as the case may be, (a) the event constituting such Regulatory Event was announced or contained in any proposal for a change in the official interpretation, implementation or application of the laws of the Federal Republic of Germany or Ireland or any accord, standard or recommendation of the Basel Committee on Banking Supervision (including any document or other communication in draft form) or expressed in any statement by any official of the competent authority in expert meetings or other discussions in connection with such change or (b) the competent authority has taken any decision or expressed any view with respect to any individual transaction other than the Transaction. Accordingly, such proposals, statements, decisions or views shall not be taken into account when assessing the capital adequacy treatment to which the Bank Swap Counterparty and/or KfW is subject on the Issue Date immediately after the issue of the Notes or, if relevant, on the date on which any subsequent Bank Swap is entered into or, if no subsequent Bank Swap is entered into, the date on which the Bank Swap between the Bank and KfW has been ended.

"**Serious Cause**" occurs, *inter alia*, where a payment or other performance due by the Bank Swap Counterparty under the Bank Swap has not been received, for whatever reason, by KfW within five Business Days after the Bank Swap Counterparty has been notified of non-receipt of the payment or other non-performance.

"**Insolvency**" occurs if an application is filed for the commencement of bankruptcy or other insolvency proceedings against the assets of the Bank Swap Counterparty and the Bank Swap Counterparty either has filed the application itself or is generally unable to pay its debts as they fall due or is otherwise in a situation which justifies the commencement of such proceedings.

"**Aggregate Principal Balance**" means the aggregate of the Outstanding Protected Amounts of all Reference Claims including the Outstanding Protected Amount of any Reference Claim which is either a Defaulted Reference Claim or a Liquidated Reference Claim, but, for the avoidance of doubt, excluding the Outstanding Protected Amounts of any Reference Claims removed from the Reference Pool pursuant to Provision 9 (Non-compliance) or Provision 8 (Transfers) of the Reference Pool Provisions.

## 12.2 *Deferred Redemption*

If (1) the Certificate Termination does *not* result from the occurrence of Serious Cause or Insolvency pursuant to clause (b) of the definition of Certificate Termination or from the occurrence of the circumstances described in clause (a)(ii) of the definition of Certificate Termination, and (2) any Overdue Reference Claims are outstanding as of the end of the Collection Period immediately preceding the Early Redemption Date, then the Early Redemption pursuant to Section 12.1 (Early Redemption - Certificate Termination) shall be subject to the following:

- (i) the Outstanding Protected Amount of each Overdue Reference Claim as of the end of the Collection Period immediately preceding the Early Redemption Date shall be deemed to be a Realised Loss and shall be allocated pursuant to the Loss Allocation, if the sum of (A) such deemed Realised Losses, and (B) any other Realised Losses, Estimated Losses and/or Additional Losses to be allocated as of the Early Redemption Date does not exceed the Outstanding Threshold Amount as of the end of the Collection Period immediately preceding the Early Redemption Date;
- (ii) if the Overdue Reference Claims cannot be allocated pursuant to (i) above, the redemption of those Notes to which the Outstanding Protected Amounts of such Overdue Reference Claims, as of the end of the Collection Period immediately preceding the Early Redemption Date would be allocated pursuant to the Loss Allocation if those amounts were Realised Losses shall be deferred so that the aggregate of the Note Principal Amounts of such Notes (multiplied in the case of the Class A+ Notes by the A+ Increase Factor) immediately after the Early Redemption Date is in an amount equal to the aggregate of such Outstanding Protected Amounts as of the end of the Collection Period immediately preceding the Early Redemption Date minus the Outstanding Threshold Amount as of the Early Redemption Date, provided that on any Payment Date following the Early Redemption Date deemed Realised Losses may be determined and allocated to the Outstanding Threshold Amount pursuant to the Loss Allocation if the conditions in paragraph (i) are met;
- (iii) if one or more Classes of Notes remain outstanding pursuant to paragraph (ii) above, the Terms and Conditions shall continue to apply to such Classes of Notes, *provided that* on each Payment Date following the Early Redemption Date, such Classes of Notes shall be redeemed sequentially pursuant to the order set out in Section 10.1 (Redemption — Amortisation of the Notes), as follows: the Note Principal Amount of each Note of the relevant Class shall be repaid in an amount equal to the excess of (A) the aggregate of the Note Principal Amounts of all Notes (multiplied in the case of the Class A+ Notes by the A+ Increase Factor) as of the calendar day preceding such Payment Date reduced by Realised Losses, Estimated Losses and/or Additional Losses allocated to such Notes as of such Payment Date and increased by any Late Recoveries or as a result of any Unjustified Loss Allocation procedure as of such Payment Date, over (B) the amount of the aggregate of the Outstanding Protected Amounts of all Overdue Reference Claims as of the end of the Collection Period immediately preceding such Payment Date minus the Outstanding Threshold Amount as of such Payment Date;

*provided that* the amount of such excess shall

- (aa) in the case of the Class A+ Notes be multiplied by the A+ Reduction Factor; and
- (bb) in each case, be divided by the number of Notes of such Class and rounded to the nearest EUR 0.01 (with EUR 0.005 being rounded upwards); and

*provided further that*, if the amount of such excess, multiplied in the case of the Class A+ Notes by the A+ Reduction Factor, exceeds the Class Principal Amount (as reduced as a result of Loss Allocation and/or increased as a result of any Late Recoveries and/or Unjustified Loss Allocation) of the relevant Class of Notes (such excess amount for the purposes of this section,

the "Class Excess"), (x) such Class shall be redeemed only in the amount of such Class Principal Amount and (y) the Class Excess (as defined in this section), multiplied, if such Class Excess (as defined in this section) results from the application of (aa) above in respect of the Class A+ Notes, by the A+ Increase Factor, shall constitute the "excess" for the purposes of calculating the redemption amount for the Class of Notes next to be redeemed pursuant to the order set out in Section 10.1(a) (Redemption - Amortisation of the Notes);

- (iv) if on or before the Reporting Date preceding the Early Redemption Date or any subsequent Payment Date, as applicable, the Determination Agent confirms to the Trustee that all Overdue Reference Claims will be settled within the Outstanding Threshold Amount on the Early Redemption Date or such subsequent Payment Date, as applicable, all then outstanding Notes shall be redeemed in full at their Note Principal Amounts on the Early Redemption Date or such subsequent Payment Date, as the case may be; and
- (v) if (1) one or more Classes of Notes remain outstanding pursuant to paragraphs (ii) to (iii) above and (2) (A) an Insolvency occurs after the Early Redemption Date, or (B) circumstances described in clause (a)(ii) of the definition of Certificate Termination occur after the Early Redemption Date, in the case of (A) the Notes shall be, and in the case of (B) the Notes shall be, at the option of KfW, redeemed in accordance with Section 11.2 (Early Redemption for Default — Method and Amount), except that (aa) the redemption pursuant to Section 11.2 (subject to any deferral pursuant to Section 11.2(b)) shall be made on the 10<sup>th</sup> Business Day following the termination of the Mezzanine Tranche of the Bank Swap because of the occurrence of Serious Cause or Insolvency of the Bank Swap Counterparty, or, as relevant, on the Payment Date immediately following the Collection Period during which the notice from KfW to the Issuer, the Determination Agent and the Trustee was given, that it is exercising the option pursuant to (2)(B) above, and (bb) references to the Termination Date shall be deemed to be references to the date of the termination of the Mezzanine Tranche of the Bank Swap because of the occurrence of Serious Cause or Insolvency of the Bank Swap Counterparty, or, as relevant, the date on which KfW notifies the Issuer, the Determination Agent and the Trustee of the exercise of the option pursuant to (2)(B) above, in each case for the purpose of this Section 12.2(v).

### 12.3 *Redemption upon the Occurrence of other Certificate Termination Events*

If (i) the Certificate Termination results from either (A) the occurrence of Serious Cause or Insolvency pursuant to clause (b) of the definition of Certificate Termination, or (B) the occurrence of the circumstances described in clause (a)(ii) of the definition of Certificate Termination, and (ii) any Defaulted Reference Claims are outstanding as of the end of the last Servicer Business Day of the month immediately preceding the Early Redemption Date, the Notes shall be redeemed in accordance with Section 11.2 (Early Redemption for Default - Method and Amount), except that (x) the redemption pursuant to Section 11.2 (subject to any deferral pursuant to Section 11.2(c)) shall be made on the Early Redemption Date and (y) references to the Termination Date shall be deemed to be references to the Early Redemption Date for the purpose of this Section 12.3 and *provided that*, in the case of (i)(B) above and for the purpose of this Section 12.3 only, a Determination Agent has been appointed to make the determinations pursuant to Section 11.2.

### 12.4 *Reference Pool*

For the avoidance of doubt, the redemption pursuant to Section 12 (Early Redemption by the Issuer) shall not result in the exclusion of any Reference Claim from the Reference Pool.

## 13. **Taxes**

collected (collectively, "**taxes**") under any applicable system of law or in any country which claims fiscal jurisdiction by, or for the account of, any political subdivision thereof or government agency therein authorised to levy taxes, to the extent that such deduction or withholding is required by law. The Issuer shall account for the deducted or withheld taxes with the competent government agencies.

**Neither the Issuer nor KfW is obliged to pay any amounts as compensation for deduction or withholding of taxes in respect of payments on the Notes.**

If on any Payment Date any withholding or deduction on account of taxes is imposed with respect to payments by KfW under the Certificates, the amount payable by the Issuer under any Note of a particular Class on such Payment Date shall be reduced by the amount of such withholding or deduction made with respect to the corresponding Certificate divided by the number of Notes of the Class of Notes relating to such Certificate.

## THE TRUST AGREEMENT

The following is the text of the Trust Agreement. The text is attached as Appendix A to the Terms and Conditions and constitutes an integral part of the Terms and Conditions. In case of any overlap or inconsistency in the definition of a term or expression in the Trust Agreement and elsewhere in this Prospectus, the definition in the Trust Agreement will prevail.

This Trust Agreement is entered into as of November 22, 2005 between Deloitte & Touche GmbH Wirtschaftsprüfungsgesellschaft, Schwannstrasse 6, 40476 Düsseldorf, Germany (the "**Trustee**"), PROVIDE BLUE 2005-2 PLC, 5 Harbourmaster Place, IFSC, Dublin 1, Ireland, a public limited company incorporated under the laws of Ireland (the "**Issuer**"), BHW Bausparkasse AG, Lubahnstrasse 2, 31789 Hameln, Germany (the "**Bank**", the "**Determination Agent**", which term shall include any substitute determination agent appointed in accordance with this Trust Agreement, and the "**Servicer**", as applicable) and KfW, Palmengartenstrasse 5-9, 60325 Frankfurt am Main, Germany ("**KfW**"), and *inter alia* sets out the rights and obligations of the Trustee which govern the performance of its functions under this Trust Agreement in connection with:

- (i) the issue on the Issue Date by the Issuer of the following classes of credit linked notes:
  - (a) EUR 500,000 Class A+ Floating Rate Credit Linked Notes,
  - (b) EUR 67,500,000 Class B Floating Rate Credit Linked Notes,
  - (c) EUR 41,900,000 Class C Floating Rate Credit Linked Notes,
  - (d) EUR 30,500,000 Class D Floating Rate Credit Linked Notes, and
  - (e) EUR 15,500,000 Class E Floating Rate Credit Linked Notes,
- (ii) the following certificates of indebtedness credit linked to the Reference Claims (each, a "**Certificate**") signed by KfW as obligor and the Issuer as creditor on November 22, 2005, each constituting an undertaking of indebtedness of KfW to pay the following principal amounts and interest thereon to the creditor of the Certificates or its assignee pursuant to the conditions set out in the Certificates (the "**Certificate Conditions**"):
  - (a) Floating Rate Class A+ Certificate (the "**A+ Certificate**") in an initial principal amount of EUR 500,000,
  - (b) Floating Rate Class B Certificate (the "**B Certificate**") in an initial principal amount of EUR 67,500,000,
  - (c) Floating Rate Class C Certificate (the "**C Certificate**") in an initial principal amount of EUR 41,900,000,
  - (d) Floating Rate Class D Certificate (the "**D Certificate**") in an initial principal amount of EUR 30,500,000, and
  - (e) Floating Rate Class E Certificate (the "**E Certificate**") in an initial principal amount of EUR 15,500,000.

The Certificates constitute unsecured and unsubordinated obligations of KfW ranking *pari passu* among themselves and *pari passu* with all other unsecured and unsubordinated obligations of KfW, subject to reductions of principal of and, due to such principal reductions, interest on the Certificates as a result of the Loss Allocation to the Notes and each Certificate

has terms and conditions regarding payments of principal and interest matching with the corresponding Class of Notes as follows:

  - (b) the conditions of the B Certificate match with the terms and conditions of the Class B Notes;

Pursuant to the Bank Swap, KfW will pay to the Bank Swap Counterparty amounts equal to all Realised Losses, Estimated Losses and Additional Losses allocated pursuant to the Loss Allocation in excess of the Outstanding Threshold Amount; and
- (iv) a credit default swap (the "**Senior Swap**") between KfW and a counterparty (the "**Senior Swap Counterparty**"). Pursuant to the Senior Swap, the Senior Swap Counterparty will pay to KfW amounts equal to a specified multiple of the amounts by which the Class Principal Amount of the Class A+ Notes is reduced as a result of any Loss Allocation.

Each amount payable as a result of Realised Losses, Estimated Losses and Additional Losses under the Senior Swap and the Bank Swap (together the "**Swap Agreements**") is referred to as a "**Cash Settlement Amount**". The Noteholders and the Senior Swap Counterparty are jointly referred to as "**Transaction Creditors**". For as long as there is no Senior Swap, KfW shall be itself deemed a Transaction Creditor in the position of the Senior Swap Counterparty for the purposes of this Trust Agreement.

Terms used but not defined herein have the same meaning as in the terms and conditions of the Notes (the "**Terms and Conditions**"), or, if not defined therein, in the Certificates or the Swap Agreements. With respect to Realised Losses, Estimated Losses and Additional Losses giving rise to the payment of any Cash Settlement Amount under the Swap Agreements, references to Loss Allocation (or allocation of Realised Losses, Estimated Losses or Additional Losses) and Unjustified Loss Allocation shall be deemed to be references to "**Cash Settlement**" and "**Unjustified Cash Settlement**", respectively.

NOW THEREFORE, the parties agree as follows:

**Clause 1**  
**Duties of the Trustee; Compliance by the Determination Agent,**  
**the Bank Swap Counterparty and the Servicer**

(1) This Trust Agreement *inter alia* sets out the rights and obligations of the Trustee and the conditions for the Loss Allocation to be fulfilled by the Determination Agent, the Bank Swap Counterparty and the Servicer.

(2) Unless otherwise stated in this Trust Agreement, the Trustee is not obliged to supervise the discharge by the Issuer, KfW, the Bank Swap Counterparty, the Servicer or the Determination Agent of their respective payment and other obligations arising from the Transaction Documents or to carry out duties which are the responsibility of the Issuer, KfW, the Bank Swap Counterparty, the Servicer or the Determination Agent.

(3) Except as otherwise stated below, the requirements to be met by the Determination Agent, the Bank Swap Counterparty or the Servicer, as relevant, as set out herein, including, without limitation, the requirements set forth in Clause 7(1), (2), (3), (4), (6), (8), Clause 8(6), Clause 10(1), Clause 13(4), Clause 16(1), are conditions for the Loss Allocation subject to and in accordance with Section 8.1 (Loss Allocation – Order and Conditions) of the Terms and Conditions, *provided that* there shall be against the Determination Agent, the Bank Swap Counterparty and the Servicer no recourse for or other legal effect of any non-compliance with any such requirements.

## **Clause 2**

### **Position of the Trustee**

(1) The Trustee shall carry out the duties (the "**Trustee Duties**") hereunder and shall perform the tasks and functions set out in the Terms and Conditions (this Trust Agreement and the Terms and Conditions together, the "**Trustee Documents**") as a trustee for the benefit of, and with particular regard to the interests of, the Transaction Creditors. The Trustee shall also give due regard to and protect the interests of KfW as the protection seller under the Bank Swap to the extent that such interests are compatible with the interests of the Noteholders and the Senior Swap Counterparty. In case of a conflict of interest between the interests of the Senior Swap Counterparty and the Noteholders, the Trustee shall give priority to the interests of the Senior Swap Counterparty and the holders of the Class A+ Notes, and then, among the other Noteholders, to the interests of the Noteholders of the Class or Classes of Notes which then rank most senior for the purposes of the Loss Allocation. In the case of a conflict of interest between the interests of KfW on the one hand and the Noteholders and/or the Senior Swap Counterparty on the other hand, priority will be given to the interests of the Noteholders and/or the Senior Swap Counterparty.

(2) This Trust Agreement grants the Transaction Creditors the right to demand that the Trustee performs the Trustee Duties (contract for the benefit of a third party (*echter Vertrag zugunsten Dritter*) pursuant to § 328(1) of the German Civil Code (*Bürgerliches Gesetzbuch*)). The obligations of the Trustee under this Trust Agreement are owed exclusively to the Transaction Creditors, unless otherwise specified or the context requires otherwise.

## **Clause 3**

### **Trustee Claim; Account**

(1) The Issuer hereby grants the Trustee a separate claim (the "**Trustee Claim**") (*Treuhänderanspruch*), entitling the Trustee to demand from the Issuer:

- (i) that any present or future obligations of the Issuer under the Notes be fulfilled, and
- (ii) if a Foreclosure Event has occurred or, the occurrence thereof is, in the professional judgement of the Trustee, imminent, and insolvency proceedings have not been instituted against the assets of the Trustee that any payment in respect of amounts owed under the Notes will be made to, and at all times prior to the on-payment to the Noteholders held in, a trust account (*Treuhandkonto*) of the Trustee for on-payment to the relevant Noteholders. The Trustee shall on-pay any amount so received to the Noteholders without undue delay.

The obligations of the Issuer to make payments to the relevant Noteholders shall remain unaffected. The Trustee Claim may be enforced separately from the Noteholders' claim in respect of the same payment obligation of the Issuer. In the case of a payment pursuant to (ii) above, the Issuer and each Noteholder shall have a claim against the Trustee for payment on to the relevant Noteholders. The relevant obligation of the Issuer under the Notes shall only be fulfilled once the on-payment to the relevant Noteholders by the Trustee has occurred. For the avoidance of doubt, upon on-payment by the Trustee to the Noteholders the liability of the Issuer under the Notes in respect of the same payment obligation shall be discharged to the extent of the sums so on-paid and, if the Trustee makes such on-payment through Clearstream Frankfurt, Section 6.3 (Payments – Discharge) of the Terms and Conditions shall apply in respect of such on-payment and the discharge of the Issuer in respect of the related payment obligation under the Notes. Similarly, upon payment by the Issuer to the Noteholders the right of the Trustee to request a payment pursuant to (ii) above in respect of the same payment obligation of the Issuer shall cease to exist to the extent of the sums so paid by the Issuer.

For the avoidance of doubt, the obligation of the Trustee to on-pay any amounts received under (ii) above without undue delay to the Noteholders shall not be affected by the Trustee's resignation or other termination of its appointment as a trustee for the purposes of the Transaction. In particular, on or promptly after the Trustee Resignation Effective Date, the Trustee shall on-pay to the Noteholders any amounts standing to the credit of any trust account pursuant to (ii) above.

(2) The Issuer has opened and shall maintain for the purposes of the Transaction a current account no. 18076708 (the "**Account**" which term shall also include any replacement Account pursuant hereto) with The Governor and Company of the Bank of Ireland, IFSC Branch, La Touche House, Custom House Dock, IFSC, Dublin 1, Ireland, as account bank (the "**Account Bank**" which term shall also include any replacement Account Bank pursuant hereto).

The Issuer may, for good cause (*aus wichtigem Grund*), with the prior written consent of the Trustee (which shall not be unreasonably withheld), close the Account and open a new Account with another Account Bank. In such case the Issuer shall within 30 calendar days after receiving such written consent (i) close the Account with the Account Bank, (ii) open a new Account with another Account Bank having at least the Required Ratings from each of the Rating Agencies and (iii) transfer any amounts standing to the credit of the Account to such new Account.

In the event that the rating of the Account Bank by any of the Rating Agencies is withdrawn or falls below the relevant Required Rating, the Issuer or, if the Issuer fails to do so, the Trustee, shall within 30 calendar days (i) close the Account with the Account Bank and (ii) open a new Account with another Account Bank having at least the Required Ratings from each of the Rating Agencies and (iii) transfer any amounts standing to the credit of the Account to such new Account.

**"Required Rating"** means for the Account Bank, each of the following ratings: A-1 by S&P and F1 by Fitch.

(3) The Issuer shall ensure that unless otherwise provided herein or instructed by the Trustee pursuant to this Trust Agreement, all payments made by or to the Issuer be made by way of a bank transfer to or deposit in the Account. Should any amounts payable to the Issuer be paid in any way other than by deposit or bank transfer to the Account, the Issuer shall promptly credit such amounts to the Account.

#### **Clause 4** **Purchase of Certificates; Collateral; Waiver**

(1) On the Issue Date the Issuer has purchased the Certificates from KfW pursuant to a purchase agreement between KfW and the Issuer dated November 22, 2005 (the "**Certificate Purchase**

**Agreement**"). Each Certificate has been delivered to the Issuer, or its attorney, has been countersigned by, or on behalf of, the Issuer, and thereafter deposited with KfW.

(2) The Issuer hereby grants a pledge (*Pfandrecht* pursuant to §§ 1204, 1273 and 1279 of the German Civil Code (*Bürgerliches Gesetzbuch*)) to the Trustee for the collateral purposes set out in Clause 5 over the following claims and rights:

- (a) all its present and future claims and rights against KfW under the Certificates;
- (b) all its present and future claims and rights arising from (i) the Certificate Purchase Agreement, (ii) the agency agreement (the "**Agency Agreement**") between the Issuer and the Principal Paying Agent dated on November 15, 2005, (iii) the subscription agreement for the Notes (the "**Subscription Agreement**") between the Issuer and Deutsche Bank AG, London Branch (the "**Lead Manager**") dated November 22, 2005; and
- (c) all its present and future claims and rights against the Trustee arising under this Agreement.

The Trustee hereby accepts such pledge.

The parties hereby acknowledge that the Issuer has pursuant to the Irish Security Agreement assigned by way of security in favour of the Trustee all its present and future claims, right, title and interest in and to: the Administration Agreement, the Account Agreement and the Account as security for the Trustee Claim (*Treuhänderanspruch*).

(3) The Issuer hereby gives notice to KfW of the pledge pursuant to paragraph (2)(a) and KfW hereby confirms receipt of such notice. KfW undertakes, upon delivery of the Certificates to KfW by the Issuer as set out in Clause 4(1), to hold each Certificate in custody, at its own cost, for the Issuer for as long as any obligation of KfW evidenced by such Certificate remains outstanding.

(4) The Issuer hereby gives notice to KfW of the pledge pursuant to paragraph (2)(b)(i) and KfW hereby confirms receipt of such notice.

(5) The Issuer shall give written notice in the form of Schedule 2 hereto to the debtors of the claims pledged pursuant to paragraphs (2)(b)(ii) and (2)(b) (iii) and shall provide a written confirmation to the Trustee that it has received a confirmation of receipt of such notice from each such debtor.

(6) The Trustee shall waive its pledge granted pursuant to paragraph (2)(a) above if, in its professional judgement, such waiver is in the interest of the Noteholders having regard to the Second Pledges.

(7) Notwithstanding the resignation of the Trustee pursuant to Clause 24(1), the Trustee:

- (i) shall be obliged to hold and transfer to a successor trustee, if any, appointed in accordance with Clause 24 any Collateral then existing and held by the Trustee, and
- (ii) shall not be entitled to exercise its rights in respect of the pledge granted pursuant to paragraph 2(a) above as from the Trustee Resignation Effective Date, and
- (iii) hereby acknowledges and undertakes to give full effect to the rights of the Noteholders to exercise the Second Pledges as from the Trustee Resignation Effective Date in accordance with the Noteholder Security Agreement.

(8) If (i) a Default Event under Section 11.1(iii) (Early Redemption for Default - Default Events) of the Terms and Conditions occurs and (ii) any Noteholder exercises its right to declare due the Notes held by it pursuant to Section 11 (Early Redemption for Default) of the Terms and Conditions and

(iii) no successor trustee is appointed prior to the Termination Date, the pledge granted pursuant to paragraph 2(a) above and held by the resigning Trustee shall cease to exist on the Termination Date.

## **Clause 5**

### **Collateral Purpose; Collections; Foreclosure on Collateral**

(1) The pledges pursuant to Clause 4(2) and the security created pursuant to the Irish Security Agreement serve to secure the Trustee Claim (*Treuhänderanspruch*).

(2) The Issuer hereby instructs KfW, until further instruction with the consent of the Trustee only, to pay to the Account the amounts payable under the Certificates on any Payment Date (or such other day on which any amount under the Certificates is payable pursuant to the Certificate Conditions) for payments due under the Notes on such date, *provided that*, if, at any time, the rating of the short-term unsecured and unsubordinated debt obligations of the Account Bank is less than A-1+ but not less than A-1 by S&P and an amount exceeding 20% of the sum of (i) the Class Principal Amounts of the Classes of Notes rated AAA and (ii) the Class Principal Amounts of the Classes of Notes rated AA by S&P, as of the day immediately preceding such date is to be paid by KfW in respect of the Certificates securing such Classes of Notes to the Account on such date, the Determination Agent shall notify S&P and the Trustee in writing prior to such date and the Issuer or, if the Issuer fails to do so, the Trustee shall within 30 calendar days open a new Account with another Account Bank having an A-1+ rating from S&P and at least the Required Rating from the other Rating Agency and procure that the amount to be paid by KfW on such date is paid directly to such new Account.

(3) The instruction pursuant to paragraph (2) may be withdrawn by the Trustee upon the occurrence of a Foreclosure Event or if, in the professional judgement of the Trustee such withdrawal is desirable or expedient to protect the interests of the Noteholders. The Trustee shall promptly give notice to KfW and the Account Bank of its withdrawal of the instruction pursuant to paragraph (2) and upon the receipt of such notice KfW shall make payments under the Certificates only as instructed by the Trustee.

(4) The Collateral shall be subject to foreclosure (*Verwertung*) upon the occurrence of a Foreclosure Event.

**"Foreclosure Event"** means any of the following events:

- (i) a Default Event, or
- (ii) the Notes become due and subject to early redemption by operation of insolvency or other mandatory laws.

(5) Upon the occurrence of a Foreclosure Event, the Trustee shall, in its professional judgement, foreclose (*verwerten*) or cause foreclosure (*Verwertung*) on the Collateral. The Trustee shall foreclose (*verwerten*) on the Collateral by collecting payments owed on the Collateral unless in the professional judgement of the Trustee another method of foreclosure (*Verwertungsmethode*) is desirable or expedient to protect the interests of the Noteholders.

(6) The Trustee shall apply the proceeds of any foreclosure (*Verwertung*) (i) *first*, in redemption of the Notes in accordance with the Terms and Conditions starting with the Class or Classes of Notes ranking most senior for the purposes of Loss Allocation, (ii) *second*, after all claims under (i) have been fully satisfied and without prejudice to the provisions of Clause 14(2), to reimburse the Trustee for its Indemnification Claims, and (iii) *finally*, after all claims under (i) and (ii) have been fully satisfied, to pay the remaining proceeds, if any, to the Issuer.

(7) The Trustee shall promptly notify the Determination Agent, KfW, the Issuer, the Bank Swap Counterparty and the Rating Agencies of (i) the occurrence of a Foreclosure Event, (ii) the method of foreclosure (*Verwertungsmethode*), and (iii) upon completion of the foreclosure (*Verwertung*), of the proceeds and allocation thereof.

(3) The Trustee shall verify the accuracy of each Regular Notification, the Early Redemption Notification, if any, the information to be provided to the Senior Swap Counterparty pursuant to the provisions of the Senior Swap and the information to be provided to KfW in its position as the Senior Swap Counterparty as agreed with the Determination Agent and notified to the Trustee (each, an "**Investor Notification**") provided to it by the Determination Agent pursuant to Clause 16, by reference to the corresponding data contained in the related Reports delivered to it by the Determination Agent pursuant to Clause 7 during the relevant Collection Period.

## DESCRIPTION OF THE REFERENCE POOL

The Reference Pool is constituted in accordance with and must comply with the Reference Pool Provisions. The following is the text of the Reference Pool Provisions which are attached as Appendix B to the Terms and Conditions and constitute an integral part of the Terms and Conditions. In case of any overlap or inconsistency in the definition of a term or expression in the Reference Pool Provisions and elsewhere in this Prospectus, the definition in the Reference Pool Provisions will prevail.

### Reference Pool Provisions

#### 1. General

The Reference Pool shall consist of claims (each, a "**Reference Claim**") for the payment of principal and interest arising from certain residential mortgage loans (each, a "**Reference Loan**"), originated pursuant to the German Act on Building Societies (*Bausparkassengesetz*) by the Bank pursuant to its credit and collection policies applicable to mortgage loans consistently applied and as in effect at the time of origination, which are included in the Reference Pool as of the Cut-off Date in accordance with Provision 2.1 (Reference Claims - Identification) and not removed from the Reference Pool pursuant to Provision 9 (Non-compliance) of the Reference Pool Provisions or Provision 8 (Transfers) of the Reference Pool Provisions.

Any interest in respect of a Reference Claim capitalised since the inclusion of such Reference Claim in the Reference Pool shall not be included in the principal amount of such Reference Claim.

The aggregate Outstanding Protected Amount of the Reference Claims included in the initial Reference Pool as of the beginning of business (in Frankfurt am Main) on August 31, 2005 (the "**Cut-off Date**") was EUR 3,461,683,358.99 (the "**Initial Aggregate Principal Balance**").

#### 2. Reference Claims

##### 2.1 Identification

(A) Each Reference Claim forming part of the initial Reference Pool as of the Cut-off Date has been identified to the Trustee in a notice in the form set out as Schedule 1 to the Trust Agreement delivered to the Trustee on or before the Issue Date (the "**Reference Claim List**"), by reference to:

- (i) the account number and sub-account number or any other relevant identifier attributed in the records of the Servicer to the Reference Claim,
- (ii) the Outstanding Nominal Amount and the Outstanding Protected Amount of the Reference Claim and the balance of the Building Savings Account, in each case as of the Cut-off Date, and
- (iii) the remaining term of the Reference Claim to the end of the fixed rate period as of the Cut-off Date.

(B) After the Issue Date, the Determination Agent shall provide the Trustee on a quarterly basis with a notice identifying the Reference Claims currently forming part of the Reference Pool and the Reference Claims removed from the Reference Pool during the immediately preceding Collection Period by reference to the account number and sub-account number or any other relevant identifier attributed in the records of the Servicer to the Reference Claim.

Further details regarding each Reference Claim and the related Mortgages and other collateral are contained in the related records of the Servicer. Such records are attributable to the relevant Reference Claim by reference to the account number, the relevant sub-account number or any other relevant identifier referred to in (A)(i) above.

The account number, the sub-account number or any other relevant identifier attributed to a particular Reference Claim may change *provided that* the Reference Claim remains identifiable in the records of the Servicer.

The Servicer may maintain records and documentation relating to the Reference Claims in paper or electronic form or in any other commercially reasonable manner.

## 2.2 *Replacement in Debt Restructuring and Payment Rescheduling*

If, as a result of debt restructuring or payment rescheduling in compliance with the Servicing Standards, any Reference Claim is replaced by a new claim by way of novation, refinancing or consolidation with one or more other claims (the "**New Claim**")

- (i) such Reference Claim shall be substituted by a portion of the New Claim (such portion, the "**New Reference Claim**") the principal amount of which as of the date of such replacement, shall be equal to the Outstanding Nominal Amount of the relevant Reference Claim immediately prior to such replacement, and the Outstanding Protected Amount of such New Reference Claim as of the date of such replacement shall be equal to the Outstanding Nominal Amount of such New Reference Claim as of such date minus the principal balance of the Building Savings Account (including annually capitalised interest) relating to such New Reference Claim, as of such date, as stated in the Servicer's records, *provided that* the Outstanding Protected Amount is not increased thereby,
- (ii) for the purposes of allocating payments received on such New Reference Claim, any fees, disbursements, costs and expenses in respect of the New Claim, including as a result of such replacement, any such amounts shall be allocated to the New Reference Claim in the same proportion as the principal amount of the New Reference Claim bears to the principal amount of the New Claim, and
- (iii) the New Reference Claim shall be treated, as from the substitution, for all purposes as if it were such Reference Claim and therefore, a Credit Event which had occurred in respect of such Reference Claim prior to the substitution shall be deemed to have occurred on the New Reference Claim, any Loss Allocation with respect to the New Reference Claim shall be subject to the compliance of the previous Reference Claim with the Eligibility Criteria as of the Cut-off Date and the Servicing Principles, in accordance with Provision 9 (Non-compliance) of the Reference Pool Provisions, and, if relevant, a Realised Loss, Estimated Loss and/or Additional Loss in respect of such New Reference Claim shall include or, as the case may be, consist entirely of any amount of principal of and interest on such Reference Claim foregone in accordance with the Servicing Standards.

## 3. **Reference Mortgages**

Each Reference Loan is or, subject to the requirements set forth in Provision 6 (Eligibility Criteria) of the Reference Pool Provisions, will be secured by one or more mortgages within the meaning of § 1113(1) (*Hypothek*) or § 1191(1) (*Grundschuld*) of the German Civil Code (*Bürgerliches Gesetzbuch*) (each such mortgage securing a Reference Loan, a "**Mortgage**") on one or more residential properties (each, a "**Mortgaged Property**"). The portion of such Mortgage or Mortgages which is allocable for the purpose of the Loss Allocation to a Reference Claim (each, a "**Reference Mortgage**") is determined by the allocation of Foreclosure Proceeds pursuant to Provision 5(b)(i)

below. The initial loan to value of the Reference Mortgage, as of the Cut-off Date, is set out below in Provision 6(vii).

#### 4. Additional Collateral

A Reference Claim may be secured by certain additional collateral. If a Reference Claim is secured by any collateral other than a Mortgage or Auxiliary Collateral, such collateral, to the extent such collateral was a condition for or taken in connection with the extension or continuation of the Reference Loan relating to such Reference Claim, is referred to as the "**Additional Collateral**". The portion of any Additional Collateral securing a Reference Claim which is allocable to such Reference Claim for the purpose of the Loss Allocation pursuant to Provision 5(b) below is referred to as the "**Additional Reference Collateral**" (and together with the Reference Mortgage(s) allocable to such Reference Claim, as the "**Reference Collateral**"). The Additional Reference Collateral and, thus, the Reference Collateral, shall not include any security interest or right of set-off or withholding in respect of any Building Savings Account and the amounts credited thereto.

#### 5. Allocation of Payments and Foreclosure Proceeds

##### (a) Allocation of Payments

Subject to Provision 5(b) below and any binding allocation of payment to a particular claim by the relevant payor, in the event that the Servicer receives a payment on a Reference Loan or payment on any other claim serviced by or on behalf of the Servicer against the Borrower of such Reference Loan and such payment is less than the total amount then due under such Reference Loan and such other claim(s), the payment received shall be allocated for the purpose of Loss Allocation in accordance with the Servicer's standard procedures.

##### (b) Allocation of Foreclosure Proceeds

For the purposes of the Loss Allocation with respect to a Reference Claim,

- (i) the Foreclosure Proceeds in respect of any Relevant Mortgage securing such Reference Claim less the Priority Amount shall be allocated in the following order of priority:
  - (A) *first*, to the Enforcement Costs and any Accrued Interest relating to such Reference Claim,
  - (B) *second*, towards satisfying the Outstanding Protected Amount of such Reference Claim, and
  - (C) *third*, to any other claims,

*provided that* in the case of any Mortgage securing *pari passu* such Reference Claim and one or more other Reference Claims serviced by or on behalf of the Servicer, the Foreclosure Proceeds shall be allocated to such Reference Claim pursuant to (B) above in proportion which the Outstanding Protected Amount of such Reference Claim bears to the aggregate of the Outstanding Protected Amounts of all Reference Claims secured by such Mortgage and serviced by or on behalf of the Servicer;

**"Priority Amount"** means in respect of a Reference Claim the principal amount of the Priority Mortgages in respect of such Reference Claim plus Accrued Priority Interest on such Priority Mortgages.

**"Priority Mortgages"** means in respect of a Reference Claim those Relevant Mortgages or portions of Relevant Mortgages the aggregate principal amount of which, together with any prior ranking charges or equal ranking charges on the same Mortgaged Property, equals the product of the Minimum LTAV (if any) relating to such Reference Claim and the related Property Value, *provided that* the determination of such prior or equal ranking charges shall be made in accordance with the standards used by the Bank as of the Cut-off Date for the calculation of the Minimum LTAV.

**"Relevant Mortgage"** means in respect of a Reference Claim each Mortgage which secures such Reference Claim and for which a Foreclosure is effected by or on behalf of the Servicer.

**"Accrued Priority Interest"** means, with respect to any Priority Mortgage, the interest *in rem (dinglicher Zins)* accrued on such Priority Mortgage to the extent that such accrued interest *in rem* (i) ranks equally under applicable statutory law with the principal amount of such Priority Mortgage in the foreclosure proceedings in respect of the related Mortgaged Property or, (ii) in the case of a Property Sale, would have ranked equally under applicable statutory law with the principal amount of such Priority Mortgage if, instead of the Property Sale, foreclosure proceedings in respect of the related Mortgaged Property had been commenced (*Beschlagnahme*) on the date on which a Credit Event occurred in respect of the related Reference Claim and completed on the date on which such Property Sale was completed.

- (ii) the Foreclosure Proceeds in respect of any single Additional Collateral shall be allocated in the following order of priority:

*first*, towards satisfying any claims other than such Reference Claim serviced by or on behalf of the Servicer secured by such particular Additional Collateral;

*second*, towards satisfying such Reference Claim;

for the avoidance of doubt, if any single Additional Collateral is securing exclusively a Reference Claim, the Foreclosure Proceeds in respect of such Additional Collateral will be allocated first towards satisfying such Reference Claim, and

- (iii) the Foreclosure Proceeds on any other collateral, other than Auxiliary Collateral, shall, if and to the extent the other collateral secures the Reference Claim under the relevant agreement with the collateral provider, be allocated in the following order of priority:

*first*, towards satisfying any claims other than such Reference Claim serviced by or on behalf of the Servicer and secured by such other collateral,

*second*, towards satisfying such Reference Claim.

For the purposes of the foregoing, any set-off rights of the holder of such Reference Claim against the Borrower in respect of the Reference Claim shall be deemed to constitute Additional Collateral and be treated in accordance with (b)(ii) above, to the extent such set-off right was a condition for or was constituted in connection with the extension or continuation of the Reference Loan relating to a Reference Claim, otherwise such set-off rights shall be deemed to constitute collateral other than Reference Collateral. For the avoidance of doubt, the Additional Collateral shall not include any set-off rights in respect of the related Building Savings Account and the balance of such Building Savings Account shall be allocated first to such Reference Claim and thereafter to claims other than such Reference Claim.

**"Foreclosure"** means, with respect to any Mortgage, any other mortgage on the related Mortgaged Property(ies), any Additional Collateral or any other collateral securing a Reference Claim, the

foreclosure on any such Mortgage, any such other mortgage, any such Additional Collateral or any such other collateral or a Property Sale.

**"Foreclosure Proceeds"** means in respect of any Reference Claim the total net proceeds of any Foreclosure received by or on behalf of the Servicer or the holder of such Reference Claim, *provided that*, if any Mortgage is held by a third party and would have constituted a Reference Mortgage if it were held by the holder of the Reference Claim and serviced by or on behalf of the Servicer, the payment of the proceeds of any Foreclosure on such Mortgage shall be deemed to have been received by the Servicer.

(c) Non-compliance with Allocation Rules

In the event that Provisions 5(a) and (b) (Allocation of Payments and Foreclosure Proceeds - Allocation of Payments, - Allocation of Foreclosure Proceeds), as applicable, are not complied with, in relation to the actual allocation of the relevant payments or Foreclosure Proceeds, such allocation shall, for the purpose of allocation hereunder and the determination of Realised Losses, Estimated Losses and Additional Losses, be deemed to have been effected in compliance with such Provisions, excluding any other recourse against the Determination Agent for such non-compliance.

- (xxvii) none of the Reference Claims is a capitalising or accreting loan, and
- (xxviii) no Borrower of such Reference Claim is an employee of the Bank.

Compliance with the Eligibility Criteria as of the Cut-off Date is, subject to Provision 9 (Non-compliance) of the Reference Pool Provisions, a condition for the Loss Allocation and does not constitute an obligation of the Bank Swap Counterparty, the Determination Agent, the Servicer, KfW or the Issuer.

## **7. Servicing Standards**

The administration, collection and enforcement of each Reference Claim, including the foreclosure on any related Reference Collateral, will be carried out by the Servicer in accordance with the Servicing Standards.

**"Servicing Standards"** means the Servicing Principles and the Credit and Collection Policies, *provided that* in case of any inconsistency between the Servicing Principles and the Credit and Collection Policies, the Servicing Principles shall prevail.

"**Credit and Collection Policies**" means the respective standard credit and collection policies of the Servicer applicable to mortgage loans and collateral as in effect from time to time in accordance with the Servicing Principles, consistently applied by the Servicer.

"**Servicing Principles**" means the servicing principles set forth in Appendix C to the Terms and Conditions. The Servicing Principles constitute an integral part of the Terms and Conditions.

Compliance with the Servicing Standards is, subject to Provision 9 (Non-compliance) of the Reference Pool Provisions, a condition to the Loss Allocation and does not constitute an obligation of the Bank Swap Counterparty, the Determination Agent, the Servicer (if different), KfW or the Issuer.

## **8. Transfers**

Notwithstanding any assignment of a Reference Claim for security purposes, any Reference Claim may be transferred after the Issue Date to:

(A) a third party (other than any consolidated German banking affiliates of the Bank), *provided that* (without prejudice to any substitution of the Servicer in accordance with the Servicing Principles and/or the Determination Agent in accordance with the Trust Agreement):

- (i) the Servicer remains responsible for the servicing of the relevant Reference Claim in accordance with the Servicing Standards and the Determination Agent remains responsible for the determination and allocation of Realised Losses, Estimated Losses and Additional Losses in respect of such Reference Claim in accordance with the Terms and Conditions,
- (ii) the standards of servicing and the determination and allocation of Realised Losses, Estimated Losses and Additional Losses remain unchanged upon such transfer,
- (iii) the obligations of the Bank Swap Counterparty, the Determination Agent and the Servicer under the Transaction Documents continue to be complied with, and
- (iv) in the professional judgement of the Trustee such transfer shall not adversely affect the interests of the Transaction Creditors; or

(B) any consolidated German banking affiliates of the Bank, *provided that* the requirements under (A)(i) through (iii) are met.

The Reference Pool and the rights and obligations under the Terms and Conditions including the Loss Allocation shall not be affected by a transfer of a Reference Claim in accordance with this Provision 8.

The Determination Agent shall, upon request by the Bank Swap Counterparty or, if there is no Bank Swap, KfW, remove any Reference Claim transferred in accordance with the requirements set out under (A) above from the Reference Pool in accordance with the procedures set out in the Trust Agreement.

## **9. Non-compliance**

(a) If in respect of a Reference Claim (i) any of the Eligibility Criteria as of the Cut-off Date or (ii) at any time on or after the Cut-off Date, any Servicing Standard, or (iii) any requirement for transfer of such Reference Claim pursuant to Provision 8 (Transfers) of the Reference Pool Provisions is not complied with in any material respect with regard to the interests of the Transaction Creditors at the relevant time in relation to any Reference Claim, the Determination Agent shall, upon request by the

Bank Swap Counterparty or, if there is no Bank Swap, KfW, remove such Reference Claim from the Reference Pool in accordance with the procedures set out in the Trust Agreement. Any such Reference Claim shall not qualify for the allocation of Realised Losses, Estimated Losses and Additional Losses pursuant to the Loss Allocation unless:

- (A) the Trustee has confirmed in writing to the Determination Agent, the Bank Swap Counterparty and KfW that in its professional judgement it can conclude that such non-compliance could not cause, or increase the likelihood of the occurrence of, a Realised Loss, Estimated Loss and Additional Loss (whether actual or potential) with respect to such Reference Claim which would otherwise not arise,

or, in each case, (if the non-compliance can be fully remedied)

- (B) such non-compliance (and any adverse effects of such non-compliance on the interest of the Transaction Creditors) is fully remedied (i) within 30 calendar days after the Determination Agent has become aware of such non-compliance (whether by notification from the Trustee or otherwise) and (ii) prior to occurrence of a Credit Event;

*provided that:*

- (i) if no Credit Event has occurred in respect of a Reference Claim and the Eligibility Criteria or Servicing Standards are not met in part only in respect of such Reference Claim, the Determination Agent may remove such portion of such Reference Claim from the Reference Pool which is necessary to cure such partial non-compliance and the remaining portion of the Reference Claim shall continue to qualify for the Loss Allocation,
  - (ii) even where the conditions set out in (A) and/or (B) above do not apply, a Realised Loss, Estimated Loss and/or Additional Loss (or any portion thereof) may nevertheless be allocated to the Notes to such extent that the Trustee has confirmed in writing to the Determination Agent, the Bank Swap Counterparty and KfW that it can conclude that the relevant non-compliance has not resulted in or contributed to such Realised Loss, Estimated Loss and Additional Loss, and
  - (iii) in the case of breach of the Eligibility Criterion under Provision 6 (xvii) (Eligibility Criteria - Reference Claim final maturity criterion) of the Reference Pool Provisions or the Servicing Principles related to the extension of the maturity of the Reference Claims, the relevant Reference Claim shall qualify for the Loss Allocation if the Credit Event in respect of such Reference Claim occurred on or before the end of the Collection Period immediately preceding the Scheduled Maturity Date.
- (b) If any of the Eligibility Criteria is not complied with in respect of the Reference Pool (as opposed to a specific Reference Claim) the above shall apply to all Reference Claims affected by such non-compliance. If such non-compliance can be fully remedied by removing one or more Reference Claims the addition of which to the Reference Pool resulted in such non-compliance from the Reference Pool, the Determination Agent may effect such removal in accordance with the Terms and Conditions and the Trust Agreement and such removal shall constitute full remedy of such non-compliance pursuant to (a)(B) above. The relevant Reference Claims will be removed from the Reference Pool based on their respective contribution to the non-compliance, beginning with the Reference Claim which, in the opinion of the Determination Agent, contributed to the non-compliance to the greatest extent so that the removal of such Reference Claim in the opinion of the Determination Agent cures such non-compliance in the most efficient manner.
- (c) If (i) under any Eligibility Criterion the Outstanding Protected Amount or number of Reference Claims is required not to exceed a given amount or number as of a given time, (ii) such Eligibility Criterion is not complied with, (iii) such non-compliance is not remedied pursuant to paragraph (A) or (B) above, and (iv) a Realised Loss, Estimated Loss or Additional Loss occurs in respect of one or

more of such Reference Claims (each, an "**Affected Reference Claim**"), then an Affected Reference Claim shall not qualify for the Loss Allocation to the extent that the removal of such Affected Reference Claim (or any portion thereof) together with all other then existing Affected Reference Claims from the Reference Pool immediately after the Issue Date would not have remedied the non-compliance of such Eligibility Criterion.

(d) Except as set out in this Provision 9 there shall be no recourse against the Bank Swap Counterparty, the Servicer, the Determination Agent, KfW or the Issuer for any non-compliance with the Eligibility Criteria, Servicing Standards and/or requirements for transfer of a Reference Claim pursuant to Provision 8 (Transfers) of the Reference Pool Provisions. To the extent that a Realised Loss, Estimated Loss or Additional Loss in respect of any Reference Claim may not be allocated to the Notes pursuant to paragraphs (a) through (c), such Reference Claim shall be referred to as a "**Non-qualifying Reference Claim**".

(e) The Determination Agent shall notify the Noteholders pursuant to Section 14.2 of the Terms and Conditions of the aggregate principal amount of all Reference Claims removed from the Reference Pool pursuant to paragraph (a) or (b) above during a given Collection Period (Section 8.1 of the Terms and Conditions).

## INFORMATION TABLES REGARDING THE INITIAL REFERENCE POOL

The following tables set out, as of the Cut-off Date, the number, the current Outstanding Protected Amounts, the remaining term and other characteristics of the Reference Claims. (The sum of the Outstanding Protected Amounts and the percentages in the following tables may not equal the totals due to rounding).

Reference Claims may be removed from the Reference Pool, or a substitution effective as of the Cut-off Date may be made for certain Reference Claims, *prior* to the Issue Date. Any Reference Claim may be so excluded (i) as a result of principal prepayment thereof in full or (ii) if, as a result of late payments or otherwise, the Bank deems such exclusion necessary or desirable.

This may result in changes to certain of the Reference Pool characteristics as of the Issue Date in comparison with the description of the Reference Pool set out in this Prospectus as of the Cut-off Date. In the event that any of the characteristics of the Reference Pool on the Issue Date vary materially from those described herein, revised information regarding the Reference Pool will be made available to the purchasers of the Notes on or before the Issue Date. The actual characteristics of the Reference Pool will change over time primarily as a result of amortisation in the Reference Pool.

## REFERENCE POOL SERVICING

The Servicer will service the Reference Claims in accordance with the Credit and Collection Policies and the following Servicing Principles. The Servicing Principles are attached as Appendix C to the Terms and Conditions and constitute an integral part of the Terms and Conditions.

### Servicing Principles

#### 1. Common Principles

##### 1.1 *General*

The administration, collection and enforcement of each Reference Claim, including the foreclosure on any related Reference Collateral, will be carried out by the Bank (in such capacity, the "**Servicer**" which term shall include any substitute servicer appointed in accordance with these Servicing Principles). In administering, collecting and enforcing the Reference Claims and/or foreclosing on the Reference Collateral (collectively the "**servicing**" and to "**service**") the Servicer will at all times act as a reasonable creditor in the protection of its own interests acting reasonably in accordance with its general business practices taking into account the interests of the Transaction Creditors. In the case of a conflict of interest between the interests of the Transaction Creditors and the interests of the Bank Swap Counterparty, the Servicer or a third party with regard to servicing of the Reference Claims, the Servicer will not place the interests of any of the Transaction Creditors in a less favourable position than the interests of the Bank Swap Counterparty, the Servicer or any such third party. In the case of a conflict of interest among the interests of the Senior Swap Counterparty and the Noteholders, the Servicer will give priority to the interests of the Senior Swap Counterparty and the holders of the Class A+ Notes and then, among the other Noteholders, to the interests of the Noteholders of the Class of Notes which then ranks most senior for the purposes of the Loss Allocation. The Servicer will also give due regard to and protect the interests of KfW as the protection seller under the Bank Swap to the extent that such interests are compatible with the interests of the Noteholders and the Senior Swap Counterparty. In the case of a conflict of interest between the interests of KfW on the one hand and the Noteholders and/or the Senior Swap Counterparty on the other hand, priority will be given to the interests of the Noteholders and/or the Senior Swap Counterparty.

The Servicer will take all measures it deems necessary or appropriate in its due, professional judgement to service the Reference Claims which are necessary to comply with supervisory requirements and will refrain from acting when so required by applicable law, regulations or a competent regulator.

Unless otherwise provided herein, the Servicer will perform its duties in the course of servicing the Reference Claims in compliance with the Credit and Collection Policies. In particular, the Servicer may not re-allocate any amount on the Building Savings Account to any claim other than the Reference Claim.

For the avoidance of doubt, the Servicing Principles do not require the Servicer to take any measure (or refrain from acting) in the course of servicing of the Reference Claim when doing so could jeopardise the Loss Allocation.

Compliance as from the Cut-off Date with the Servicing Standards is, subject to Provision 9 (Non-compliance) of the Reference Pool Provisions, a condition to the Loss Allocation and does not constitute an obligation of the Bank Swap Counterparty, the Determination Agent, the Servicer, KfW or the Issuer.

## 1.2 Amendments

The Bank Swap Counterparty or, if there is no Bank Swap, KfW, and the Trustee may agree at any time to amend or supplement the Servicing Principles, *provided that* any such amendment or supplement does not adversely affect the interests of any Transaction Creditor in a material manner, unless otherwise required by mandatory provisions of law, and the Rating Agencies receive notice thereof from the Bank Swap Counterparty.

The Servicer may amend or supplement the Credit and Collection Policies in its sole discretion from time to time, *provided that* (A) if any such amendment or supplement is inconsistent with the Servicing Principles, it will not be applied with respect to the Reference Pool, (B) if such amendment or supplement may, in the professional judgement of the Servicer, adversely affect the determination of the Realised Losses, Estimated Losses and Additional Losses, Credit Events, or Appraised Values from the perspective of any of the Transaction Creditors, it will not be applied to the Reference Claims without prior consent of the Trustee, unless in the case of each of (A) or (B) otherwise required by mandatory provisions of law and (C) to the extent such amendment or supplement, in the professional judgement of the Servicer, affects or may affect the interests of the Transaction Creditors, the Rating Agencies receive notice thereof from the Servicer.

## 2. Payments in Arrears from Borrowers; Payment Rescheduling and Debt Restructuring

If a Borrower is in arrears with a due payment, the Servicer will proceed in accordance with the Credit and Collection Policies. If these do not generally provide for the specific case at hand, the Servicer will handle the case as a reasonable creditor would in protection of its own interests.

The Trustee will allow the Servicer to exercise reasonable discretion in handling such cases of a Borrower's default within the scope of the Credit and Collection Policies. The Servicer will exercise this discretion as would a reasonable creditor in protection of its own interests.

In accordance with the Credit and Collection Policies and subject to this Section 2, the Servicer is authorised to agree on payment rescheduling or debt restructuring with a Borrower. In doing so, the Servicer may in particular (i) forgo the repayment of a portion of the relevant Reference Claim or (ii) subordinate all or a portion of a Reference Claim, if the Servicer is convinced, in its reasonable judgement, that in such case the aggregate amount of collections on such Reference Claim will be higher than the aggregate amount it would collect thereon had it not agreed to forgo or subordinate such portion of the Reference Claim. The Servicer will not (i) forego the repayment of a portion of the relevant Reference Claim or (ii) subordinate all or a portion of a Reference Claim as part of any payment rescheduling or debt restructuring before a Credit Event with respect to such Reference Claim has occurred.

In case any Borrower falls in arrears with respect to a Reference Claim on one or more payments due under the related Reference Loan, including payments due to be made into the related Building Savings Account, in an aggregate amount of not less than the Minimum Amount for more than 90 calendar days from the relevant due date after which the Minimum Amount was reached or first exceeded and no payment rescheduling or debt restructuring agreement has been entered into, the Servicer will commence legal proceedings against the Borrower which are required to enforce the Reference Claim, and/or foreclose on the related Reference Collateral, unless the Servicer concludes, in its professional judgement, that such enforcement or foreclosure would not be justified in view of the expected expenses and expected proceeds thereof.

In all cases of a payment rescheduling or debt restructuring, the Servicer will adequately safeguard the interests of the Transaction Creditors in the fullest performance of the Reference Claims at all times and will not place such interests in a less favourable position than its own interests or the interests of

the holder of the relevant Reference Claim in relation to their respective other claims against the same Borrower.

The Servicer will only agree to payment rescheduling or debt restructuring of a Reference Claim (whether the relevant Borrower is in arrears or not), if the principal amount of such Reference Claim, under the altered repayment schedule or as restructured, is due to be repaid in full before the end of the Collection Period immediately preceding the Scheduled Maturity Date at the latest.

### **3. Adjustment of Instalments**

In respect of any reset date, the Servicer will propose a new interest rate to the Borrower. The Servicer will propose such rates in accordance with its standard procedures then in effect, taking into account the interests of the Transaction Creditors. The new Instalments to be calculated (which is based on (i) the initial repayment / savings rate agreed with the Borrower on the completion date of the Reference Loan, (ii) the proposed new interest rate and (iii) the initial outstanding of the Reference Claim as of the completion date) may not lead to an increased term of the Reference Loan. The Servicer may only agree with the Borrower on the adjustment of the Instalments in respect of a Reference Claim if as a result of the reset agreement the scheduled payments to the related Building Savings Account are not reduced below the amount payable prior to such adjustment. The Determination Agent will notify the Trustee of any interest reset in the Pool Reports. The Servicer will only agree to an adjustment of the Instalments in respect of a Reference Claim, if the Reference Claim, as a result of the reset agreement, is due to be repaid in full before the end of the Collection Period immediately preceding the Scheduled Maturity Date at the latest.

### **4. Replacement of the Borrowers**

It is to be expected that during the term of the Notes, some Borrowers will sell their Mortgaged Property to a third party or that for other reasons (e.g., compulsory auction following foreclosure) a change will occur in the ownership of such Mortgaged Property. The Servicer will be entitled to approve the replacement of a Borrower (the "**Former Borrower**") by a new Borrower (the "**New Borrower**"), if:

- (a) the existence, content, priority and enforceability (including any immediate executability) of the Reference Claim and the related Mortgage will not be adversely affected by the replacement; and
- (b) the replacement complies with all applicable legal requirements as well as the standard procedures of the Servicer; in this regard, no lesser requirements may be applied in relation to the fact that the Reference Claim is included in the Reference Pool.

### **5. Substitution of Mortgaged Properties**

The Servicer will, in certain cases, at its sole discretion, allow a Borrower to substitute a Mortgaged Property by another property (the "**Substitute Property**") in accordance with the terms of the relevant loan, subject to a renewed credit approval, the Credit and Collection Policies, and the following conditions:

- (a) The Substitute Property will comply with the usual quality standards of the Servicer and afford the same security as the Mortgaged Property which is being replaced.

- (b) The LTAV of the Reference Claim secured by the mortgage(s) on the Substitute Property will be equal to or lower than the LTAV of the Reference Claim secured by the Mortgage(s) which is being replaced.
- (c) The terms and conditions of the relevant Reference Loan may not change in any material respect as a result of the substitution.
- (d) The rating of the Notes will not be adversely affected as a result of any substitution of a Mortgaged Property.
- (e) Mortgaged Properties located in the Federal States of the Federal Republic of Germany prior to the German unification in 1990 (*alte Bundesländer*) may be replaced by Substitute Properties located in the Federal States on the territory of the former German Democratic Republic (*neue Bundesländer*) only to the extent that the cumulative principal amounts of the related Reference Claims at the time of the relevant substitution do not exceed 22.46% of the principal balance of the Reference Pool as of the Cut-off Date.

## 6. Other Changes to the Conditions of the Reference Loan

In addition to the cases provided for in Sections 2 to 5 the Servicer will be authorised to take action in the context of servicing the Reference Claims (in particular to amend contractual provisions of the underlying Reference Loan), which in the Servicer's professional judgement may affect the terms of the Reference Claims or the Reference Collateral, only if:

- (a) doing so will, in the due and reasonable professional judgement of the Servicer neither adversely affect the validity and enforceability of the Reference Claims and the Reference Collateral nor reduce the value of the Reference Loans or the Reference Collateral nor result in Realised Losses, Estimated Losses and/or Additional Losses or otherwise materially adversely affect the Transaction Creditors, or
- (b) the Trustee has given prior consent to such action,

*provided that* the Servicer may at any time after the occurrence of a Credit Event with respect to any Reference Claim agree to a sale of the relevant Mortgaged Property or Additional Collateral in the open market (*freihändiger Verkauf*) and may, upon such sale, surrender the related Mortgage or security interests (such sale, a "**Property Sale**") if the Servicer expects, in its reasonable judgement, that the net proceeds from such sale will be higher than the net proceeds from any other form of foreclosure on such Mortgaged Property or Additional Collateral.

The relevant Servicer will, however, not extend the maturity of the Reference Claims beyond the Scheduled Maturity Date.

## 7. Insurance

If necessary, the Servicer will also make use of claims on life insurance and other insurance policies which Borrowers have transferred to the Bank as a collateral for the relevant Reference Loan to the extent such claims constitute Additional Collateral. The Servicer, in accordance with its due and reasonable professional judgement, is entitled to administer the insurance policies and to take legal steps to make it possible to realise the value of the policies. Such steps include the making of premium and other payments to the debit of the respective Borrower and the initiation of payment claims against the insurer. Furthermore, in accordance with its professional judgement, the Servicer is entitled to take legal action to enforce claims under the insurance policies against the respective insurer. Finally, in accordance with the provisions of the respective assignment agreement, the Servicer may,

in the name of the respective Borrower, make all declarations to which such Borrower as insured party would be entitled.

## **8. Accounting**

The Servicer will keep accounting records regarding the Reference Claims serviced by it, which will show, *inter alia*:

- (i) the identification number and any other identifiers attributed to each Reference Claim in the Reference Claim List,
- (ii) the Outstanding Nominal Amount and the Outstanding Protected Amount of the Reference Claim as of the Cut-off Date,
- (iii) the applicable nominal rate of interest per annum and any overdue interest,
- (iv) the repayment and interest characteristics of such Reference Claim, and
- (v) the remaining term to maturity of the Reference Claim as of the Cut-off Date.

Accounting records, journals, daily accounts and portfolio inventories for the annual financial statements will be kept in safekeeping for a period of 4 years after the relevant accounting period, or for such longer or shorter period as required from time to time by applicable law. The accounting records with respect to the Reference Claims will be kept current and will not fall behind for more than 30 calendar days.

The Servicer may maintain records and documentation relating to the Reference Claims in paper or electronic form or any other commercially reasonable manner.

## **9. Vicarious Agents; Consultants**

The Servicer may delegate the performance of its duties in the context of enforcing the Reference Claims and foreclosing on the Reference Collateral, in whole or in part, to vicarious agents (*Erfüllungsgehilfen*) pursuant to § 278 of the German Civil Code (*Bürgerliches Gesetzbuch*). A more extensive delegation of duties by the Servicers in the context of servicing the Reference Claims is not permitted.

In connection with servicing the Reference Claims the Servicer may retain outside consultants and experts to the extent it deems necessary in its due, professional judgement. The Servicer will select and monitor such consultants and experts with the care expected of a prudent bank.

## **10. Reporting**

The Servicer and the Determination Agent, as applicable, will deliver to the Trustee, its auditors, an Expert or a Value Expert such reports and information and provide such access and facilities at such times as specified in the Terms and Conditions and/or the Trust Agreement.

Each Servicer other than the Determination Agent will provide the Determination Agent with such information and will provide to the Determination Agent such access and facilities at such time as is necessary for the purposes of the preceding sentence.

## **11. Change in Servicer**

The Servicer may be substituted in its function as Servicer of a Reference Claim by a subsidiary of the Bank, a servicing company specialised in the servicing and administration of loans or any other entity, *provided that*:

- (i) in the professional judgment of the Trustee such substitution will not adversely affect the performance of the servicing as set out in the Servicing Standards and the determination and allocation of Realised Losses, Estimated Losses and/or Additional Losses,
- (ii) in the professional judgment of the Bank Swap Counterparty such substitution will not adversely affect the interests of the Transaction Creditors,
- (iii) each of the Rating Agencies and the Trustee have given their prior written confirmation of such substitution, which shall not be unreasonably withheld, and
- (iv) prior to such substitution, the Bank Swap Counterparty has notified KfW in writing of the intention to substitute the relevant Servicer.

In the case of any substitution pursuant to this Section 11, all references in the Terms and Conditions, including the Reference Pool Provisions, to the Servicer shall be deemed to include such new servicer.

## **CREDIT AND COLLECTION POLICIES**

The following is the text of the credit and collection policies of the Bank in its capacity as the initial Servicer, effective as of the Issue Date. In case of any inconsistency between the Servicing Principles and the Credit and Collection Policies, the Servicing Principles shall prevail. The Credit and Collection Policies may be amended or supplemented from time to time in accordance with the Servicing Principles. In the event of a substitution of the Servicer the credit and collection policies of the new servicer will apply to the servicing of the Reference Pool following such substitution.

### **1. Origination Network**

BHW Bausparkasse AG's network consists of three regions: North/Mid and South. Each of the regions is divided into 6 to 7 "regional directorates" (20 in all). Each of the regional directorates consists of an average four million inhabitants, 150,000 of which are, on average, BHW clients. The 20 regional directorates are sub-divided into 148 "district directorates" where the loans are originated.

The integrated multi-channel marketing division of the BHW Group:

- (i) sales force (free lance sales contributors and permanently employed financial advisors);
- (ii) brokers;
- (iii) marketing partners; and
- (iv) direct marketing (via the call centre, classic direct marketing and the internet).

### **2. Origination and Underwriting Process**

The free lance sales contributors and permanently employed financial advisors are not only responsible for originating new business but also for preparing applications, including detailed borrower and property assessments substantiated by all necessary documentation. The application procedure is defined by explicit guidelines in a standard internal handbook.

The free lance sales contributors and permanently employed financial advisors are responsible for providing the documents necessary for making and (preliminarily) reviewing decisions on building loans:

- (i) Documentation of income (i.e.)
  - Employees
  - Wage and salary statements normally from the last two months or annual wage confirmation/most recent tax notice
  - Self-employed
  - Income tax notices from the last two years
  - Signed balance sheets from the last three years with income statements
  - Self-disclosed information, list of assets (savings contracts, securities deposits, real estate)
- (ii) Property documents (i.e.)
  - Purchase contract
  - Calculation of the total surface and the residential and usable space
  - Up-to-date land register extract

- Official site map
- (iii) Additional documents, if relevant (life insurance, etc.)
- (iv) Authentication documents (i.e.)
  - Copy of official ID card
  - Identity check

### 3. Credit Application

The application file is forwarded by the free lance sales contributors and permanently employed financial advisors to credit officers at the headquarters in Hameln. In accordance with the regional concept, the credit officers are organised by region. Of the approximately 470 credit officers, 170 work outside the headquarters in major cities.

There are 20 credit departments in major cities. Their team managers are subordinated to the department manager in Hameln. The credit processing is divided into the following phases:

- (i) The market value of the property used as collateral is essentially determined based on internal calculations. Thereby the valuation takes place automatically, supported by a database providing land prices (*Bodenrichtwertdatenbank*). When determining the collateral value, the permanent features and earnings of the property are to be taken into account; the collateral value may not exceed the market value. The collateral value is calculated without any direct discounts; the risks are assessed through cautious estimates firmly oriented towards the relevant regional market and lump-sum discounts, e.g. with respect to the soil value, the building value, the rent, etc.

Depending on the provided land price (*Bodenrichtwert*) - independent to the property value - adjustments to the market value from 5% to 30% are made by the bank.

Credit for up to 80% of the collateral value is generally awarded. Credit over 80% up to 100% of the collateral value can be allocated only if additional collateral is provided. BHW works together with approximately 160 external valuers, who prepare assessments in accordance with BHW guidelines.

Real estates older than ten years used for collateral with a credit risk between EUR 50,000 and EUR 150,000 (including prior ranking charges) will be surveyed by authorised BHW staff.

For real estates older than ten years used for collateral with a credit risk from EUR 150,000 (including prior ranking charges) a survey report will be made by external valuers.

Real estates younger than ten years used for collateral with a credit risk between EUR 150,000 and EUR 300,000 (including prior ranking charges) will be surveyed by authorised BHW staff.

For real estates younger than ten years used for collateral with a credit risk from EUR 300,000 (including prior ranking charges) a survey report made by external experts is an imperative need.

- (ii) With credit risks above EUR 500,000, survey reports to determine the collateral value are obtained through six internal experts.
- (iii) All relevant property or land register data are collected and administered by computer.
- (iv) After deducting the monthly payment obligations from all liabilities, at least 40% of the net

monthly family income must remain in the revenue and expenditure account, whereby certain minimum amounts must be reached.

The allocation of competence within the credit department is as follows:

- (i) credit officers authorised to sign alone up to EUR 150,000 within 80% of the collateral value
- (ii) two credit officers authorised to sign together up to EUR 150,000 if the loan exceeds 80% of the collateral value
- (iii) team managers up to EUR 250,000
- (iv) departmental managers up to EUR 750,000
- (v) head departmental managers up to EUR 1,000,000
- (vi) management board members up to EUR 2,500,000
- (vii) entire management board for financing greater than EUR 2,500,000.

#### **4. Credit Disbursement**

The credit funds are disbursed after all the essential conditions agreed in the credit agreement have been met (e.g. certificated land charges in executable form, construction status reports and, if applicable, assignment of additional collateral documents). After redemption of the loan, the loan account will be settled. If the loan is not redeemed at the end of the fixed rate period, there will be a prolongation of the loan with a new fixed interest rate.

#### **5. Treatment of Problem Exposures**

BHW monitors the routine servicing of credits with computer support by reconciling incoming payments and the established debit amount on a monthly basis. If arrears in payment are determined, corresponding action is taken based on payment reminder lists. The payment reminders are initially processed in a decentralised fashion in the portfolio groups of the credit departments. When interest and principal payments are in arrears in an amount of more than two months' instalments, the processing of the second payment reminder is transferred to the payment reminder group in the enforcement department. In this stage there will be discussions about rescheduling with the borrower. With regard to amounts in arrears of five monthly instalments and more, the further payment reminder processing is assumed by the execution groups, which are responsible for the termination of the loan, the establishment of risk provisions and the further execution.

#### **6. Methods of Payment and Course of Reminders for Mortgage Loans**

##### *6.1 Methods of Payment*

A current assessment of payments received revealed that 95.2% of portfolio customers pay their interest and savings premiums for mortgage loans by direct debit. The due amounts are collected on the final day of the month for the subsequent month (i.e., in advance). As a whole, each month payments for approximately 1.7 million customers are collected through direct debiting. The standard payment transaction system from the software provider is used as an external interface to *Landeszentralbank*.

## 6.2 *Course of Reminders*

### 6.2.1 For Customers Paying by Direct Debit (Returned Debit Notes)

- Approximately 60% by computer on next day  
Approximately 40% manually within three days

Upon initial returned debit note:

- twice the amount of the returned debit note is collected plus charges at the end of the current month;
- letter to customer with reference to the penalty interest.

Upon second returned debit note:

- direct debiting is cancelled;
- a letter is sent to customer with a threat of termination and compensation of the unpaid amount within 14 days;
- loan account executive contacts customer, normally by phone, with respect to restructuring agreement. If necessary, a field service agent is involved;
- In the event of non-payment, the payment reminder is processed by the execution group (VOST).

### 6.2.2 For Customers not Paying by Direct Debit

- First payment reminder 30 days after due date
- Second payment reminder 90 days after due date
- Reference to penalty interest and termination analogous to returned debit notes;
- Restructuring agreement likewise analogous to returned debit notes;
- In the event of non-payment, the payment reminder is processed by the execution group (VOST).

## 7. **Quantity of Debit Notes for All Products of BHW**

Debit notes for approximately 1.7 million customers with about 2.4 million contracts per month (returned direct debit: approximately 0.55%)

## 8. **Credit Controlling**

At regular intervals, Credit Controlling analyses the payments in arrears (more than three instalments) by product group, credit volume, year of commitment, type of security, region and profession of the borrower. Potential restructuring measures are actively reviewed based on the fore mentioned analyses.

## 9. **Intensive support service**

The intensive support service starts with the first payment in arrears and generally ends with five instalments in arrears.

Potential restructuring measures are actively reviewed early on by a regional credit department and subsequent from four instalments in arrears and a loan balance over EUR 10,000 by a special restructuring group. Based on personal contact (sometimes through visits), the financial options, personal circumstances of the borrower and the collateral property are assessed. If no restructuring is possible, enforcement is initiated rapidly.

Major exposures over EUR 250,000 encumbered with arrears of more than one instalment are analysed monthly by the credit department managers to determine further action (e.g. involvement of sales force, restructuring/execution) and are recorded in an intensive support service procedure.

Mortgages where the value of the mortgaged property secured over 54% of the market value (*Verkehrswert*) exceeds EUR 250,000 are reviewed in good cause (i.e. payments in arrears) or regularly every three years.

Within the intensive support service there is a focus on finding individual solutions to achieve the regular payments of the agreed instalments.

Based on information from the customer, the problems (e.g., unemployment, divorce, unforeseen major financial burdens, etc.) are analysed which have led to the payment difficulties. A solution is attempted to be found in cooperation with the customer.

If a review of the credit rating reveals that the customer is able, even under deteriorated conditions, to service the financing, BHW prepares either:

- deferral plan = partial postponement of interest and principal payments over a fixed agreed period until the customer's situation improves, or
- restructuring concept = fundamental restructuring of the entire exposure of the customer, including the term, interest rate changes, additional restructuring loans, etc. If these measures are successful and the customer meets his or her payment obligations, the entire exposure is transferred back to the credit department after 6 months.

## **10. Servicing of Problem exposures**

The servicing of problem exposures starts usually from five instalments in arrears.

If the customer is not able to service even modified financing, a "private sale" of the real estate is sought. A private sale normally leads to substantially higher proceeds than a forced sale. Within the framework of the private and forced sale, BHW assigns specialised real estate brokers, particularly in foreclosure cases, in order to attract the largest number of potential buyers to issue bids within the framework of the forced or private sale. Within the framework of regular reporting, the major foreclosure cases are being discussed with the distribution / divisional management and the further course of the execution measures is determined. After the current market value of the real estate has been determined, the property is marketed with the cooperation of the customer and/or a commissioned external party (broker) within a reasonable period of time. If the purchase price obtained does not cover the residual debt, an agreement is sought early on with the customer to repay the still outstanding residual claim.

If the customer does not cooperate or does not fulfil any agreement reached, the following action is initiated:

- real estate foreclosure measures
- foreclosure on other assets of the customer (chattel execution/execution *in personam*)
- realisation of alternative and additional collateral

## 11. Risk Provisions

The individual value adjustments (*Einzelwertberichtigungen*) are made with computer support. Since July 2004 a new Software (ABIT) has been implemented. BHW treats each case individually. Each credit exposure, including outstanding claims for interest and charges, is compared to the real estate security and other collateral provided taking into account the applicable collateral limit. For this calculation the percentage rate for the evaluation of the real estate security is 73% of the market value. If there is no sale of the relevant property within the first appointment for a forced sale, there will be a provision for contingent loan losses in an amount exceeding 65% of the current market value defined by the local court (*Amtsgericht*). Regarding loans without real estate security or other collateral there will be a provision for contingent loan losses in an amount of 80% of the loan. After the initial individual value adjustment, further risk provisions are generally made with computer support, based on the above-mentioned comparison, provided that no changes have to be made with respect to collateral and/or the collateral value.

## WEIGHTED AVERAGE LIVES OF THE NOTES

Weighted Average Life refers to the expected average amount of time that will elapse from the Issue Date to the date of payment of principal to the Noteholders (assuming no losses). The Weighted Average Lives of the Notes and therefore the yields to maturity on the Notes will be influenced by, among other things, the actual rate of repayment of the Reference Claims. This rate of repayment may itself be influenced by various economic, tax, legal and other factors such as changes in the value of the Mortgaged Properties or the level of interest rates from time to time. Thus, if prevailing interest rates fall below the interest rates on the Reference Claims, then the Reference Claims are likely to be subject to higher prepayment rates than if prevailing interest rates remain at or above the interest rates on the Reference Claims. This in turn, will create a shorter Weighted Average Life for the Notes.

The model used in this Prospectus for the Reference Claims employs three components: an assumed constant per annum rate of prepayment ("**CPR**") each quarter relative to the then outstanding Aggregate Principal Balance of the pool of Reference Claims, a prepayment rate at interest rate reset date (the "**Reset Prepayment Rate**"), and a monthly savings rate (the "**Savings Rate**"). Constant Prepayment Rate (CPR) is a presumed constant rate of payments of principal not anticipated by the scheduled amortisation of the loan which when compounded quarterly results in a reduction in the expected pool balance of the stated percentage each year without regard to prepayment penalties. Reset Prepayment Rate is a presumed rate of payments of principal which occurs once during the life of a Reference Claim, at the time of the reset of the interest rate. The Savings Rate is a payment made monthly by the Borrower to the Building Savings Account linked to a Reference Loan. The amount of the payment depends on the Borrower's will, the only obligation being the payment of a minimum Savings Rate. The monthly savings payments and accrued interest paid once a year on the Building Savings Account constitute a progressive reduction of the Outstanding Protected Amount.

The model does not purport to be either an historical description of the prepayment experience (CPR as well as Reset Prepayment Rate) of any pool of mortgage loans or a prediction of the expected rate of prepayment (CPR as well as Reset Prepayment Rate) of any mortgage loans, including the Reference Claims.

The model also does not purport to be either an historical description of the Savings Rate experience of any pool of mortgage loans or a prediction of the expected Savings Rate of any mortgage loans, including the Reference Claims.

The following tables were prepared based on the characteristics of the Reference Claims and the following additional assumptions (the "**Modelling Assumptions**"):

- (a) The initial Class Principal Amounts relate to the Cut-off Date.
- (b) Each reduction of the Outstanding Protected Amount take place only on scheduled payment dates.
- (c) The Payment Dates are assumed to be the 7<sup>th</sup> of February, May, August and November.
- (d) The Bank Swap Counterparty exercises its right to terminate the Bank Swap (in whole or in the part of the Bank Swap providing for payments in respect of Realised Losses, Estimated Losses and Additional Losses allocated to the Class A+ through Class E Notes) as of such Payment Date (i) following the Collection Period during which a Regulatory Event occurred or (ii) following the Collection Period during which the aggregate Outstanding Protected Amount of the Reference Claims has been reduced to less than 10% of the Initial Aggregate Principal Balance or (iii) on the Payment Date falling in November 2013.

- (e) Other than the stated CPR amount, the Reset Prepayment Rate amount, and the Savings Rate amount, it is assumed that there is no other form of reduction of the Outstanding Protected Amount.

The actual characteristics and performance of the Reference Claims are likely to differ from the assumptions used in constructing the tables set forth below. Those tables are purely indicative and provided only to give a general sense of how the principal cash flows might behave under varying prepayment scenarios (e.g., it is not expected that the Reference Claims will prepay at a constant rate until maturity, nor that the Reference Claims will have constant savings rates until maturity). Furthermore, it is not expected that all of the Reference Claims will prepay at the same rate (CPR as well as Reset Prepayment Rate), that all the Reference Claims will have the same Savings Rate, or that there will be no defaults or delinquencies on the Reference Claims. Any difference between such assumptions and the actual characteristics and performance of the Reference Claims will cause the Weighted Average Lives of the Notes to differ (which difference could be material) from the corresponding information in the tables for each indicated percentage of CPR, of Reset Prepayment Rate, and of Savings Rate.

## THE CERTIFICATES, COLLATERAL AND NOTEHOLDER COLLATERAL

### The Certificates

On the Issue Date, KfW will issue Certificates signed by KfW as obligor and the Issuer as Creditor as described below.

### Characteristics

Each Certificate is a certificate of indebtedness (*Schuldschein*) credit linked to the Reference Claims which constitutes an abstract undertaking of indebtedness (*abstraktes Schuldversprechen*) of KfW pursuant to § 780 of the German Civil Code (*Bürgerliches Gesetzbuch*) to pay to the creditor thereof, subject to and in accordance with the Certificate Conditions, the principal amount and interest accrued thereon specified below. The Certificates are not traded or admitted for trading on any regulated or equivalent market.

On the Issue Date, each Certificate has been delivered to the Issuer, or its attorney, has been countersigned by, or on behalf of, the Issuer, and thereafter deposited with KfW. KfW has agreed upon such delivery of the Certificates to KfW by the Issuer to hold each Certificate in custody at its own cost for the Issuer for as long as any obligation of KfW evidenced by such Certificate remains outstanding.

The Certificates constitute unsecured and unsubordinated obligations of KfW ranking *pari passu* among themselves and *pari passu* with all other unsecured and unsubordinated obligations of KfW, subject to reductions of principal of and, due to such principal reductions, interest on the Certificates as a result of the Loss Allocation to the Notes and each Certificate has terms and conditions regarding payments of principal and interest matching with the terms and conditions of the corresponding Class of Notes in accordance with the Certificate Conditions.

### Certificate Conditions

The following is the text of the Certificate Conditions.

#### 1. Certificates; Definitions

### 1.2 *Related Transactions; Reference Pool*

(i) PROVIDE BLUE 2005-2 PLC, incorporated under the laws of Ireland as a public limited company with its registered office in 5 Harbourmaster Place, IFSC, Dublin 1, Ireland, (the "**Issuer**") issues the following classes of credit linked notes (each a "**Class**", and collectively, the "**Notes**") pursuant to the terms and conditions (the "**Terms and Conditions**") attached hereto as Schedule 1:

- (a) Class A+ Floating Rate Credit Linked Notes (the "**Class A+ Notes**") which are issued in an initial aggregate principal amount of EUR 500,000 and divided into 10 Class A+ Notes, each having an initial principal amount of EUR 50,000,
- (b) Class B Floating Rate Credit Linked Notes (the "**Class B Notes**") which are issued in an initial aggregate principal amount of EUR 67,500,000 and divided into 675 Class B Notes, each having an initial principal amount of EUR 100,000,
- (c) Class C Floating Rate Credit Linked Notes (the "**Class C Notes**") which are issued in an initial aggregate principal amount of EUR 41,900,000 and divided into 419 Class C Notes, each having an initial principal amount of EUR 100,000,
- (d) Class D Floating Rate Credit Linked Notes (the "**Class D Notes**") which are issued in an initial aggregate principal amount of EUR 30,500,000 and divided into 305 Class D Notes, each having an initial principal amount of EUR 100,000, and
- (e) Class E Floating Rate Credit Linked Notes (the "**Class E Notes**") which are issued in an initial aggregate principal amount of EUR 15,500,000 and divided into 155 Class E Notes, each having an initial principal amount of EUR 100,000.

(ii) The Notes are credit linked to a pool (the "**Reference Pool**") of loan claims for the payment of principal and interest arising from certain mortgage loans originated by BHW Bausparkasse AG (including its branches) and by the former BHW Allgemeine Bausparkasse AG which was merged into BHW with effect from August 1, 2003.

(iii) On or before the date hereof, the Bank and KfW have entered into a credit default swap (the "**Bank Swap**" which term shall include any subsequent credit default swap between KfW as protection seller and a third party as protection buyer (the Bank and each such third party, a "**Bank Swap Counterparty**")) whereby KfW will pay to the Bank Swap Counterparty amounts equal to losses incurred in the Reference Pool.

(iv) On or before the date hereof, the Issuer, the Bank Swap Counterparty, the Determination Agent, the Servicer and KfW have entered into a trust agreement (the "**Trust Agreement**") with Deloitte & Touche GmbH Wirtschaftsprüfungsgesellschaft, Schwannstrasse 6, 40476 Düsseldorf, Germany, as Trustee. The text of the Trust Agreement (excluding the Schedules thereto) is attached as Appendix A to the Terms and Conditions and constitutes an integral part of the Terms and Conditions.

### 1.3 *Definitions*

Except so far as the context otherwise requires and subject to any contrary indication, words and expressions defined and expressed to be construed in a certain way in the Terms and Conditions, including the Trust Agreement, shall have the same meaning and construction *mutatis mutandis* in these Certificate Conditions.

## **2. Status of the Certificates**

The Certificates constitute unsecured and unsubordinated obligations of KfW, ranking *pari passu* among themselves and *pari passu* with all other unsecured and unsubordinated obligations of KfW, subject to the order in respect of the Loss Allocation and, if relevant, payment of principal in accordance with these Certificate Conditions.

The payment of principal of and, due to potential principal reductions, interest on the Certificates is conditional upon the performance of the Notes as set out in Section 8 (Loss Allocation) of the Certificate Conditions. There is no guarantee that the creditor of a Certificate (the "**Creditor**") shall receive the full initial principal amount of the relevant Certificate and interest thereon and ultimately the obligations of KfW to pay principal under any Certificate could even be reduced to the product of EUR 1 and the number of Notes of the Class of Notes relating to such Certificate as a result of losses incurred in respect of the Reference Claims.

## **3. Obligations under the Certificates**

The Certificates represent obligations of KfW only, and do not represent an interest in or obligations of the Issuer, the Trustee, the Bank Swap Counterparty or any of their respective affiliates or any affiliate of KfW or any other third person or entity.

## **4. No Interest in the Notes and Reference Claims**

The Creditor shall have no right to or interest in any Note or Reference Claim even in the case that a Realised Loss, Estimated Loss and/or Additional Loss in respect of such Reference Claim has been allocated to the Notes in accordance with the Loss Allocation which resulted in a reduction of the principal and/or interest payable under the Certificates.

## **5. Credit Link to the Notes and Reference Claims**

The payment of principal of and, due to potential principal reductions, interest on the Certificates in full is dependent upon the absence of principal reductions under the Notes, as set out in Section 8 (Loss Allocation). The payments under the Notes are, in turn, dependent upon the performance of the Reference Pool as set out in the Terms and Conditions.

## **6. Payments**

### *6.1 Manner*

Payments in respect of each Certificate shall be made by KfW on the due date to the account specified by or on behalf of the Creditor to KfW from time to time in writing not later than twenty Frankfurt Business Days prior to a day on which payment in respect of the relevant Certificate is due pursuant to these Certificate Conditions.

### *6.2 Determinations*

All amounts payable under the Certificates shall be determined by the Certificate Calculation Agent.

All determinations and calculations made by the Certificate Calculation Agent for the purposes of the Certificates shall, in the absence of manifest error, be final and binding.

### 6.3 *Business Day*

If the date for any payment in respect of any Certificate is not a Business Day, such payment shall not be made until the next succeeding day which is a Business Day unless it would thereby fall into the next calendar month, in which case the payment shall be made on the immediately preceding Business Day.

## **7. Payments of Interest**

### 7.1 *Accrual Basis*

The principal amount of each Certificate shall bear interest from the Issue Date until the close of the day (both days inclusive) preceding the day on which such amount has been paid in full or the principal amount of such Certificate is reduced to the product of EUR 1 and the number of Notes of the Class of Notes relating to such Certificate pursuant to Section 8 (Loss Allocation) of the Terms and Conditions.

### 7.2 *Payment Dates; Interest Amounts*

The amount of interest payable in respect of each Certificate on each Payment Date shall be as follows:

- (a) in the case of the A+ Certificate, an amount equal to the aggregate Interest Amounts payable on the Class A+ Notes on such date pursuant to the Terms and Conditions,
- (b) in the case of the B Certificate, an amount equal to the aggregate Interest Amounts payable on the Class B Notes on such date pursuant to the Terms and Conditions,
- (c) in the case of the C Certificate, an amount equal to the aggregate Interest Amounts payable on the Class C Notes on such date pursuant to the Terms and Conditions,
- (d) in the case of the D Certificate, an amount equal to the aggregate Interest Amounts payable on the Class D Notes on such date pursuant to the Terms and Conditions, and
- (e) in the case of the E Certificate, an amount equal to the aggregate Interest Amounts payable on the Class E Notes on such date pursuant to the Terms and Conditions.

plus any interest amounts payable pursuant to Section 11.2 (Early Redemption for Default - Method and Amount) of the Terms and Conditions.

## **8. Loss Allocation**

### 8.1 *Reduction of Principal Amounts*

On each date on which any Realised Loss, Estimated Loss and/or Additional Loss is allocated to the Notes pursuant to Section 8 (Loss Allocation) of the Terms and Conditions the principal amount of each Certificate shall be reduced as follows:

- (a) the principal amount of the A+ Certificate shall be reduced by an amount equal to the amount of Realised Losses, Estimated Losses and Additional Losses allocated to the Class A+ Notes on such date pursuant to the Terms and Conditions,

- (b) the principal amount of the B Certificate shall be reduced by an amount equal to the amount of Realised Losses, Estimated Losses and Additional Losses allocated to the Class B Notes on such date pursuant to the Terms and Conditions,
- (c) the principal amount of the C Certificate shall be reduced by an amount equal to the amount of Realised Losses, Estimated Losses and Additional Losses allocated to the Class C Notes on such date pursuant to the Terms and Conditions,
- (d) the principal amount of the D Certificate shall be reduced by an amount equal to the amount of Realised Losses, Estimated Losses and Additional Losses allocated to the Class D Notes on such date pursuant to the Terms and Conditions, and
- (e) the principal amount of the E Certificate shall be reduced by an amount equal to the amount of Realised Losses, Estimated Losses and Additional Losses allocated to the Class E Notes on such date pursuant to the Terms and Conditions.

## 8.2 *Re-increase*

On each Payment Date on which the principal amount of the Notes of any Class is increased as a result of any Late Recoveries or the Unjustified Loss Allocation procedure pursuant to the Terms and Conditions, the principal amounts of the Certificates shall be increased as follows:

- (a) the principal amount of the A+ Certificate shall be increased by an amount equal to the increase of the Class Principal Amount of the Class A+ Notes on such date pursuant to the Terms and Conditions,
- (b) the principal amount of the B Certificate shall be increased by an amount equal to the increase of the Class Principal Amount of the Class B Notes on such date pursuant to the Terms and Conditions,
- (c) the principal amount of the C Certificate shall be increased by an amount equal to the increase of the Class Principal Amount of the Class C Notes on such date pursuant to the Terms and Conditions,
- (d) the principal amount of the D Certificate shall be increased by an amount equal to the increase of the Class Principal Amount of the Class D Notes on such date pursuant to the Terms and Conditions, and
- (e) the principal amount of the E Certificate shall be increased by an amount equal to the increase of the Class Principal Amount of the Class E Notes on such date pursuant to the Terms and Conditions.

## 8.3 *Unjustified Loss Allocation Interest Payment*

On each Payment Date on which the principal amount of any Certificate is increased as a result of any Unjustified Loss Allocation pursuant to Section 9.1 (Unjustified Loss Allocation – Reversal of Realised Loss, Estimated Loss and Additional Loss) of the Terms and Conditions, KfW shall pay to the Creditor in respect of each such Certificate an amount equal to the amount of the default interest payable by the Issuer pursuant to Section 9.1 (Unjustified Loss Allocation - Reversal of Realised Loss, Estimated Loss and Additional Loss) of the Terms and Conditions on the corresponding Class of Notes as follows:

- (a) on the A+ Certificate in an amount equal to the amount of the default interest payable on the Class A+ Notes on such date pursuant to the Terms and Conditions,

### **Assignments and Pledges**

Pursuant to the Certificate Conditions each assignment of a Certificate requires the prior written consent of KfW. Pursuant to the Trust Agreement the Issuer undertakes not to assign any Certificate without the Trustee's prior written consent and the Trustee undertakes neither to assign the Trustee Claim which is secured by a pledge over the Certificates pursuant to the Trust Agreement (except in connection with the replacement of the Trustee pursuant to Clause 24 of the Trust Agreement), nor to give its consent to any assignment of a Certificate by the Issuer (except in connection with the substitution of the Issuer pursuant to Section 17 (Substitution of the Issuer) of the Terms and Conditions).

In addition, KfW has given its consent to the First Pledge and the Second Pledges pursuant to the Certificate Purchase Agreement

### **Payments on the Notes**

The Issuer will receive the amounts necessary for the payments under the Notes from payments under the Certificates. On each Payment Date payments of principal, if any, and interest on each Class of Notes will be made from the principal and interest received under the corresponding Certificate.

Neither the Notes nor the Certificates will provide for gross-up payments in the case that payments under the Certificates become subject to withholding or deduction of taxes. If on any Payment Date any withholding or deduction on account of taxes is imposed with respect to payments by KfW under the Certificates, the amount payable by the Issuer under any Note of a particular Class on such Payment Date shall be reduced by the amount of such withholding or deduction made with respect to the corresponding Certificate divided by the number of Notes of the Class of Notes relating to such Certificate.

### **Collateral**

On the Issue Date, the Issuer will grant the First Pledge over all its present and future claims and rights against KfW under the Certificates as well as all its present and future claims and rights under the other Transaction Documents (other than the Noteholder Security Agreement, the Swap Agreements, the Account Agreement, the Administration Agreement and the Irish Security Agreement) to the Trustee to secure the Trustee Claim (*Treuhänderanspruch*) under the Trust Agreement. The Trustee Claim entitles the Trustee to demand that all present and future obligations of the Issuer under the Notes be fulfilled. See "THE TRUST AGREEMENT".

On the Issue Date, the Issuer will also assign by way of security in favour of the Trustee all of its claims, right, title and interest in and to: the Administration Agreement, the Account Agreement and the Account to secure the Trustee Claim (*Treuhänderanspruch*) pursuant to the Irish Security Agreement.

## **Noteholder Collateral**

In addition to the Collateral, the Issuer will on the Issue Date grant the Second Pledge, a second, junior pledge (*nachrangiges Pfandrecht*), for each Note of a particular Class over all its present and future rights and claims under the corresponding Certificate to the Lead Manager as initial holder of the Notes purchased by it under the Subscription Agreement, to secure the Issuer's obligations under such Note pursuant to the Noteholder Security Agreement. The Second Pledges securing the Notes of a particular Class shall rank *pari passu* among each other. The First Pledge on any Certificate under the Trust Agreement shall rank senior to all Second Pledges in respect of such Certificate created by the Noteholder Security Agreement. The Second Pledges in respect of any Certificate may only be exercised if (i) the First Pledge in favour of the Trustee in respect of such Certificate no longer validly exists or (ii) the Trustee has waived the First Pledge or, in certain circumstances described herein, if (iii) no trustee is appointed in accordance with the Terms and Conditions. The Second Pledges in respect of the Certificates may be exercised upon the Trustee Resignation Effective Date if no successor trustee is appointed in accordance with the Trust Agreement by that time as set out in the Noteholder Security Agreement. The Second Pledges will be accessory (*akzessorisch*) to the Notes and therefore upon the transfer of each Note the Second Pledge securing such Note will pass on to the transferee by operation of law and so benefit each subsequent holder of such Note in accordance with the Noteholder Security Agreement, subject to the applicable conflict of law rules. See "THE NOTEHOLDER SECURITY AGREEMENT".

## **Collateral, Noteholder Collateral and Loss Allocation**

Notwithstanding the Collateral and/or the Noteholder Collateral, the amount of principal of and, due to potential principal reductions, interest on the Notes may be reduced as a result of Realised Losses, Estimated Losses and Additional Losses incurred with respect to the Reference Claims and only the obligations of the Issuer to pay any amount of principal and interest determined to be due to the Noteholders in accordance with the Terms and Conditions, which may be reduced by such Realised Losses, Estimated Losses and Additional Losses, will have the benefit of the Collateral and/or the Noteholder Collateral.

## NOTEHOLDER SECURITY AGREEMENT

The following is the text of the Noteholder Security Agreement. The text is attached as Appendix D to the Terms and Conditions and constitutes an integral part of the Terms and Conditions. ## THE BANK

### Formation

BHW Bausparkasse AG is a special bank institute in the legal form of a public limited corporation. The institute was founded in 1928. The public limited corporation is registered in the Commercial Register of the Local Court of Hannover under Commercial Register No. (HRB) 100345.

From the outset, the capital providers of BHW Bausparkasse AG were civil service professional organisations (*Standesorganisationen des öffentlichen Dienstes*). Endowed with a series of privileges, BHW Bausparkasse AG contracted exclusively with clients from the civil service (*öffentlicher Dienst*) and their relatives until 1982. This customer group is still the best represented group today at BHW Bausparkasse AG.

Initial formations of building societies (*Bausparkassen*) in the form of special banks with restricted business date back nearly 80 years. Only building societies may offer building savings contracts (*Bausparverträge*) in Germany. The course of these building savings contracts is technically and mathematically determined and classified by certain rates in consultation with the German banking supervision authorities. After a savings period, customers are entitled to disbursement of the accumulated credit and to additional disbursement of a building savings loan (*Bauspardarlehen*) in the amount of the difference between the Building Savings Amount (*Bausparsumme*) initially set pursuant to the building savings contract and the credit saved. The interest rate remains unchanged for the entire loan transaction up to the complete loan redemption. The German government promotes the savings period through building savings assistance (*Bausparförderung*) and the later procurement of concrete residential space through assistance to residential building (*Eigenheimförderung*). The loans of the building societies may only be used for housing purposes. In accordance with a special German supervision act, building societies may also move beyond the narrow building savings business to undertake a broader range of various forms of financing and refinancing. For example, German building societies nowadays grant a large scope of loans for housing purposes which are not coupled with building savings contracts. Hence, German building societies compete with the products of mortgage banks and normal commercial banks and savings institutions.

### Company Portrait

BHW Bausparkasse AG is part of the BHW Group, which is a leading provider of financial services in the highly attractive market of private provisioning. BHW Bausparkasse AG holds the number one market position in private home finance with a market share of 11.6% and the number two position amongst the German building savings societies (*Bausparkassen*) with a market share of 11.7%. Over the last few years, the BHW Group has successfully leveraged this pre-eminent position in the home acquisition segment by expanding its product portfolio into a comprehensive range of private provisioning products, increasing the size of its sales force and increasing its multi-product sales. As a result, the BHW Group is well positioned to fully realise the superior growth potential of the market for private provisioning that is primarily driven by demographic changes and a considerably widening pension gap. Besides the Bausparkassen business the BHW Group operates a life insurance company (BHW Lebensversicherung AG), a bank (BHW Bank AG), a real estate broker (BHW Immobilien GmbH) and a mortgage bank (Allgemeine HypothekenBank Rheinboden AG).

The activities of BHW Bausparkasse AG encompass all asset and liability transactions permitted in accordance with the German Building Savings Bank Act (*Bausparkassengesetz*). Mortgage loans not backed by any building savings contract are taking on increasing significance.

BHW Bausparkasse AG operates one of the largest financial-services distribution networks in Germany with 4,225 full-time tied agents and 168 directors (*Führungskräfte*) who are supported by sales support units for core products as well as a nationwide network of 839 service centers.

Furthermore, BHW Bausparkasse AG operates three branch offices in western Europe (Belgium, Luxembourg and Italy). Home financing products (*Wohnungsbaufinanzierungen*) are sold there with and without building savings plans. For its German clientele, BHW Bausparkasse AG possesses the technical instruments to undertake mortgage-backed financing in several western European countries.

BHW-Gesellschaft für Wohnungswirtschaft mbH, a 100% subsidiary of BHW Holding AG, holds a 94% stake of BHW Bausparkasse AG. BHW Holding AG itself owns the remaining 6% of the company.

BHW Holding AG is not active in operative terms, but is the capital provider and control instrument for all enterprises in the BHW Group. Since 1997, BHW Holding AG has been listed on several German stock exchanges. Owners include the German federation of trade unions under the corporate name "BGAG Beteiligungsgesellschaft der Gewerkschaften AG" with a share of 38.9%, the German civil servant federation DBB Beamtenbund und Tarifunion via its affiliate "Deutscher Beamtenwirtschaftsbund GmbH (BWB)" with a share of 36.6%, Postbank with a share of 9.2%. 7.8 % are own shares and the remainder is free float.

## KfW

### KfW

KfW was established on November 5, 1948, under the Law Concerning the Kreditanstalt für Wiederaufbau (the "**KfW Law**") as a public law institution (*Anstalt des öffentlichen Rechts*) with unlimited duration. It has its seat at Palmengartenstraße 5-9, D-60325 Frankfurt am Main, Federal Republic of Germany. KfW also maintains branch offices in Berlin and Bonn and a liaison office to the European Union in Brussels.

Originally, KfW was established to distribute and lend funds of the European Recovery Program (Marshall Plan). Today, having expanded and internationalised, KfW conducts its business in four principal areas: investment finance, export and project finance, promotion of developing countries (financial cooperation) and advisory and other services.

### Relationship with the Federal Republic of Germany

#### Ownership/Capital

KfW's statutory capital amounts to EUR 3,750 million. The Federal Republic of Germany (the "**Federal Republic**") holds 80% of KfW's capital and the German federal states ("**Länder**") hold the remaining 20%. Shares in KfW's capital may not be pledged or transferred to entities other than the Federal Republic or the Länder.

#### Guarantee of the Federal Republic

Effective April 1, 1998, the KfW Law was amended to provide expressly that the Federal Republic guarantees all existing and future obligations of KfW in respect of money borrowed, bonds issued and derivative transactions entered into by KfW, as well as obligations of third parties which are expressly guaranteed by KfW (Article 1a KfW Law).

#### Institutional Liability ("Anstaltslast")

Under the German administrative law principle of Anstaltslast, the Federal Republic has an institutional liability with respect to KfW. This liability requires the Federal Republic to safeguard KfW's economic basis, keep it in a position to pursue its operations and enable it, in the event of financial difficulties, to perform its obligations when due through the allocation of funds or in some other appropriate manner.

#### Securities Listing

In general KfW's securities (excluding, for the avoidance of doubt, the Certificates) are admitted for trading on the regulated market of the Luxembourg Stock Exchange or on the regulated market of the Frankfurt Stock Exchange.

#### Rating

KfW has outstanding long term debt which is rated AAA by Standard & Poor's Ratings Services, AAA by Fitch Ratings Ltd. and Aaa by Moody's Investors Services Limited.

## RATING

The Class A+ Notes are expected to be rated AAA by S&P and AAA by Fitch.

The Class B Notes are expected to be rated AA by S&P and AA by Fitch.

The Class C Notes are expected to be rated A by S&P and A by Fitch.

The Class D Notes are expected to be rated BBB by S&P and BBB by Fitch.

The Class E Notes are expected to be rated BB by S&P and BB by Fitch.

It is a condition of the issue of the Notes that each Class of Rated Notes receives the above indicated rating.

The rating of "AAA" is the highest rating that each of Fitch and S&P assigns to long term debts.

The rating of each Class of the Rated Notes by the Rating Agencies addresses the likelihood that the holders of such Class will receive all payments to which they are entitled, as described herein. The rating of each Class of the Rated Notes by the Rating Agencies addresses also the risk that a Realised Loss, Estimated Loss and/or Additional Loss will be allocated to such Class pursuant to the Terms and Conditions as described herein. The rating by the Rating Agencies takes into consideration the characteristics of the Reference Claims and the current structural, legal, tax and Issuer-related aspects associated with the Notes. However, the ratings assigned to the Rated Notes by the Rating Agencies do not represent any assessment of the likelihood of principal prepayments. The ratings by the Rating Agencies do not address the possibility that the Noteholders might suffer a lower than expected yield due to prepayments. The Notes will have the benefit of the Collateral, including the Certificates, securing the Trustee Claim. A change in the long term unsecured debt rating of KfW as the supporting rating for the Certificates below the rating of the respective Class or Classes of the Rated Notes may affect the rating of the relevant Class or Classes of the Rated Notes by the Rating Agencies. See "THE CERTIFICATES, COLLATERAL AND NOTEHOLDER COLLATERAL" and "KfW".

The ratings assigned to the Notes should be evaluated independently from similar ratings on other types of securities. A security rating is not a recommendation to buy, sell or hold securities and may be subject to revision or withdrawal by the Rating Agencies at any time. In the event that the ratings initially assigned to any Class of the Rated Notes by the Rating Agencies are subsequently withdrawn or lowered for any reason, no person or entity is obliged to provide any additional support or credit enhancement with respect to such Class of the Rated Notes.

There can be no assurance as to whether any other rating agency, other than the Rating Agencies, would rate the Notes or, if it did, what rating would be assigned by such other rating agency. The rating assigned to the Rated Notes by such other rating agency could be lower than the respective ratings assigned by the Rating Agencies.

## TAXATION

**The information contained in this section "Taxation" is not intended as tax advice and does not purport to describe all of the tax considerations that may be relevant to a prospective purchaser of the Notes. It should be read in conjunction with the section entitled "Risk Factors". Potential purchasers of the Notes are urged to satisfy themselves as to the overall tax consequences of purchasing, holding and/or selling the Notes.**

### **Taxation in Germany**

#### *Taxation of Noteholders*

##### *Income Tax / Trade Tax*

Interest paid to a Noteholder resident in Germany is subject to personal or corporate income tax (plus solidarity tax thereon currently at a rate of 5.5%). Such interest is also subject to trade tax if the Notes form part of the property of a German trade or business. Where the Notes are kept in a custodial account maintained with a German bank or financial services institution (including a German branch of a non-German bank or financial services institution, but excluding a non-German branch of a German bank or financial services institution, the "**Institution**") such Institution is generally required to withhold a tax at a rate of 30% (plus solidarity tax thereon at a rate of 5.5%) of the gross amount of interest paid to a Noteholder resident in Germany. Such withholding tax is credited against the Noteholder's final liability for personal or corporate income tax.

Interest derived by a non-resident Noteholder is subject to German personal or corporate income tax (plus solidarity tax thereon at a rate of 5.5%) if the Notes form part of the business property of a permanent establishment in Germany (in which case such interest is also subject to trade tax) or a fixed base maintained in Germany by the Noteholder. Tax treaties concluded by Germany generally permit Germany to tax the interest income in this situation.

Where the non-resident Noteholder keeps the Notes in a custodial account maintained with a German Institution such Institution is generally required to withhold a tax at a rate of 30% (plus solidarity tax thereon at a rate of 5.5%) of the gross amount of interest paid, provided the interest constitutes income from German sources (for instance, because the Notes form part of the business property of a permanent establishment which the Noteholder maintains in Germany). Such withholding tax is credited against the Noteholder's final liability for personal or corporate income tax.

Gains from the alienation of Notes, including gains derived by a secondary or any subsequent acquirer of the Notes upon redemption of the Notes at maturity ("**capital gains**") derived by an individual Noteholder resident in Germany not holding the Notes as business assets are subject to personal income tax (plus solidarity tax thereon at a rate of 5.5%), regardless of the period between acquisition and alienation of the Notes as the payment of interest on the Notes is contingent on an uncertain event. Capital gains derived by an individual Noteholder resident in Germany holding Notes as a business asset are subject to personal income tax (plus solidarity tax thereon at a rate of 5.5%) and trade tax. Capital gains derived by a corporate Noteholder resident in Germany are subject to corporate income tax (plus solidarity tax thereon at a rate of 5.5%) and trade tax. Capital gains derived by a non-resident Noteholder are subject to personal or corporate income tax (plus solidarity tax thereon at a rate of 5.5%) if the Notes form part of the business property of a permanent establishment (in which case such gains are also subject to trade tax) or fixed base maintained in Germany by the Noteholder. Where the Notes are kept in a custodial account maintained with a German Institution such Institution is generally required to withhold tax at a rate of 30% (plus solidarity tax thereon at a rate of 5.5%) of an amount equal to 30% of the proceeds from the alienation or redemption of the Notes, or, where

such Institution has since issuance or acquisition the Notes held such Notes in custody, of the excess of the sales or redemption proceeds over the purchase price for the Notes.

Tax treaties concluded by Germany generally do not permit Germany to tax the capital gains derived by a Noteholder resident in the other treaty country, unless the Notes form part of the business property of a permanent establishment or a fixed base maintained or deemed to be maintained in Germany by the Noteholder. Where Germany is allowed to tax the capital gains, any tax withheld by the Institution will give rise to a refundable credit against the Noteholder's assessed liability for personal or corporate tax.

### ***EU Savings Tax Directive***

On June 3, 2003 the Council of the European Union ("**Ecofin**") adopted a directive regarding the taxation of interest income. By provisions implementing the directive each EU member state must require paying agents (within the meaning of the directive) established within its territory to provide to the competent authority of this state details of the payment of interest made to any individual resident in another EU member state as the beneficial owner of the interest. The competent authority of the EU member state of the paying agent (within the meaning of the directive) is then required to communicate this information to the competent authority of the EU member state of which the beneficial owner of the interest is a resident.

For a transitional period, Austria, Belgium and Luxembourg may opt instead to withhold tax from interest payments within the meaning of the directive at a rate of 15% starting January 1, 2005 if the provisions of the directive are applied as scheduled, of 20% as from January 1, 2008, and of 35% as from January 1, 2011. If the application of the provisions of the directive is delayed these dates will be postponed accordingly.

In conformity with the pre-requisites for the application of the directive, Switzerland, Liechtenstein, San Marino, Monaco and Andorra have confirmed that from July 1, 2005 they will apply measures equivalent to those contained in such directive, in accordance with agreements entered into by them with the European Community. It has also been confirmed that certain dependent or associated territories (the Channel Islands, the Isle of Man and certain dependent or associated territories in the Caribbean) will apply from that same date an automatic exchange of information or, during the transitional period described above, a withholding tax in the described manner. Consequently, the Council of the European Union noted that the conditions have been met to enable the provisions of the EU Savings Tax Directive to enter into force as from July 1, 2005.

By legislative regulations dated January 26, 2004 the Federal Government enacted the provisions for implementing the directive into German law. These provisions apply as from July 1, 2005.

### ***Gift or Inheritance Tax***

The gratuitous transfer of a Note by a Noteholder as a gift or by reason of the death of the Noteholder is subject to German gift or inheritance tax if the Noteholder or the recipient is resident or deemed to be resident in Germany under German law at the time of the transfer. If neither the Noteholder nor the recipient is resident, or deemed to be resident, in Germany at the time of the transfer no German gift or inheritance tax is levied unless the Notes form part of the business property for which a permanent establishment or fixed base is maintained or a permanent representative has been appointed by the Noteholder in Germany. Tax treaties concluded by Germany generally permit Germany to tax the transfer in this situation.

### ***Other Taxes***

No stamp, issue, registration or similar taxes or duties will be payable in Germany in connection with

the issuance, delivery or execution of the Notes. Currently, net assets tax is not levied in Germany.

### ***Taxation of the Issuer***

The Issuer will derive interest and, potentially, capital gains from the Certificates. The income and gains derived by the Issuer will only be subject to German tax if the Issuer has its place of effective management and control or maintains a permanent establishment, or appoints a permanent representative, for its business in Germany.

It is expected that the Issuer will not be treated as having its place of effective management and control, as maintaining a permanent establishment or as appointing permanent representative in Germany.

### ***Application of the German Investment Tax Act***

It is expected that a German resident Noteholder will not be viewed as having acquired in substance units of a foreign investment fund, i.e. an asset that represents units in respect of a portfolio of assets within the meaning of the German Investment Act (*Investmentgesetz*).

### **Taxation in Ireland**

*The following is a summary of certain Irish tax consequences of the purchase, ownership and disposition of the Notes. The summary does not purport to be a comprehensive description of all of the tax considerations that may be relevant to a decision to purchase, own or dispose of the Notes. The summary relates only to the position of persons who are the absolute beneficial owners of the Notes and may not apply to certain other classes of persons such as dealers in securities. The summary does not apply to Alternative Investments.*

*The summary is based upon Irish tax laws and the practice of the Irish Revenue Commissioners as in effect on the date of this Prospectus, which are subject to prospective or retroactive change. Prospective investors in the Notes should consult their own advisors as to the Irish or other tax consequences of the purchase, beneficial ownership and disposition of the Notes including, in particular, the effect of any state or local tax laws.*

### ***Corporation Tax***

It is critical to the Irish tax treatment of the Issuer and of certain payments to be made by it that it should be treated as similar to a company carrying on a trading activity. Section 110 of the Taxes Consolidation Act 1997 (Section 110) provides for special relief in relation to qualifying companies. A qualifying company means a company;

- (a) which is resident in Ireland;
- (b) which carries on in Ireland the business of holding, managing or both the holding and managing of qualifying assets;
- (c) which, apart from activities ancillary to that business, carries on no other activities in Ireland;
- (d) in relation to which;
  - (i) the market value of all qualifying assets held or managed; or
  - (ii) the market value of all qualifying assets in respect of which the company has entered into legally enforceable arrangements,

is not less than EUR10,000,000 on the day on which the qualifying assets are first acquired, first held, or an arrangement is first entered into by the company; and

- (e) which has notified in writing the Revenue Commissioners that it is or intends to be a qualifying company.

It provides that, for the purposes of the Irish Tax Acts, profits arising from the activities of a qualifying company shall be treated as annual profits and gains within Schedule D and shall be chargeable to corporation tax under Case III of that Schedule and for that purpose shall be computed in accordance with the provisions applicable to Case I of that Schedule. The rate of corporation tax applicable is 25%.

### ***Income Tax***

In general, persons who are resident in Ireland are liable to Irish taxation on their worldwide income whereas persons who are not resident in Ireland are only liable to Irish taxation on their Irish source income. All persons are under a statutory obligation to account for Irish tax on a self-assessment basis and there is no requirement for the Irish Revenue Commissioners to issue or raise an assessment.

A Note issued by the Issuer may be regarded as property situate in Ireland (and hence Irish source income) on the grounds that a debt is deemed to be situate where the debtor resides. However, the interest earned on such Notes is exempt from income tax if paid to a person who for the purposes of Section 198 of the Taxes Consolidation Act 1997 ("**TCA 1997**") is regarded as being a resident of a relevant territory. A relevant territory for this purpose is a Member State of the European Communities (other than Ireland) or not being such a Member State a territory with which Ireland has entered into a double tax treaty. Ireland has currently ratified a double tax treaty with each of Australia, Austria, Belgium, Bulgaria, Canada, China, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, India, Israel, Italy, Japan, Korea (Rep. of), Latvia, Lithuania, Luxembourg, Malaysia, Mexico, the Netherlands, New Zealand, Norway, Pakistan, Poland, Portugal, Romania, Russia, Slovak Republic, Slovenia, South Africa, Spain, Sweden, Switzerland, United Kingdom, U.S.A. and Zambia.

If the above exemption does not apply there is a long standing unpublished practice whereby no action will be taken to pursue any liability to such Irish tax in respect of persons who are regarded as not being resident in Ireland except where such persons:

- (a) are chargeable in the name of a person (including a trustee) or in the name of an agent or branch in Ireland having the management or control of the interest; or
- (b) seek to claim relief and/or repayment of tax deducted at source in respect of taxed income from Irish sources; or
- (c) are chargeable to Irish corporation tax on the income of an Irish branch or agency or to income tax on the profits of a trade carried on in Ireland to which the interest is attributable.

### ***Withholding Taxes***

In general, withholding tax at the rate of 20 per cent. must be deducted from interest payments made by an Irish company. However, Section 246 TCA 1997 ("**Section 246**") provides that this general obligation to withhold tax does not apply in respect of, *inter alia*, interest payments made by the Issuer to a person, who by virtue of the law of the relevant territory, is resident for the purposes of tax in a relevant territory (see above for details). This exemption does not apply if the interest is paid to a company in connection with a trade or business which is carried on in Ireland by the company through a branch or agency.

Apart from Section 246, Section 64 TCA 1997 ("**Section 64**") provides for the payment of interest on a "**quoted Eurobond**" without deduction of tax in certain circumstances. A quoted Eurobond is defined in Section 64 as a security which:

- (i) is issued by a company;
- (ii) is quoted on a recognised stock exchange (this term is not defined but is understood to mean an exchange which is recognised in the country in which it is established);
- (iii) is in bearer form; and
- (iv) carries a right to interest.

There is no obligation to withhold tax on quoted Eurobonds where:

- (a) the person by or through whom the payment is made is not in Ireland, or
- (b) the payment is made by or through a person in Ireland, and
  - (i) the quoted Eurobond is held in a recognised clearing system (Euroclear, Clearstream, Frankfurt and Clearstream, Luxembourg have been designated as recognised clearing systems); or
  - (ii) the person who is the beneficial owner of the quoted Eurobond and who is beneficially entitled to the interest is not resident in Ireland and has made an appropriate written declaration to this effect.

In certain circumstances, Irish encashment tax may be required to be withheld at the standard rate (currently 20 percent) from interest on any quoted Eurobond, where such interest is collected by a person in Ireland on behalf of any holder of Notes who is resident in Ireland for tax purposes.

### ***Capital Gains Tax***

A Noteholder will not be subject to Irish taxes on capital gains *provided that* such Noteholder is neither resident nor ordinarily resident in Ireland and such Noteholder does not have an enterprise, or an interest in an enterprise, which carries on business in Ireland through a branch or agency or a permanent representative to which or to whom the Notes are attributable.

### ***Capital Acquisitions Tax***

If the Notes are comprised in a gift or inheritance taken from an Irish domiciled, resident or ordinarily resident disponent or if the disponent's successor is resident or ordinarily resident in Ireland, or if any of the Notes are regarded as property situate in Ireland, the disponent's successor may be liable to Irish capital acquisitions tax. As stated above, Notes issued by the Issuer may be regarded as property situate in Ireland. Accordingly, if such Notes are comprised in a gift or inheritance, the disponent's successor may be liable to Irish capital acquisitions tax, even though the disponent may not be domiciled in Ireland.

### ***Stamp duty***

For as long as the Issuer is a qualifying company within the meaning of Section 110 TCA 1997, no Irish stamp duty will be payable on either the issue or transfer of the Notes, *provided that* the money raised by the issue of the Notes is used in the course of the Issuer's business.

## SUBSCRIPTION AND SALE

### Subscription of the Notes

Pursuant to the Subscription Agreement dated November 22, 2005, the Lead Manager has agreed, subject to certain conditions, to subscribe for the Notes. Conditions as referred to in the previous sentence are customary closing conditions as set out in the Subscription Agreement. The Bank has agreed to pay to the Issuer on the Issue Date the aggregate amount of such combined management and underwriting commission.

In the Subscription Agreement, the Issuer has made certain representations and warranties in respect of its legal and financial matters. The Subscription Agreement entitles the Lead Manager to terminate its obligations thereunder in certain circumstances prior to payment of the purchase price of the Notes. The Issuer has agreed to indemnify the Lead Manager against certain liabilities in connection with the offer and sale of the Notes.

The Class A+ Notes will be privately placed.

Other than as provided in the Selling Restrictions and under any applicable law, and subject to the Notes, being transferable in book-entry form only, there are no restrictions with respect to the transferability of the Notes.

### Selling Restrictions

*United States of America and its Territories.* (1) The Notes have not been and will not be registered under the Securities Act and may not be offered, or sold within the United States or to, or for the account or benefit of, U.S. persons except in accordance with Regulation S under the Securities Act. The Lead Manager has represented and agreed that it has offered and sold the Notes, and will offer and sell the Notes (i) as part of its distribution at any time and (ii) otherwise until 40 days after the completion of the distribution of all the Notes only in accordance with Rule 903 of the Regulation S under the Securities Act. Neither the Lead Manager, its affiliates nor any persons acting on its or their behalf have engaged or will engage in any directed selling efforts with respect to the Notes, and it and they have complied and will comply with the offering restrictions requirements of Regulation S under the Securities Act. At or prior to confirmation of sale of Notes, it will have sent to each distributor, dealer or person receiving a selling concession, fee or other remuneration that purchases Notes from it during the restricted period a confirmation or notice to substantially the following effect:

"The Securities covered hereby have not been registered under the U.S. Securities Act of 1933, as amended (the "**Securities Act**") and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons (i) as part of their distribution at any time or (ii) otherwise until 40 days after the completion of the distribution of the Securities as determined and certified by the Lead Manager, except in either case in accordance with Regulation S under the Securities Act. Terms used above have the meaning given to them in Regulation S under the Securities Act."

Terms used in this clause have the meaning given to them by Regulation S under the Securities Act.

(2) Further, the Lead Manager has represented and agreed that:

(a) except to the extent permitted under U.S. Treas. Reg. Section 1.163-5 (c)(2)(i)(D) (the "**TEFRA D Rules**"), (i) it has not offered or sold, and during the restricted period will not offer or sell, directly or indirectly, Notes in bearer form to a person who is within the United States or its possessions or to a United States person, and (ii) it has not delivered and will not deliver, directly or indirectly, within the United States or its possessions definitive Notes in bearer form that are sold during the restricted period;

(b) it has and throughout the restricted period will have in effect procedures reasonably designed to ensure that its employees or agents who are directly engaged in selling Notes in bearer form are aware that such Notes may not be offered or sold during the restricted period to a person who is within the United States or its possessions or to a United States person, except as permitted by the TEFRA D Rules;

(c) if it was considered a United States person, that it is acquiring the Notes for purposes of resale in connection with their original issuance and agrees that if it retains Notes in bearer form for its own account, it will only do so in accordance with the requirements of U.S. Treas. Reg. Section 1.63-5 (c)(2)(i)(D)(6); and

(d) with respect to each affiliate that acquires from it Notes in bearer form for the purpose of offering or selling such Notes during the restricted period that it will either (i) repeat and confirm the representations and agreements contained in sub-clauses (a), (b) and (c); or (ii) obtain from such affiliate for the benefit of the Issuer the representations and agreements contained in sub-clauses (a), (b) and (c).

Terms used in this clause (2) have the meanings given to them by the U.S. Internal Revenue Code and regulations thereunder, including the TEFRA D Rules.

*Japan.* The Lead Manager has acknowledged that it is aware that the Notes have not been and will not be registered under the Securities and Exchange Law of Japan (Law No. 25 of 1948) (as amended) (the "**Securities and Exchange Law**") and are subject to the Special Taxation Measures Law of Japan (Law No. 26 of 1957) (as amended) (the "**Special Taxation Measures Law**"). The Lead Manager has represented and agreed that it has not, directly or indirectly, offered or sold and will not, directly or indirectly, offer or sell Notes in Japan or to any person resident in Japan for Japanese securities law purposes (including any corporation or other entity organised under the laws of Japan), except pursuant to an exemption from the registration requirements of, and otherwise in compliance with, the Securities and Exchange Law of Japan.

*United Kingdom.* The Lead Manager has represented and agreed that:

- (a) (i) it is a person whose ordinary activities involve it in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of its business and (ii) it has not offered or sold and will not offer or sell the Notes other than to persons whose ordinary activities involve them in acquiring, holding, managing or disposing of investments (as principal or as agent) for the purposes of their businesses or who it is reasonable to expect will acquire, hold, manage or dispose of investments (as principal or agent) for the purposes of their businesses where the issue of the Notes would otherwise constitute a contravention of Section 19 of the FSMA by the Issuer;
- (b) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the FSMA) received by it in connection with the issue or sale of the Notes in circumstances in which Section 21(1) of the FSMA does not apply to the Issuer;
- (c) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to the Notes in, from or otherwise involving the United Kingdom to the Issuer.

As used herein, "**United Kingdom**" means the United Kingdom of Great Britain and Northern Ireland.

*Ireland.* The Lead Manager has confirmed and agreed that (i) it has not offered or sold, and will not offer or sell, the Notes to the public within Ireland except in circumstances which do not require the

prior publication of a prospectus pursuant to Article 3(2) of Directive 2003/71/EC; and (ii) it has not and will not do anything in Ireland in connection with the Notes that might constitute a breach of Section 9(1), 23(1), 23(6) or 23(7) of the Investment Intermediaries Act 1995.

*General.* The Lead Manager has agreed that it will not offer, sell or deliver any of the Notes, directly or indirectly, or distribute this Prospectus or any other offering material relating to the Notes, in or from any jurisdiction except under circumstances that will to its best knowledge and belief result in compliance with the applicable laws and regulations thereof.

## **USE OF PROCEEDS**

The net proceeds from the issue of the Notes are approximately EUR 155,900,000. The net proceeds are equal to the gross proceeds and will be used by the Issuer for the purchase of the Certificates from KfW on the Issue Date. The costs of the Issuer in connection with the issue of the Notes, including the underwriting commission, are paid separately by the Bank and KfW to the respective recipients.
